FUBON ETF SERIES II OFC

(a Hong Kong public umbrella open-ended fund company with variable capital, limited liability and segregated liability between sub-funds and authorized under section 104 of the Securities and Futures Ordinance (Cap. 571) of Hong Kong (the “SFO”))

Fubon NYSE FactSet Asia Battery and Energy Storage Technology Index ETF

Stock Code: 3405

PROSPECTUS

MANAGER

Fubon Fund Management (Hong Kong) Limited

30 September 2024

The Stock Exchange of Hong Kong Limited, Hong Kong Exchanges and Clearing Limited, Hong Kong Securities Clearing Company Limited and the Hong Kong Securities and Futures Commission take no responsibility for the contents of this Prospectus, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this Prospectus. The Company has been registered with the SFC as an open-ended fund company. The Company and each Sub-Fund have each been authorised as collective investment schemes by the SFC. Registration with and authorisation by the SFC do not represent a recommendation or endorsement of the Company or any of the Sub-Funds nor do they guarantee the commercial merits of the Company, any of the Sub-Funds or their performance. They do not mean the Company or any of the Sub-Funds is suitable for all investors nor do they represent an endorsement of their suitability for any particular investor or class of investors.

Important – while section 112S of the SFO provides for segregated liability between sub-funds, the concept of segregated liability is relatively new. Accordingly, where claims are brought by local creditors in foreign courts or under foreign law contracts, it is not yet known how those foreign courts will react to section 112S of the SFO.

FUBON ETF SERIES II OFC

(a Hong Kong public umbrella open-ended fund company with variable capital, limited liability and segregated liability between sub-funds and authorized under section 104 of the Securities and Futures Ordinance (Cap. 571) of Hong Kong (the “SFO”))

First Addendum to the Prospectus

IMPORTANT:

This document is important and requires your immediate attention. If you are in any doubt about the contents of this document, you should seek professional advice.

This document forms part of and should be read in conjunction with the Prospectus of the Company dated 30 September 2024. In the case of any conflict between this First Addendum and the Prospectus, this First Addendum shall prevail. All capitalised terms used in the First Addendum have the same meaning as in the Prospectus, unless otherwise defined herein.

The Manager accepts full responsibility for the accuracy of the information contained in this First Addendum and confirms, having made all reasonable enquiries that to the best of its knowledge and belief, there are no other facts the omission of which would make any statement misleading.

Hong Kong Exchanges and Clearing Limited, The Stock Exchange of Hong Kong Limited, Hong Kong Securities Clearing Company Limited and the Securities and Futures Commission (“SFC”) take no responsibility for the contents of this First Addendum, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this First Addendum.

SFC authorisation is not a recommendation or endorsement of a scheme nor does it guarantee the commercial merits of a scheme or its performance. It does not mean the scheme is suitable for all investors nor is it an endorsement of its suitability for any particular investor or class of investors.

The following changes shall be made to the Prospectus with effect from 30 April 2025:

1. Change of directors of the Manager

- (a) The list of directors of the Manager in the section headed “**PARTIES**” of the Prospectus shall be deleted in its entirety and replaced by the following:

“Directors of the Manager

Huang Chao-Tang

Harn Wey Ting

Lin Hsin Yi

Chen Shih Tsung

Mok Wan Man, Derek”

- (b) The paragraph under sub-section headed “**MANAGEMENT OF THE COMPANY AND SUB-FUNDS – The directors of the Manager**” of Part 1 of the Prospectus shall be deleted in its entirety and be replaced by the following:

“The directors of the Manager are Huang Chao-Tang, Harn Wey Ting, Lin Hsin Yi, Chen Shih Tsung and Mok Wan Man, Derek.”

2. Updates to information relating to the Index

The last paragraph under the sub-section headed “**The Index – General Information on the Index**” in Appendix 1 to the Prospectus shall be deleted in its entirety and be replaced by the following:

“The Index was launched on 2 December 2022 and had a base level of 100.00 on 28 July 2017. As at 31 March 2025, it comprised 30 constituent stocks with market capitalisation of approximately USD109.93 million. The base currency of the Index is USD.”

PRELIMINARY

This Prospectus relates to the offer in Hong Kong of Shares in the Company and its sub-fund(s). The Company is a public umbrella open-ended fund company incorporated in Hong Kong on 28 February 2023 with variable capital and limited liability. The Company can have a number of Sub-Funds with segregated liability among them. Fubon Fund Management (Hong Kong) Limited has been appointed as the management company of the Company and each Sub-Fund. Cititrust Limited has been appointed as the custodian of the Company and each Sub-Fund.

The information contained in this Prospectus has been prepared to assist potential investors in making an informed decision in relation to investing in the Sub-Fund(s). It contains important facts about the Sub-Fund(s) whose Shares are offered in accordance with this Prospectus. A product key facts statement (“**KFS**”) which contains the key features and risks of each Sub-Fund is also issued by the Manager and such KFS shall form part of this Prospectus, and shall be read, in conjunction with, this Prospectus.

The Manager accepts full responsibility for the accuracy of the information contained in this Prospectus and the KFS of each Sub-Fund and confirms having made all reasonable enquiries, that to the best of its knowledge and belief there are no other facts the omission of which would make any statement in this Prospectus or any KFS misleading. The Manager also confirms that this Prospectus includes particulars given in compliance with *The Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited* and the *Code on Unit Trusts and Mutual Funds*, the *Code on Open Ended Fund Companies* and the “Overarching Principles” of the *SFC Handbook for Unit Trusts and Mutual Funds, Investment-Linked Assurance Schemes and Unlisted Structured Investment Products* for the purposes of giving information with regard to the Shares in each Sub-Fund.

Each Sub-Fund is a fund falling within Chapter 8.6 of the UT Code. Certain Sub-Fund(s) may also be subject to additional Chapters of the UT Code. The Company has been registered with the SFC as an open-ended fund company under Section 112D of the SFO. The Company and each Sub-Fund are authorised by the SFC in Hong Kong under Section 104 of the SFO. The SFC takes no responsibility for the financial soundness of the Company, any Sub-Fund or for the correctness of any statements made or opinions expressed in this Prospectus. Registration with and authorisation by the SFC do not represent a recommendation or endorsement of the Company or any of the Sub-Funds nor do they guarantee the commercial merits of the Company, any of the Sub-Funds or their performance. They do not mean the Company or the Sub-Funds are suitable for all investors nor do they represent an endorsement of their suitability for any particular investor or class of investors.

You should consult your financial adviser or your tax advisers and take legal advice as appropriate as to whether any governmental or other consents are required, or other formalities need to be observed, to enable you to acquire Shares as to whether any taxation effects, foreign exchange restrictions or exchange control requirements are applicable and to determine whether any investment in a Sub-Fund is appropriate for you.

Application has been made to the Listing Committee of the SEHK for the listing of, and permission to deal in the Shares of Fubon NYSE FactSet Asia Battery and Energy Storage Technology Index ETF. Subject to compliance with the admission requirements of the HKSCC, the Shares of Fubon NYSE FactSet Asia Battery and Energy Storage Technology Index ETF will be accepted as eligible securities by HKSCC for deposit, clearing and settlement in CCASS with effect from the date of commencement of dealings in the Shares of Fubon NYSE FactSet Asia Battery and Energy Storage Technology Index ETF on the SEHK or such other date as may be determined by HKSCC. All activities under CCASS are subject to the General Rules of CCASS and CCASS Operational Procedures in effect from time to time.

No action has been taken to permit an offering of Shares or the distribution of this Prospectus in any jurisdiction other than Hong Kong and, accordingly, this Prospectus does not constitute an offer or solicitation to anyone in any jurisdiction in which such offer is not authorised or to any person to whom it is unlawful to make such offer or solicitation. The Shares have not been, and will not be, registered under the United States Securities Act of 1933, as amended (the “**Securities Act**”) or any other United States Federal or State law and, except in a transaction which does not violate the Securities Act, may not be directly or indirectly offered to or sold in the United States of America or any of its territories or for the benefit of a US Person (as defined in Regulation S of the Securities Act). The Company and each Sub-Fund have not been and will not be registered as an investment company under the United States Investment Company Act of 1940, as amended. Shares may not be acquired or owned by (i) an employee benefit plan, as defined in Section 3(3) of the Employee

Retirement Income Security Act of 1974, as amended (“**ERISA**”), that is subject to Title I of ERISA, (ii) a plan, as defined in Section 4975(e)(1) of the United States Internal Revenue Code of 1986, as amended (the “**Internal Revenue Code**”), that is subject to Section 4975 of the Internal Revenue Code, (iii) a plan that is subject to any other law, regulation, rule or restriction that is substantially similar to ERISA or Section 4975 of the Internal Revenue Code (“**Similar Law**”) or (iv) an entity whose assets are deemed to include the assets of such an employee benefit plan or plan for purposes of ERISA, Section 4975 of the Internal Revenue Code or Similar Law, unless the purchase, holding and disposition of Shares will not constitute a violation under ERISA, Section 4975 of the Internal Revenue Code and any applicable Similar Law.

The Shares cannot be offered or sold, directly or indirectly, in the United States of America (including its territories and possessions), to or for the benefit of a U.S. Person, as defined in the U.S. “Regulation S” adopted by the Securities and Exchanges Commission (the “**SEC**”).

The Manager may impose restrictions on the Shareholders by any U.S. Person and operate (i) compulsory redemption of Shares or (ii) transfer of Shares held by such U.S. Person.

Such power covers any person (a) who appears to be directly or indirectly in breach of the laws or regulations of any country or governmental authority, or (b) in the opinion of the Manager, might result in a Sub-Fund suffering any disadvantage which such Sub-Fund might not otherwise have incurred or suffered.

“**U.S. Person**” means: (a) any natural person resident in the U.S.; (b) any partnership or corporation organised or incorporated under the laws of the U.S.; (c) any estate of which any executor or administrator is a U.S. Person; (d) any trust of which any trustee is a U.S. Person; (e) any agency or branch of a non-U.S. entity located in the U.S.; (f) any non-discretionary or similar account (other than an estate or trust) held by a dealer or other fiduciary for the benefit or account of a U.S. Person; (g) any discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary organised, incorporated or (if an individual) resident in the U.S.; and (h) any partnership or corporation if (i) organised or incorporated under the laws of any non-U.S. jurisdiction and (ii) formed by a U.S. Person principally for the purpose of investing in securities not registered under the Securities Act unless it is organised or incorporated, and owned, by accredited investors (as defined under Rule 501(a) under the Securities Act) who are not natural persons, estates or trusts.

Furthermore, distribution of this Prospectus (including the KFS) shall not be permitted unless it is accompanied by a copy of the latest annual financial report of the Sub-Fund(s) (where existing) and, if later, its most recent interim report.

You should note that any amendment or addendum to this Prospectus will only be posted on the Company’s website (www.fuboneft.com.hk) (the contents of which, and of any other websites referred to in this Prospectus, have not been reviewed by the SFC). This Prospectus (including the KFS) may refer to information and materials included in websites. Such information and materials do not form part of this Prospectus and they have not been reviewed by the SFC or any regulatory body. Investors should note that the information provided in websites may be updated and changed periodically without any notice to any person.

Enquiries and Complaints

Investors may raise any questions on or make any complaints about the Company (including the Sub-Fund(s)) by contacting the Manager at its address as set out in the Directory of this Prospectus or calling the Manager on +852 3918 3288 during normal office hours.

DEFINITIONS

In this Prospectus (including the relevant Appendix for any Sub-Fund), unless the context requires otherwise, the following expressions have the meanings set out below.

- “Administrator”** means Citibank, N.A., Hong Kong Branch in its capacity as the administrator of the Sub-Funds or such other person or persons for the time being duly appointed and acting as administrators hereof in succession thereto.
- “AFRC”** means the Accounting and Financial Reporting Council in Hong Kong or its successors.
- “After Listing”** means the period which commences on the Listing Date and continues until the relevant Sub-Fund is terminated.
- “Appendix”** means an appendix to this Prospectus that sets out specific information applicable to a Sub-Fund.
- “Application”** means an application by a Participating Dealer for the creation or redemption of Shares in accordance with the procedures for creation and redemption of Shares set out in the Operating Guidelines, the relevant Participation Agreement and the terms of the Instrument.
- “Application Share”** in relation to each Sub-Fund, means such number of Shares or whole multiples thereof as specified in this Prospectus for the relevant Sub-Fund or such other number of Shares from time to time determined by the Manager, approved by the Custodian and notified to the Participating Dealers.
- “Auditor”** means the person appointed and acting as auditor of the Company and the Sub-Fund(s) for the time being.
- “Business Day”** in respect of a Sub-Fund, means, unless the Manager otherwise agrees or otherwise specified in the relevant Appendix of the Sub-Fund, a day on which (a)(i) the SEHK is open for normal trading; and (ii) the relevant market on which Securities and/or Futures Contracts comprised in the relevant Index, or the Sub-Fund (as the case may be), are traded is open for normal trading, or if there are more than one such market, the market designated by the Manager is open for normal trading, and (b) (where applicable) the Index is compiled and published, or such other day or days as the Manager may determine from time to time provided that if on any such day, the period during which the relevant market is open for normal trading is reduced as a result of a Number 8 Typhoon Signal or higher, Black Rainstorm warning or other similar event, such day shall not be a Business Day unless the Manager determines otherwise.
- “Cancellation Compensation”** means an amount payable by a Participating Dealer for the account of a Sub-Fund in respect of a Default or a cancellation of Creation Application or Redemption Application in accordance with the Instrument, the Participation Agreement and/or the Operating Guidelines applicable at the time the relevant Creation Application or Redemption Application is made.
- “CCASS”** means the Central Clearing and Settlement System established and operated by HKSCC or any successor system operated by HKSCC or its successors.
- “CCASS Settlement Day”** means the term “Settlement Day” as defined in the General Rules of CCASS.

“China A-Shares”	means shares issued by companies incorporated, and listed on stock exchanges (such as the SSE and the SZSE) in the PRC, traded in onshore RMB (“ CNY ”).
“ChinaClear”	means The China Securities Depository & Clearing Corporation Limited or its successors.
“Company”	means Fubon ETF Series II OFC 富邦交易所買賣基金系列II開放式基金型公司.
“Connected Person”	has the meaning as set out in the UT Code which at the date of this Prospectus means in relation to a company: <ul style="list-style-type: none"> (a) any person or company beneficially owning, directly or indirectly, 20% or more of the ordinary share capital of that company or able to exercise directly or indirectly, 20% or more of the total votes in that company; or (b) any person or company controlled by a person who or which meets one or both of the descriptions given in (a) above; or (c) any member of the group of which that company forms part; or (d) any director or officer of that company or of any of its connected persons as defined in (a), (b) or (c) above.
“Conversion Agency Agreement”	means the agreement by which the Conversion Agent agrees with the Manager to provide its services may from time to time be entered amongst the Company, the Manager, the Conversion Agent and HKSCC.
“Conversion Agent”	means HK Conversion Agency Services Limited or such other person as may from time to time be appointed to act as conversion agent in relation to a Sub-Fund.
“Creation Application”	means an application by a Participating Dealer for the creation and issue of Shares in an Application Share size in accordance with the Operating Guidelines and the Instrument.
“CSRC”	means the China Securities Regulatory Commission or its successors.
“Custodian”	means, unless otherwise specified in Part 2 of this Prospectus, Cititrust Limited or such other person for the time being duly appointed as custodian by the Company in secession thereto under the Instrument to whom all the Scheme Property of a Sub-Fund is entrusted for safe keeping subject to and in accordance with the Laws and Regulations.
“Custody Agreement”	means the custody agreement dated 14 March 2023 between the Company for itself and each Sub-Fund and the Custodian by which the Custodian is appointed, as may be further amended, modified or supplemented from time to time.
“Dealing Day”	means each Business Day during the continuance of the relevant Sub-Fund, and/or such other day or days as the Manager may from time to time determine either generally or for a particular class or classes of Shares.
“Dealing Deadline”	means, in relation to any Dealing Day, such time or times as the Manager may from time to time in consultation with the Custodian determine generally or in relation to any particular class or classes of Shares of a Sub-Fund or any particular place for submission of Application(s) by a Participating Dealer.

“Default”

means a failure by a Participating Dealer in respect of:

- (a) a Creation Application to deliver the requisite Securities, Futures Contracts and/or any relevant cash amount; or
- (b) a Redemption Application to deliver the Shares which are the subject of the Redemption Application and/or relevant cash amount.

“Deposited Property”

means, in respect of a Sub-Fund, all the assets (including Income Property), received or receivable by the Company for the time being held or deemed to be held by the Company for the account of the relevant Sub-Fund but excluding (i) Income Property standing to the credit of the distribution account of such Sub-Fund (other than interest earned thereon), and (ii) any other amount for the time being standing to the credit of the distribution account of such Sub-Fund.

“Directors”

means the directors of the Company for the time being or the directors of the Company present at a meeting of directors at which a quorum is present and includes any committee of the Directors duly constituted for the purposes relevant in the context in which any reference to the Directors appears or the members of such committee present at a meeting of such committee at which a quorum is present, and **“Director”** shall be construed accordingly.

“Duties and Charges”

means, in relation to any particular transaction or dealing, all stamp and other duties, taxes, government charges, brokerage fees, bank charges, transfer fees, registration fees, transaction levies and other duties and charges whether in connection with the constitution of the Deposited Property or the increase or decrease of the Deposited Property or the creation, issue, transfer, cancellation or redemption of Shares or the acquisition or disposal of Securities and/or Futures Contracts (as the case may be), or the entering into or termination of any swaps (including any costs associated with the entering into, or unwind or maintenance of, any hedging arrangements in respect of such swaps, or any costs associated with any collateral arrangements in respect of such Securities, Futures Contracts or swaps), or otherwise which may have become or may be payable in respect of, and whether prior to, upon or after the occasion of, such transaction or dealing and including but not limited to, in relation to an issue of Shares or redemption of Shares, a charge (if any) of such amount or at such rate as is determined by the Manager to be made for the purpose of compensating or reimbursing the Sub-Fund for the difference between (a) the prices used when valuing the Securities and/or Futures Contracts (as the case may be) held for the Sub-Fund for the purpose of such issue or redemption of Shares and (b) (in the case of an issue of Shares) the prices which would be used when acquiring the same Securities and/or Futures Contracts (as the case may be) if they were acquired by the Sub-Fund with the amount of cash received by the Sub-Fund upon such issue of Shares and (in the case of a redemption of Shares) the prices which would be used when selling the same Securities and/or Futures Contracts (as the case may be) if they were sold by the Sub-Fund in order to realise the amount of cash required to be paid out of the Sub-Fund upon such redemption of Shares.

“Encumbrance”

means any mortgage, charge, pledge, lien, third party right or interest, any other encumbrance or security interest of any kind or another type of preferential arrangement (including, without limitation, a title transfer or retention arrangement) having similar effect other than any such encumbrance or security interest imposed by the terms of the relevant clearing system/depositary or otherwise created by the terms of the Participation Agreement, the Instrument or any agreement between the Company, the Manager, the Custodian, the Administrator and the relevant Participating Dealer.

“Entities within the Same Group”	means entities which are included in the same group for the purposes of consolidated financial statements prepared in accordance with internationally recognised accounting standards.
“Extension Fee”	means the fee payable to the relevant Administrator on each occasion the Company, upon a Participating Dealer’s request, grants the Participation Dealer an extended settlement in respect of a Creation Application or Redemption Application.
“FDI”	means a financial derivative instrument.
“Futures Contract”	means any futures contract which is traded on any Futures Exchange.
“Futures Exchange”	means the Hong Kong Futures Exchange Limited and such other futures exchange from time to time determined by the Manager.
“Government and other Public Securities”	has the meaning as set out in the UT Code which at the date of this Prospectus means any investment issued by, or the payment of principal and interest on, which is guaranteed by a government, or any fixed-interest investment issued by its public or local authorities or other multilateral agencies.
“HKD”	means Hong Kong dollars, the lawful currency for the time being and from time to time of Hong Kong.
“HKEX”	means Hong Kong Exchanges and Clearing Limited or its successors.
“HKSCC”	means the Hong Kong Securities Clearing Company Limited or its successors.
“Hong Kong”	means the Hong Kong Special Administrative Region of the PRC.
“IFRS”	means International Financial Reporting Standards.
“Income Property”	means, in respect of a Sub-Fund, (a) all interest, dividends and other sums deemed by the Manager, (after consulting the Auditor either on a general or case by case basis), to be in the nature of income (including taxation repayments, if any) received or receivable by the Custodian in respect of the Deposited Property of the relevant Sub-Fund (whether in cash or, without limitation, by warrant, cheque, money, credit or otherwise or the proceeds of sale or transfer of any Income Property received in a form other than cash); (b) all interest and other sums received or receivable by the Company in respect of (a), (c) or (d) of this definition; (c) all cash component payments received or receivable by the Custodian for the account of the relevant Sub-Fund in respect of an Application; (d) all Cancellation Compensation received by the Custodian for the account of the relevant Sub-Fund; and (e) any payments to be received or are receivable by the Company under any contractual agreements in the nature of investments for the benefit of the relevant Sub-Fund but excluding (i) other Deposited Property; (ii) any amount for the time being standing to the credit of the distribution account for the account of the relevant Sub-Fund or previously distributed to Shareholders; (iii) gains for the account of the relevant Sub-Fund arising from the realisation of Securities and/or Futures Contracts (as the case may be); and (iv) any sums applied towards payment of the fees, costs and expenses payable by the Company from the Income Property of the relevant Sub-Fund.
“Index”	means, the index or benchmark (as the context required) against which an Index Tracking Sub-Fund may be benchmarked or may otherwise be referenced as set out in the relevant Appendix.

“Index Provider”	means, in respect of a Sub-Fund, the person responsible for compiling the Index against which the relevant Sub-Fund benchmarks its investments and who holds the right to licence the use of such Index to the relevant Sub-Fund as set out in the relevant Appendix.
“Index Tracking Sub-Fund”	means a Sub-Fund with a principal objective to track, replicate or correspond to a financial index or benchmark, with an aim of providing or achieving investment results or returns that closely match or correspond to the performance of the Index that it tracks and has been authorised by the SFC under Chapter 8.6 of the UT Code.
“Initial Issue Date”	means, in respect of each Sub-Fund (or class of Shares), the date of the first issue of Shares of that Sub-Fund (or class) as set out in the relevant Appendix.
“Initial Offer Period”	means, in respect of each Sub-Fund (or class of Shares), such period as may be determined by the Manager for the purpose of making an initial offer of Shares of that Sub-Fund (or class) as set out in the relevant Appendix.
“Insolvency Event”	occurs in relation to a person where (i) an order has been made or an effective resolution passed for the liquidation or bankruptcy of the person; (ii) a receiver or similar officer has been appointed in respect of the person or of any of the person's assets or the person becomes subject to an administration order; (iii) the person enters into an arrangement with one or more of its creditors or is deemed to be unable to pay its debts; (iv) the person ceases or threatens to cease to carry on its business or substantially the whole of its business or makes or threatens to make any material alteration to the nature of its business; or (v) the Manager in good faith believes that any of the above is likely to occur.
“Instrument”	means the instrument of incorporation of the Company filed to the Companies Registry of Hong Kong on, and effective as of, 28 February 2023, including its Schedules and Appendices, as amended from time to time.
“Issue Price”	means, in respect of a Sub-Fund, the price at which Shares may be issued, determined in accordance with the Instrument.
“Laws and Regulations”	means all applicable laws and regulations including the SFO, Securities and Futures (Open-ended Fund Companies) Rules (Chapter 571AQ of the Laws of Hong Kong), as amended from time to time, the OFC Code, the SFC Handbook for Unit Trusts and Mutual Funds, Investment-Linked Assurance Schemes and Unlisted Structured Investment Products (including the UT Code, as amended from time to time and supplemented by published guidelines or other guidance issued by the SFC) and the SFC Fund Manager Code of Conduct (as amended from time to time and supplemented by published guidelines or other guidance issued by the SFC).
“Listing Date”	means the date on which the Shares in respect of a Sub-Fund (or class of Shares) are first listed and from which dealings therein are permitted to take place on SEHK, the expected date of which is set out in the relevant Appendix for the Sub-Fund.
“Mainland China”	means all the custom territories of the PRC, and “Mainland Chinese” shall be construed accordingly.
“Management Agreement”	means the discretionary management agreement dated 1 March 2023 between the Company for itself and each Sub-Fund and the Manager by which the Manager is appointed, as may be further amended, modified or supplemented from time to time.

“Manager”	means Fubon Fund Management (Hong Kong) Limited or such other person or persons for the time being duly appointed as investment manager or investment managers by the Company in succession thereto under the Instrument from time to time to whom all the investment management functions of the Company are delegated subject to and in accordance with the Laws and Regulations.
“Market”	means in any part of the world: <ul style="list-style-type: none"> (a) in relation to any Security, the SEHK or such other stock exchange from time to time determined by the Manager; and (b) in relation to any Futures Contract, the Hong Kong Futures Exchange Limited or such other futures exchange from time to time determined by the Manager, and any over-the-counter transaction conducted in any part of the world and in relation to any Security or Futures Contract shall be deemed to include any bilateral agreement with a responsible firm, corporation or association in any country in any part of the world dealing in the Security or Futures Contract which the Manager may from time to time elect.
“Market Maker”	means a broker or dealer permitted by the SEHK to act as such by making a market for the Shares in the secondary market on the SEHK.
“Multi-Counter”	means the facility by which the Shares of a Sub-Fund traded in more than one currency are each assigned separate stock codes on the SEHK and are accepted for deposit, clearance and settlement in CCASS in more than one eligible currency as described in the relevant Appendix. Where the Share of a Sub-Fund is traded in two eligible currencies, the facility is referred to as a “Dual Counter” .
“Net Asset Value” or “NAV”	means the net asset value of the Company or, as the context may require, the net asset value of a Sub-Fund or class of Shares calculated under the Instrument.
“OFC Code”	means the Code on Open-Ended Fund Companies issued by the SFC, as amended from time to time and supplemented by published guidelines or other guidance issued by the SFC.
“Operating Guidelines”	means, in respect of a Sub-Fund, the guidelines for the creation and redemption of Shares of a class as set out in the schedule to each Participation Agreement as amended from time to time by the Manager with the approval of the Custodian and the Administrator, and where applicable, with the approval of HKSCC and the Conversion Agent, and following consultation, to the extent reasonably practicable, with the relevant Participating Dealers, subject always, in respect of the relevant Operating Guidelines for a Participating Dealer, any amendment being agreed with or notified in writing by the Manager in advance to the relevant Participating Dealer (as the case may be). Unless otherwise specified, references to the Operating Guidelines shall be to the Operating Guidelines for the relevant class of Shares applicable at the time of the relevant Application.
“Participating Dealer”	means a licensed broker or dealer who is (or who has appointed an agent or delegate who is) a person admitted for the time being by HKSCC as a participant of CCASS and who has entered into a Participation Agreement in form and substance acceptable to the Company, the Manager and the Custodian, and any reference in this Prospectus to “Participating Dealer” shall include a reference to any agent or delegate so appointed by the Participating Dealer.

“Participation Agreement”	means an agreement entered into between, among others, the Company, the Manager, the Custodian, the Administrator and a Participating Dealer (and its agent, if applicable), and if determined necessary by the Manager (in its absolute discretion), each of HKSCC and the Conversion Agent, setting out, amongst other things, the arrangements in respect of the Applications. References to the Participation Agreement shall, where appropriate, mean the Participation Agreement, read together with the Operating Guidelines.
“PD Agent”	means a person who is admitted by HKSCC as either a Direct Clearing Participant or a General Clearing Participant (as defined in the General Rules of CCASS) in CCASS and who has been appointed by a Participating Dealer as its agent for the creation and redemption of Shares.
“PRC”	means the People’s Republic of China.
“Recognised Futures Exchange”	means an international futures exchange which is recognised by the SFC or which is approved by the Manager.
“Recognised Stock Exchange”	means an international stock exchange which is recognised by the SFC or which is approved by the Manager.
“Redemption Application”	means an application by a Participating Dealer for the redemption of Shares in Application Share size in accordance with the Operating Guidelines and the Instrument.
“Redemption Value”	means, in respect of a Share, the price per Share at which such Share is redeemed, calculated in accordance with the Instrument.
“Registrar”	means Citicorp Financial Services Limited or such person as may from time to time be appointed by the Company (and acceptable to the Manager) as registrar in respect of each Sub-Fund to keep the register of the Shareholders of the Sub-Fund.
“Registrar Agreement”	means the agreement for the time being subsisting between the Company for and on behalf of the relevant Sub-Fund(s) and Citicorp Financial Services Limited relating to its appointment and duties as the Registrar of the relevant Sub-Fund(s).
“Reverse Repurchase Transactions”	means transactions whereby a Sub-Fund purchases Securities from a counterparty of Sale and Repurchase Transactions and agrees to sell such Securities back at an agreed price in the future.
“RMB”	means Chinese Renminbi, the lawful currency of the PRC.
“Sale and Repurchase Transactions”	means transactions whereby a Sub-Fund sells its Securities to a counterparty of Reverse Repurchase Transactions and agrees to buy such Securities back at an agreed price with a financing cost in the future.
“Scheme Property”	means all the property of the Company.
“Securities”	means any shares, stocks, debentures, loan stocks, bonds, securities, commercial paper, acceptances, trade bills, warrants, participation notes, certificates, structured products, treasury bills, instruments or notes of, or issued by or under the guarantee of, any body, whether incorporated or unincorporated, and whether listed or unlisted, or of any government or local government authority or supranational body, whether paying interest or dividends or not and whether fully-paid, partly paid or nil paid and includes (without prejudice to the generality of the foregoing):

- (a) any right, option or interest (howsoever described) in or in respect of any of the foregoing, including units in any unit trust;
- (b) any certificate of interest or participation in, or temporary or interim certificate for, receipt for or warrant to subscribe or purchase, any of the foregoing;
- (c) any instrument commonly known or recognised as a security;
- (d) any receipt or other certificate or document evidencing the deposit of a sum of money, or any rights or interests arising under any such receipt, certificate or document; and
- (e) any bill of exchange and any promissory note.

“Securities Lending Transactions”

means transactions whereby a Sub-Fund lends its Securities to a security-borrowing counterparty for an agreed fee.

“SEHK”

means The Stock Exchange of Hong Kong Limited or its successors.

“Service Agent”

means HK Conversion Agency Services Limited or such other person as may from time to time be appointed to act as service agent in relation to a Sub-Fund.

“Service Agent’s Fee”

means the fee which may be charged for the benefit of the Service Agent to each Participating Dealer or PD Agent (as the case may be) on each book-entry deposit or withdrawal transaction made by the relevant Participating Dealer or PD Agent (as the case may be), the maximum level of which shall be determined by the Service Agent and set out in this Prospectus.

“Service Agreement”

means each agreement by which the Service Agent provides its services in respect of a Sub-Fund entered amongst the Company, the Manager, the Custodian, the Registrar, the Participating Dealer, the PD Agent (where applicable), the Service Agent and HKSCC.

“Settlement Day”

means the Business Day which is two Business Days after the relevant Dealing Day (or such other Business Day as is permitted in relation to such Dealing Day (including the Dealing Day itself) pursuant to the Operating Guidelines) or such other number of Business Days after the relevant Dealing Day as determined by the Manager in consultation with the Custodian from time to time and notified to the relevant Participating Dealers, either generally or for a particular class or classes of Shares, pursuant to the Operating Guidelines or as otherwise described in the relevant Appendix.

“SFC”

means the Securities and Futures Commission of Hong Kong or its successors.

“SFO”

means the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong), as amended from time to time.

“Share”

means such number of undivided shares or such fraction of an undivided share of a Sub-Fund to which a Share relates as is represented by a Share of the relevant class and, except where used in relation to a particular class of Share, a reference to Shares means and includes Shares of all classes.

“Share Cancellation Fee”

means the fee charged by the Conversion Agent in respect of the cancellation of Shares in connection with an accepted Redemption Application of a Sub-Fund.

“Shareholder”	means the person for the time being entered on the Register as the holder of a Share or Shares including, where the context so admits, persons jointly so registered.
“SSE”	means the Shanghai Stock Exchange.
“STAR Board”	means the Science and Technology Innovation Board of the SSE.
“Stock Connect”	means the securities trading and clearing linked programme with an aim to achieve mutual stock market access between Mainland China and Hong Kong, comprising the Shanghai-Hong Kong Stock Connect and (the Shenzhen-Hong Kong Stock Connect).
“Sub-Custodian”	means, unless otherwise specified in Part 2 of this Prospectus, Citibank, N.A., Hong Kong Branch in its capacity as the sub-custodian of the Sub-Fund(s) or such other entity as may be appointed from time to time to provide custodial services to the Sub-Fund(s).
“Sub-Fund”	means a separate part of the Scheme Property which is established pursuant to the Instrument and as described in the relevant Appendix.
“Sub-Manager”	means Fubon Asset Management Company Limited or such other person or persons for the time being to which the investment management function of all or part of the assets of a Sub-Fund of the Company has been delegated from the Manager.
“SZSE”	means the Shenzhen Stock Exchange.
“Transaction Fee”	means the fee, in respect of a Sub-Fund, which may be charged for the benefit of the Custodian, the Registrar, the Conversion Agent (if any) and/or the Service Agent (if any) to each Participating Dealer on each Dealing Day upon which an Application has been or Applications have been made by the relevant Participating Dealer.
“US” or “United States”	means the United States of America.
“USD”	means United States dollars, the lawful currency of the United States of America.
“UT Code”	means the Code on Unit Trusts and Mutual Funds issued by the SFC, as amended from time to time and supplemented by published guidelines or other guidance issued by the SFC.
“Valuation Point”	means, in respect of a Sub-Fund, unless otherwise specified in the relevant Appendix of a Sub-Fund, the official close of trading on the Market on which the Securities constituting the Index (if any) or the Sub-Fund are listed on each Dealing Day or if more than one, the official close of trading on the last relevant Market to close or such other time or times as determined by the Manager from time to time provided that there shall always be a Valuation Point on each Dealing Day other than where there is a suspension of the creation and redemption of Shares.

PART 1

GENERAL INFORMATION RELATING TO THE COMPANY AND SUB-FUNDS

Part 1 of this Prospectus includes information relevant to the Company and all Sub-Fund(s) established under the Company and listed on the SEHK.

The information presented in this Part 1 should be read in conjunction with the information presented in the relevant Appendix in Part 2 of this Prospectus in respect of a particular Sub-Fund. Where the information in Part 2 of this Prospectus conflicts with the information presented in this Part 1, the information in the relevant Appendix in Part 2 prevails, however, it is applicable to the specific Sub-Fund of the relevant Appendix only. Please refer to Part 2 "Specific Information Relating to Each Sub-Fund" for further information.

INTRODUCTION

The Company

The Company is a public umbrella open-ended fund company with variable capital with limited liability, which was incorporated in Hong Kong under the SFO on 28 February 2023 with the business registration number 74909696. It is constituted by way of its Instrument filed to the Companies Registry of Hong Kong on, and effective as of, 28 February 2023.

The Company is registered with the SFC under Section 112D of the SFO. The Company and each Sub-Fund is authorised as a collective investment scheme by the SFC under Section 104 of the SFO and each Sub-Fund falls within Chapter 8.6 of the UT Code. Registration with or authorisation by the SFC does not represent a recommendation or endorsement of the Company or any of the Sub-Funds nor do they guarantee the commercial merits of the Company, any of the Sub-Funds or their performance. They do not mean that the Company or the Sub-Funds are suitable for all investors nor do they represent an endorsement of their suitability for any particular investor or class of investors.

The Sub-Fund(s)

The Company may issue different classes of Shares and the Company shall establish a separate pool of assets in respect of each Sub-Fund to which one or more class of Shares shall be attributable. The assets of a Sub-Fund will be invested and administered separately from the other assets of the Company. All assets and liabilities attributable to each Sub-Fund shall be segregated from the assets and liabilities of any other Sub-Funds, and shall not be used for the purpose of, or borne by the assets of, any other Sub-Fund. Each Sub-Fund will have its own Appendix in Part 2 of this Prospectus.

Each Sub-Fund will be an exchange traded fund listed on the SEHK. Where indicated in the relevant Appendix, Shares in a Sub-Fund may be available for trading on the SEHK using a Multi-Counter.

The Company reserves the right to establish other Sub-Funds and/or issue further classes of Shares relating to a Sub-Fund or Sub-Funds in the future in accordance with the provisions of the Instrument.

THE OFFERING PHASES

Initial Offer Period

During the Initial Offer Period, Participating Dealers (acting for themselves or for their clients) may apply for Shares (to be available for trading on the Listing Date) by means of Creation Applications on each Dealing Day for themselves and/or their clients in accordance with the Operating Guidelines.

Unless otherwise stated in the relevant Appendix, the latest date for making a Creation Application for Shares is 5:00 p.m. (Hong Kong time) two Business Days prior to the Listing Date or such other time as the Manager may determine on any day when the trading hours of the SEHK are reduced.

To be dealt with during the Initial Offer Period, the relevant Participating Dealer must submit the Creation Applications to the Company and the Manager (with a copy to the Custodian) on a Business Day no later than two Business Days prior to the Listing Date unless otherwise stated in the relevant Appendix.

If a Creation Application is received by the Company, the Manager and Custodian after the deadline as specified in the Appendix, that Creation Application shall be carried forward and deemed to be received at the opening of business on the Listing Date, which shall be the Dealing Day for the purposes of that Creation Application.

Creation Applications must be made in Application Share size or whole multiples thereof, which is the number of Shares specified in the relevant Appendix. Participating Dealers (acting for themselves or for their clients) can apply for Shares on each Dealing Day at the Issue Price.

Please refer to the section on “**CREATIONS AND REDEMPTIONS (PRIMARY MARKET)**” for the operational procedures in respect of Creation Applications.

After Listing

The After Listing phase commences on the Listing Date and continues until the relevant Sub-Fund(s) are terminated.

You can acquire or dispose the Shares in either of the following two ways:

- (a) buy and sell Shares on the SEHK; or
- (b) apply for creation and redemption of Shares through Participating Dealers.

Buying and Selling of Shares on the SEHK

After Listing, all investors can buy and sell Shares in the secondary market in Trading Board Lot Size (as described in the section “**Key Information**” in the relevant Appendix) or whole multiples thereof like ordinary listed stocks through an intermediary such as a stockbroker or through any of the share dealing services offered by banks or other financial advisers at any time the SEHK is open.

However, please note that transactions in the secondary market on the SEHK will be subject to brokerage and other fees and will occur at market prices which may vary throughout the day and may differ from Net Asset Value per Share due to market demand and supply, liquidity and scale of trading spread for the Shares in the secondary market. As a result, the market price of the Shares in the secondary market may be higher or lower than Net Asset Value per Share.

Please refer to the section on “**EXCHANGE LISTING AND TRADING (SECONDARY MARKET)**” for further information in respect of buying and selling of Shares on the SEHK.

Creations and Redemptions through Participating Dealers

Shares will continue to be created and redeemed in the primary market at the Issue Price and Redemption Value respectively through Participating Dealers in Application Share size or multiples thereof. Where stated in the relevant Appendix, in-kind creations or in-kind redemptions may be permitted by the Manager. The Application Share size and currency for settlement are as set out in the relevant Appendix.

To be dealt with on a Dealing Day, the relevant Participating Dealer must submit the Applications to the Company and the Manager (with a copy to the Custodian) before the Dealing Deadline on the relevant Dealing Day. If an Application is received on a day which is not a Dealing Day or is received after the relevant Dealing Deadline on a Dealing Day, that Application shall be treated as having been received at the opening of business on the next Dealing Day, which shall be the relevant Dealing Day for the purposes of that Application. Participating Dealers are under no obligation to create or redeem generally or for their clients and may charge their clients such fee or fees as such Participating Dealers determine.

Settlement in cash for subscribing Shares in cash is due by such time as agreed in the Operating Guidelines on the relevant Dealing Day, unless the Manager agrees with the relevant Participating Dealer to accept later settlement generally or in any particular case.

Settlement of Shares for redeeming Shares is due 2 Business Days (unless as otherwise stated in the relevant Appendix) after the Dealing Day, unless the Manager agrees with the relevant Participating Dealer to accept later settlement generally or in any particular case.

Notwithstanding any Multi-Counter (if applicable) for Shares, all settlement is in the base currency of the relevant Sub-Fund only.

After Listing, all Shares will be registered in the name of HKSCC Nominees Limited on the register of the relevant Sub-Fund. The register of the relevant Sub-Fund is the evidence of ownership of Shares. The beneficial interests in Shares of any client of the Participating Dealers shall be established through such client's account with the relevant Participating Dealer or PD Agent (as the case may be) or with any other CCASS participants if the client is buying from the secondary market.

Timetable

Initial Offer Period

The Initial Offer Period and the Listing Date of a new Sub-Fund is set out in the Appendix of the new Sub-Fund.

The purpose of the Initial Offer Period is to enable Participating Dealers to subscribe for Shares either on their own account or for their clients, in accordance with the Instrument and the Operating Guidelines. During this period, Participating Dealers (acting for themselves or for their clients) may apply for Shares to be available for trading on the Listing Date by creation. No redemptions are permitted during the Initial Offer Period.

Upon receipt of a Creation Application from a Participating Dealer (acting for itself or its clients) during the Initial Offer Period, the Manager shall procure the creation of Shares for settlement on the Initial Issue Date.

Participating Dealers may have their own application procedures for their respective clients and may set application and payment cut-off times for their respective clients which are earlier than those set out in this Prospectus and which may change from time to time. The Dealing Deadline in respect of Shares in a Sub-Fund may also change due to market related events. Investors are therefore advised to consult with the relevant Participating Dealer on its requirements if they want a Participating Dealer to subscribe for Shares on their behalf.

After Listing

"After Listing" commences on the Listing Date and continues until the relevant Sub-Fund is terminated.

All investors may buy and sell Shares in the secondary market on the SEHK and Participating Dealers (for themselves or for their clients) may apply for creation and redemption of Shares in the primary market.

Diagrammatic Illustration of Investment in a Sub-Fund

The diagrams below illustrate the creation or redemption and the buying or selling of Shares:

- (a) Creation and buying of Shares in the primary market – Initial Offer Period and After Listing

* Clients of a Participating Dealer may agree with the Participating Dealer settlement in a different currency to the creation currency.

- (b) Redemption and selling of Shares in the primary market – After Listing

* Clients of a Participating Dealer may agree with the Participating Dealer settlement in a different currency to the redemption currency.

- (c) Buying or selling of Shares in the secondary market on the SEHK – After Listing

Summary of Offering Methods and Related Fees

Initial Offer Period

* The methods of creation available to the Participating Dealers in respect of each Sub-Fund, whether in-kind and/or in cash, are specified in the relevant Appendix.

**Please refer to the section headed "FEES AND EXPENSES" for further details. The currency for payment of subscription monies is specified in the relevant Appendix.

INVESTMENT OBJECTIVE, STRATEGY AND RESTRICTIONS, SECURITIES LENDING AND BORROWING

Investment Objective

A Sub-Fund may be an Index Tracking Sub-Fund or an actively managed Sub-Fund.

The investment objective of each Index Tracking Sub-Fund is to provide investment results that, before deduction of fees and expenses, closely correspond to the performance of the relevant Index unless otherwise stated in the relevant Appendix.

The investment objective of each actively managed Sub-Fund is set out in the relevant Appendix.

Investment Strategy

The investment strategy of each Sub-Fund is stated in the relevant Appendix.

Index Tracking Sub-Funds

Each Sub-Fund will adopt either a full replication or a representative sampling strategy.

Full Replication Strategy

Where an Index Tracking Sub-Fund adopts a full replication strategy as its investment strategy, it will invest in substantially all the Securities constituting the Index in substantially the same weightings (i.e. proportions) as these Securities have in the Index. When a Security ceases to be a constituent of the Index, rebalancing occurs which involves, among other things, selling the outgoing Security and potentially using the proceeds to invest in the incoming Security.

Representative Sampling Strategy

Where an Index Tracking Sub-Fund adopts a representative sampling strategy as its investment strategy, it will invest, directly in securities that are included in the Index or indirectly through FDIs, in a representative sample of the Securities in the relevant Index that collectively reflects the investment characteristics of such Index and aims to replicate its performance. An Index Tracking Sub-Fund adopting a representative sampling strategy may or may not hold all of the Securities that are included in the relevant Index, and may hold a portfolio of Securities (in case of direct investment for physical representative sampling strategy) and FDIs (in case of indirect investment for synthetic representative sampling strategy) which are not included in the Index, provided that these collectively feature a high correlation with the Index.

Switching Between Strategies

Whilst the full replication strategy is likely to track the performance of the relevant Index more closely when compared to the representative sampling strategy, it may not be the most efficient way to do so. Also, it may not always be possible or it may be difficult to buy or hold certain Securities comprising the Index. The Manager and the Sub-Manager may therefore, in the appropriate circumstances, choose to use a representative sampling strategy, having regard to the number of Securities constituting the Index, the liquidity of such Securities, any restrictions on the ownership of such Securities, the transaction expenses and other trading costs, and tax and other regulatory restrictions.

Investors should note that the Manager and the Sub-Manager may switch between the above investment strategies, without prior notice to investors, in its absolute discretion and as often as they believe appropriate in order to achieve the investment objective of the relevant Index Tracking Sub-Fund by tracking the relevant Index as closely (or efficiently) as possible for the benefit of investors.

In addition to the investment strategies set out above, an Index Tracking Sub-Fund may be launched with synthetic or futures-based strategies as described in the relevant Appendix for each such Index Tracking Sub-Fund.

Actively managed Sub-Funds

An actively managed Sub-Fund does not track an index. The Manager will actively manage the relevant Sub-Fund based on its investment strategy in seeking to achieve the investment objective of the Sub-Fund, as described in the relevant Appendix.

Investment Restrictions, Securities Lending and Borrowing

Investment Restrictions

1. Unless otherwise specifically provided for in the relevant Appendix, the investment restrictions applicable to each Sub-Fund (that are included in the Instrument) are summarised below:
 - (a) the aggregate value of a Sub-Fund's investments in, or exposure to, any single entity through the following may not exceed 10% of the total Net Asset Value of such Sub-Fund, save as permitted by Chapter 8.6(h) and as varied by paragraph 2.2 of this sub-section:
 - (1) investments in Securities issued by such entity;
 - (2) exposure to such entity through underlying assets of FDIs; and
 - (3) net counterparty exposure to such entity arising from transactions of over-the-counter FDIs;
 - (b) subject to paragraph 1(a) and 5.6(c) of this sub-section and unless otherwise approved by the SFC, the aggregate value of a Sub-Fund's investments in, or exposure to, Entities within the Same Group through the following may not exceed 20% of the total Net Asset Value of the Sub-Fund:
 - (1) investments in Securities issued by such entities;
 - (2) exposure to such entities through underlying assets of FDIs; and
 - (3) net counterparty exposure to such entities arising from transactions of over-the-counter FDIs;
 - (c) unless otherwise approved by the SFC, the value of a Sub-Fund's cash deposits made with the same entity or Entities within the Same Group may not exceed 20% of the total Net Asset Value of the Sub-Fund, unless:
 - (1) the cash is held before the launch of the Sub-Fund and for a reasonable period thereafter prior to the initial subscription proceeds being fully invested, or
 - (2) the cash is proceeds from liquidation of investments prior to the merger or termination of a Sub-Fund, whereby the placing of cash deposits with various financial institutions would not be in the best interest of investors; or
 - (3) the cash is proceeds received from subscriptions pending investments and held for the settlement of redemption and other payment obligations, whereby the placing of cash deposits with various financial institutions is unduly burdensome and the cash deposits arrangement would not compromise investors' interests;

For the purpose of this paragraph 1(c), cash deposits generally refer to those that are repayable on demand or have the right to be withdrawn by a Sub-Fund and not referable to provision of property or services.
 - (d) ordinary shares issued by a single entity held for the account of a Sub-Fund, when aggregated with other holdings of ordinary shares issued by a single entity held for the account of all other Sub-Funds of the Company collectively may not exceed 10% of the nominal amount of the ordinary shares issued by a single entity;

- (e) not more than 15% of the total Net Asset Value of a Sub-Fund may be invested in Securities and other financial products or instruments that are neither listed, quoted nor dealt in on a stock exchange, over-the-counter market or other organised securities market which is open to the international public and on which such Securities are regularly traded;
- (f) notwithstanding paragraphs 1(a), 1(b), 1(d) and 1(e) of this sub-section, where direct investment by a Sub-Fund in a market is not in the best interests of investors, a Sub-Fund may invest through a wholly-owned subsidiary company established solely for the purpose of making direct investments in such market. In this case:
 - (1) the underlying investments of the subsidiary, together with the direct investments made by the Sub-Fund, must in aggregate comply with the requirements of Chapter 7 of the UT Code;
 - (2) any increase in the overall fees and charges directly or indirectly borne by the Shareholders or the Sub-Fund as a result must be clearly disclosed in the Prospectus; and
 - (3) the Sub-Fund must produce the financial reports as required under 5.10(b) of the UT Code in a consolidated form to include the assets (including investment portfolio) and liabilities of the subsidiary company as part of those of the Sub-Fund;
- (g) notwithstanding paragraphs 1(a), 1(b) and 1(d) of this sub-section, not more than 30% of the total Net Asset Value of a Sub-Fund may be invested in Government and other Public Securities of the same issue;
- (h) subject to paragraph 1(g) of this sub-section, a Sub-Fund may fully invest in Government and other Public Securities in at least six different issues;
- (i) unless otherwise approved by the SFC, a Sub-Fund may not invest in physical commodities;
- (j) for the avoidance of doubt, exchange traded funds that are:
 - (1) authorised by the SFC under Chapter 8.6 or 8.10 of the UT Code; or
 - (2) listed and regularly traded on internationally recognised stock exchanges open to the public (nominal listing not accepted) and (i) the principal objective of which is to track, replicate or correspond to a financial index or benchmark, which complies with the applicable requirements under Chapter 8.6 of the UT Code; or (ii) the investment objective, policy, underlying investments and product features of which are substantially in line with or comparable with those set out under Chapter 8.10 of the UT Code,

will be considered and treated as listed Securities for the purposes of and subject to the requirements in paragraphs 1(a), 1(b) and 1(d) of this sub-section. However, the investments in exchange traded funds shall be subject to paragraph 1(e) of this sub-section and the relevant investment limits in exchange traded funds by a Sub-Fund should be consistently applied and clearly disclosed in this Prospectus;

- (k) where a Sub-Fund invests in shares or units of other collective investment schemes (“**underlying schemes**”),
 - (1) the value of such Sub-Fund’s investment in units or shares in underlying schemes which are non-eligible schemes (as determined by the SFC) and not authorised by the SFC, may not in aggregate exceed 10% of the total Net Asset Value of the Sub-Fund; and
 - (2) such Sub-Fund may invest in one or more underlying schemes which are either schemes authorised by the SFC or eligible schemes (as determined by the SFC), but the value of the Sub-Fund’s investment in units or shares in each such underlying scheme may not exceed 30% of the total Net Asset Value of the Sub-Fund, unless the underlying scheme is authorised by the SFC and its name and key investment information are disclosed in the Prospectus of the Sub-Fund, provided that in respect of paragraphs 1(k)(1) and 1(k)(2) above:

- (i) the objective of each underlying scheme may not be to invest primarily in any investment prohibited by Chapter 7 of the UT Code, and where that underlying scheme's objective is to invest primarily in investments restricted by Chapter 7 of the UT Code, such investments may not be in contravention of the relevant limitation prescribed by Chapter 7 of the UT Code. For the avoidance of doubt, a Sub-Fund may invest in scheme(s) authorised by the SFC under Chapter 8 of the UT Code (except for hedge funds under Chapter 8.7 of the UT Code), eligible scheme(s) (as determined by the SFC) of which the net derivative exposure (as defined in the UT Code) does not exceed 100% of its total net asset value, and exchange traded funds satisfying the requirements in paragraph 1(j) of this sub-section in compliance with paragraphs 1(k)(1) and 1(k)(2) of this sub-section;
 - (ii) where the underlying schemes are managed by the Manager, or by other companies within the same group that the Manager belongs to, then paragraphs 1(a), 1(b), 1(d) and 1(e) of this sub-section are also applicable to the investments of the underlying scheme;
 - (iii) the objective of the underlying schemes may not be to invest primarily in other collective investment scheme(s);
- (3) where an investment is made in any underlying scheme(s) managed by the Manager or any of its Connected Persons, all initial charges and redemption charges on the underlying scheme(s) must be waived; and
 - (4) the Manager or any person acting on behalf of the Sub-Fund or the Manager may not obtain a rebate on any fees or charges levied by an underlying scheme or the management company of an underlying scheme, or quantifiable monetary benefits in connection with investments in any underlying scheme;
- (l) a Sub-Fund may invest 90% or more of its total Net Asset Value in a single collective investment scheme and may be authorised as a feeder fund by the SFC. In this case:
 - (1) the underlying scheme ("**master fund**") must be authorised by the SFC;
 - (2) the relevant Appendix must state that:
 - (i) the Sub-Fund is a feeder fund into the master fund;
 - (ii) for the purpose of complying with the investment restrictions, the Sub-Fund (i.e. feeder fund) and its master fund will be deemed a single entity;
 - (iii) the Sub-Fund (i.e. feeder fund)'s annual report must include the investment portfolio of the master fund as at the financial year end date; and
 - (iv) the aggregate amount of all the fees and charges of the Sub-Fund (i.e. feeder fund) and its underlying master fund must be clearly disclosed;
 - (3) unless otherwise approved by the SFC, no increase in the overall total of initial charges, redemption charges, the Manager's annual fee, or any other costs and charges payable to the Manager or any of its Connected Persons borne by the Shareholders or by the Sub-Fund (i.e. feeder fund) may result, if the master fund in which the Sub-Fund (i.e. feeder fund) invests is managed by the Manager or by its Connected Person; and
 - (4) notwithstanding proviso (iii) to paragraph 1(k)(2) of this sub-section, the master fund may invest in other collective investment scheme(s) subject to the investment restrictions as set out in paragraphs 1(k)(1) and 1(k)(2) and proviso (i), (ii) and (iii) to paragraph 1(k)(2) of this sub-section; and

- (m) if the name of a Sub-Fund indicates a particular objective, investment strategy, geographic region or market, the Sub-Fund should, under normal market circumstances, invest at least 70% of its Net Asset Value in securities and other investments to reflect the particular objective, investment strategy or geographic region or market which the Sub-Fund represents.

Investment Prohibitions

2.1. A Sub-Fund shall not:

- (a) invest in a security of any class in any company or body if any director or officer of the Manager individually owns more than 0.5% of the total nominal amount of all the issued securities of that class or the directors and officers of the Manager collectively own more than 5% of those securities;
- (b) invest in any type of real estate (including buildings) or interests in real estate, including options or rights, but excluding shares in real estate companies and interests in real estate investment trusts (REITs) and in the case of investments in such shares and REITs, they shall comply with the investment restrictions and limitations set out in paragraphs 1(a), 1(b), 1(d), 1(e) and 1(k) of this sub-section where applicable. For the avoidance of doubt, where investments are made in listed REITs, paragraphs 1(a), 1(b) and 1(d) of this sub-section apply and where investments are made in unlisted REITs, which are either companies or collective investment schemes, then paragraphs 1(e) and 1(k)(1) of this sub-section respectively;
- (c) make short sales if as a result a Sub-Fund would be required to deliver Securities exceeding 10% of the total Net Asset Value of the Sub-Fund (and for this purpose Securities sold short must be actively traded on a market where short selling is permitted, and for the avoidance of doubt, a Sub-Fund is prohibited to carry out any naked or uncovered short sale of securities and short selling should be carried out in accordance with all applicable laws and regulations);
- (d) lend or make a loan out of the assets of a Sub-Fund, except to the extent that the acquisition of bonds or the making of a deposit (within the applicable investment restrictions) might constitute a loan;
- (e) subject to paragraph 1(e) of this sub-section, assume, guarantee, endorse or otherwise become directly or contingently liable for or in connection with any obligation or indebtedness of any person, save and except for Reverse Repurchase Transactions in compliance with the UT Code;
- (f) enter into any obligation on behalf of a Sub-Fund or acquire any asset or engage in any transaction for the account of a Sub-Fund which involves the assumption of any liability which is unlimited. For the avoidance of doubt, the liability of Shareholders is limited to their investment in the relevant Sub-Fund; or
- (g) apply any part of a Sub-Fund in the acquisition of any investments which are for the time being nil paid or partly paid in respect of which a call is due to be made for any sum unpaid on such investments unless such call could be met in full out of cash or near cash forming part of a Sub-Fund whereby such amount of cash or near cash has not been segregated to cover a future or contingent commitment arising from transaction in FDIs for the purposes of paragraph 5.7 of this sub-section.

2.2. The investment restrictions set out in paragraphs 1 and 2.1 of this sub-section apply to each Sub-Fund, subject to the following in relation to an Index Tracking Sub-Fund:

- (a) a collective investment scheme authorised by the SFC under the UT Code is usually restricted from making investments which would result in the value of that collective investment scheme's holdings of the Securities of any single entity exceeding 10% of the collective investment scheme's total net asset value. Given the investment objective of each Index Tracking Sub-Fund and nature of the relevant Index, an Index Tracking Sub-Fund is allowed under Chapter 8.6(h) of the UT Code to hold investments in constituent Securities of any single entity exceeding 10% of the relevant Index Tracking Sub-Fund's latest available Net Asset Value if such constituent Securities account for more than 10% of the weighting of the Index and the relevant Index Tracking Sub-Fund's holding of any such constituent Securities does not exceed their respective weightings in the Index, except where the weightings are exceeded as a result of changes in the composition of the Index and the excess is only transitional and temporary in nature;

- (b) however, the restrictions in paragraph 2.2(a) of this sub-section do not apply if:
- (1) the relevant Index Tracking Sub-Fund adopts a representative sampling strategy which does not involve full replication of the constituent Securities of the Index in the exact weightings of such Index;
 - (2) the strategy is clearly disclosed in the relevant Appendix;
 - (3) the excess of the weightings of the constituent Securities held by the relevant Index Tracking Sub-Fund over the weightings in the Index is caused by the implementation of the representative sampling strategy;
 - (4) any excess weightings of the relevant Index Tracking Sub-Fund's holdings over the weightings in the Index must be subject to a maximum limit reasonably determined by the relevant Index Tracking Sub-Fund after consultation with the SFC. In determining this limit, the relevant Index Tracking Sub-Fund must consider the characteristics of the underlying constituent Securities, their weightings and the investment objectives of the Index and any other suitable factors;
 - (5) limits laid down by the relevant Index Tracking Sub-Fund pursuant to the point (d) above must be disclosed in the relevant Appendix; and
 - (6) disclosure must be made in the relevant Index Tracking Sub-Fund's interim and annual reports as to whether the limits imposed by such Index Tracking Sub-Fund itself pursuant to the paragraph 2(b)(4) of this sub-section have been complied with in full. If there is non-compliance with the said limits during the relevant reporting period, this must be reported to the SFC on a timely basis and an account for such non-compliance should be stated in the report relating to the period in which the non-compliance occurs or otherwise notified to investors.
- 2.3. Subject to approval of the SFC, the investment restrictions in paragraphs 1(b) and 1(c) of this sub-section may be modified and the 30% limit in paragraph 1(g) of this sub-section may be exceeded, and an Index Tracking Sub-Fund may invest all of its assets in Government and Other Public Securities in any number of different issues despite paragraph 1(h) of this sub-section.

Securities Financing Transactions

- 3.1. Where indicated in the relevant Appendix, a Sub-Fund may enter into Securities Lending Transactions, Sale and Repurchase Transactions and Reverse Repurchase Transactions or other similar over-the-counter transactions ("**Securities Financing Transactions**"), provided that they are in the best interests of the Shareholders, the associated risks have been properly mitigated and addressed, and the counterparties to the Securities Financing Transactions are financial institutions which are subject to ongoing prudential regulation and supervision.
- 3.2. A Sub-Fund which engages in Securities Financing Transactions is subject to the following requirements:
- (a) it shall have at least 100% collateralisation in respect of the Securities Financing Transactions into which it enters to ensure there is no uncollateralised counterparty risk exposure arising from these transactions;
 - (b) all the revenues arising from Securities Financing Transactions, net of direct and indirect expenses as reasonable and normal compensation for the services rendered in the context of the Securities Financing Transactions to the extent permitted by applicable legal and regulatory requirements, shall be returned to the Sub-Fund;
 - (c) it shall ensure that it is able to at any time to recall the securities or the full amount of cash / collateral (as the case may be) subject to the Securities Financing Transactions or terminate the Securities Financing Transactions into which it has entered.

Borrowing

4. Subject always to the provisions of the Instrument and the UT Code, borrowing against the assets of each Sub-Fund is allowed up to a maximum of 10% of its total Net Asset Value. For this purpose, back-to-back loans do not count as borrowing. Where the Manager so determines, a Sub-Fund's permitted borrowing level may be a lower percentage as set out in the relevant Appendix. The Company may borrow for the account of a Sub-Fund any currency, and charge or pledge assets of that Sub-Fund for securing such borrowing for the account of that Sub-Fund, and interest thereon and expenses thereof, for the following purposes:
 - (a) facilitating the creation or redemption of Shares or defraying operating expenses;
 - (b) enabling the Manager to acquire Securities for the account of such Sub-Fund; or
 - (c) for any other proper purpose as may be agreed by the Manager from time to time, except to enhance the performance of any Sub-Fund.

FDIs

- 5.1. Subject always to the provisions of the Instrument and the UT Code (including paragraphs 5.4 and 5.6 of this sub-section), the Manager may on behalf of a Sub-Fund enter into any transactions in relation to FDIs, for hedging or non-hedging (investment) purposes.
- 5.2. Where specified in the relevant Appendix, a Sub-Fund may acquire FDIs for hedging purposes. FDIs are considered as being acquired for hedging purpose if they meet all of the following criteria:
 - (a) they are not aimed at generating any investment return;
 - (b) they are solely intended for the purpose of limiting, offsetting or eliminating the probability of loss or risks arising from the investments being hedged;
 - (c) they should relate to the same asset class with high correlation in terms of risks and return, and involve taking opposite positions, in respect of the investments being hedged; and
 - (d) they exhibit price movements with high negative correlation with the investments being hedged under normal market conditions.
- 5.3. Hedging arrangement should be adjusted or re-positioned, where necessary and with due consideration on the fees, expenses and costs, to enable the Sub-Fund to meet its hedging objective in stressed or extreme market conditions.
- 5.4. Where specified in the relevant Appendix, a Sub-Fund may acquire FDIs for non-hedging purposes ("**investment purposes**"), subject to the limit that the Sub-Fund's net exposure relating to these FDIs ("**net derivative exposure**") does not exceed 50% of its total Net Asset Value (unless otherwise approved by the SFC for a Sub-Fund pursuant to Chapter 8.8 or Chapter 8.9 of the UT Code), provided that such limit may be exceeded in such circumstances as permitted under the UT Code, handbook, code and/or guideline issued by the SFC from time to time or permitted by the SFC from time to time. For the avoidance of doubt:
 - (a) for the purpose of calculating net derivative exposure, the positions of FDIs acquired by a Sub-Fund for investment purposes are converted into the equivalent position in the underlying assets of the FDIs, taking into account the prevailing market value of the underlying assets, the counterparty risk, future market movements and the time available to liquidate the positions;
 - (b) the net derivative exposure should be calculated in accordance with the requirements and guidance issued by the SFC which may be updated from time to time; and
 - (c) FDIs acquired for hedging purposes will not be counted towards the 50% limit referred to in this paragraph so long as there is no residual derivative exposure arising from such hedging arrangement.

- 5.5. Subject to paragraphs 5.4 and 5.6 of this sub-section, a Sub-Fund may invest in FDIs provided that the exposure to the underlying assets of the FDI, together with the other investments of the Sub-Fund, may not in aggregate exceed the corresponding investment restrictions or limitations applicable to such underlying assets and investments as set out in paragraphs 1(a), 1(b), 1(c), 1(g), 1(h), 1(k)(1), 1(k)(2), proviso (i), (ii) and (iii) to paragraph 1(k)(2) and paragraph 2.1(b) of this sub-section.
- 5.6. The FDIs invested by a Sub-Fund shall be either listed or quoted on a stock exchange, or dealt in over-the-counter market and comply with the following provisions:
- (a) the underlying assets consist solely of shares in companies, debt Securities, money market instruments, units/shares of collective investment schemes, deposits with substantial financial institutions, Government and other Public Securities, highly-liquid physical commodities (including gold, silver, platinum and crude oil), financial indices, interest rates, foreign exchange rates, currencies or other asset classes acceptable to the SFC, in which the Sub-Fund may invest according to its investment objectives and policies. Where a Sub-Fund invests in index-based FDIs, the underlying assets of such FDIs are not required to be aggregated for the purposes of the investment restrictions or limitations set out in paragraphs 1(a), 1(b), 1(c) and 1(g) of this sub-section provided that the relevant Index is in compliance with Chapter 8.6(e) of the UT Code;
 - (b) the counterparties to over-the-counter FDI transactions or their guarantors are substantial financial institutions or such other entity acceptable to the SFC on a case-by-case basis;
 - (c) subject to paragraphs 1(a) and 1(b) of this sub-section, the net counterparty exposure to a single entity arising from transactions of the over-the-counter FDIs may not exceed 10% of the Net Asset Value of the Sub-Fund. The exposure of a Sub-Fund to a counterparty of over-the-counter FDIs may be lowered by the collateral received (if applicable) by such Sub-Fund and shall be calculated with reference to the value of collateral and positive mark to market value of the over-the-counter FDIs with that counterparty, if applicable; and
 - (d) the valuation of the FDIs is marked-to-market daily, subject to regular, reliable and verifiable valuation conducted by the Manager, the Custodian or their nominee(s), agent(s) or delegate(s) independent of the issuer of the FDIs through measures such as the establishment of a valuation committee or engagement of third party services. The FDIs can be sold, liquidated or closed by an offsetting transaction at any time at their fair value at the initiative of the Sub-Fund. Further, the calculation agent/fund administrator should be adequately equipped with the necessary resources to conduct independent marked-to-market valuation and to verify the valuation of the FDIs on a regular basis.
- 5.7. A Sub-Fund shall at all times be capable of meeting all its payment and delivery obligations incurred under transactions in FDIs (whether for hedging or for investment purposes). The Manager shall, as part of its risk management process, monitor to ensure that the transactions in FDIs are adequately covered on an ongoing basis. Assets that are used to cover the Sub-Fund's payment and delivery obligations incurred under transactions in FDIs should be free from any liens and encumbrances, should exclude any cash or near cash for the purpose of meeting a call on any sum unpaid under a security and cannot be applied for any other purposes. A transaction in FDIs which gives rise to a future commitment or contingent commitment of a Sub-Fund should also be covered as follows:
- in the case of FDI transactions which will, or may at the Manager's discretion, be cash settled, the Sub-Fund should at all times hold sufficient assets that can be liquidated within a short timeframe to meet the payment obligation; and
 - in the case of FDI transactions which will, or may at the counterparty's discretion, require physical delivery of the underlying assets, the Sub-Fund should hold the underlying assets in sufficient quantity at all times to meet the delivery obligation. If the Manager considers the underlying assets to be liquid and tradable, the Sub-Fund may hold other alternative assets in sufficient quantity as cover, provided that such assets may be readily converted into the underlying assets at any time to meet the delivery obligation. Where it is holding alternative assets as cover, the Sub-Fund should apply safeguard measures such as to apply haircut where appropriate to ensure that such alternative assets held are sufficient to meet its future obligations.

5.8. Paragraphs 5.1 to 5.7 of this sub-section apply to financial instruments which embeds a financial derivative as well. For the purposes herein, an “embedded financial derivative” is a FDI that is embedded in another security.

Collateral

6.1. Collateral received from counterparties shall comply with the following requirements:

- Liquidity – collateral must be sufficiently liquid and tradable that it can be sold quickly at a robust price that is close to pre-sale valuation. Collateral should normally trade in a deep and liquid marketplace with transparent pricing;
- Valuation – collateral should be marked-to-market daily by using independent pricing source;
- Credit quality – asset used as collateral must be of high credit quality and should be replaced immediately as soon as the credit quality of the collateral or the issuer of the asset being used as collateral has deteriorated to such a degree that it would undermine the effectiveness of the collateral;
- Haircut – collateral should be subject to prudent haircut policy which should be based on the market risks of the assets used as collateral in order to cover potential maximum expected decline in collateral values during liquidation before a transaction can be closed out with due consideration on stress period and volatile markets. The price volatility of the asset used as collateral should be taken into account when devising the haircut policy. Other specific characteristics of the collateral, including, among others, assets types, issuer creditworthiness, residual maturity, price sensitivity, optionality, expected liquidity in stressed period, impact from foreign exchange, and correlation between securities accepted as collateral and the securities involved in the transactions, should also be considered where appropriate;
- Diversification – collateral must be appropriately diversified to avoid concentrated exposure to any single entity and/or Entities within the Same Group and a Sub-Fund’s exposure to issuer(s) of the collateral should be taken into account in compliance with the investment restrictions and limitations set out in paragraphs 1(a), 1(b), 1(c), 1(g), 1(h), 1(k)(1), 1(k)(2), proviso (i), (ii) and (iii) to paragraph 1(k)(2) and paragraph 2.1(b) of this sub-section;
- Correlation – the value of the collateral should not have any significant correlation with the creditworthiness of the counterparty or the issuer of the FDIs, or the counterparty of securities financing transactions in such a way that would undermine the effectiveness of the collateral. As such, securities issued by the counterparty or the issuer of the FDIs, or the counterparty of securities financing transactions or any of their related entities should not be used as collateral;
- Management of operational and legal risks – the Manager shall have appropriate systems, operational capabilities and legal expertise for proper collateral management;
- Independent custody – collateral must be held by the Custodian of the Sub-Fund;
- Enforceability – collateral must be readily accessible/enforceable by the Company for the Sub-Fund without further recourse to the issuer of the FDIs, or the counterparty of the Securities Financing Transactions;
- Cash collateral – any re-investment of cash collateral received for the account of the Sub-Fund shall be subject to the following requirements:
 - (i) cash collateral received may only be reinvested in short-term deposits, high quality money market instruments and money market funds authorised under Chapter 8.2 of the UT Code or regulated in a manner generally comparable with the requirements of the SFC and acceptable to the SFC, and subject to corresponding investment restrictions or limitations applicable to such investments or exposure as set out in Chapter 7 of the UT Code. For this purpose, “money market instruments” refer to securities normally dealt in on the money markets, including government bills, certificates of deposit, commercial papers, short-term notes and bankers’ acceptances, etc. In assessing whether a money market instrument is of high quality, at a minimum, the credit quality and the liquidity profile of the money market instruments must be taken into account;

- (ii) the portfolio of assets from re-investment of cash collateral shall comply with the requirements as set out in Chapter 8.2(f) and (n) of the UT Code;
 - (iii) cash collateral received is not allowed to be further engaged in any Securities Financing Transactions;
 - (iv) when the cash collateral received is reinvested into other investment(s), such investment(s) is/are not allowed to be engaged in any Securities Financing Transactions;
 - (v) non-cash collateral received may not be sold, re-invested or pledged;
- Encumbrances – collateral should be free of prior encumbrances; and
 - Collateral generally should not include (i) structured products whose payouts rely on embedded FDIs or synthetic instruments; (ii) securities issued by special purpose vehicles, special investment vehicles or similar entities; (iii) securitised products; or (iv) unlisted collective investment schemes.

The collateral policy adopted by the Manager applicable to a particular Sub-Fund (if any) is set out in the Appendix of the relevant Sub-Fund.

CREATIONS AND REDEMPTIONS (PRIMARY MARKET)

Investment in a Sub-Fund

There are two methods of making an investment in a Sub-Fund and of disposing of Shares to realise an investment in a Sub-Fund.

The first method is to create Shares at the Issue Price or redeem Shares at the Redemption Value directly with the Sub-Fund in the primary market through a Participating Dealer, being a licensed dealer that has entered into a Participation Agreement in respect of the relevant Sub-Fund. Where a Sub-Fund has a Multi-Counter, although a Participating Dealer may, subject to arrangement with the Manager, elect to CCASS to have Shares which it creates deposited in any available counter, all creation and redemption for all Shares must be in the base currency of that Sub-Fund. Because of the size of the capital investment (i.e. Application Share size) required either to create or redeem Shares through the Participating Dealer in the primary market, this method of investment is more suitable for institutional investors and market professionals. Participating Dealers are under no obligations to create or redeem Shares for their clients and may impose terms, including charges, for handling creation or redemption orders as they determine appropriate, as described in more detail in this section.

The second method is to buy or to sell Shares in the secondary market on the SEHK which is more suitable for retail investors. The secondary market price of Shares may trade at a premium or discount to the Net Asset Value of the relevant Sub-Fund.

This section of this Prospectus describes the first method of investment and should be read in conjunction with the Participation Agreement and the Instrument. The section on “**EXCHANGE LISTING AND TRADING (SECONDARY MARKET)**” relates to the second method of investment.

Creation of Shares through Participating Dealers

Any application for the creation of Shares of a Sub-Fund must only be made through a Participating Dealer in respect of an Application Share size or whole multiple thereof (save and except for application during the relevant Initial Offer Period, the Manager may accept an Application Share size which is not a whole multiple thereof) as set out in the section “**Key Information**” in the relevant Appendix. Investors cannot acquire Shares directly from a Sub-Fund. Only Participating Dealers may submit Creation Applications to the Company and the Manager (with a copy to the Custodian).

Shares in each Sub-Fund are continuously offered through a Participating Dealer, who may apply for them on any Dealing Day for its own account or for your account as their client(s), in accordance with the Operating Guidelines, by submitting a Creation Application to the Company and the Manager (with a copy to the Custodian).

Each initial Participating Dealer has indicated to the Manager that it will generally accept and submit creation requests received from its clients, subject always to (i) mutual agreement between the relevant initial Participating Dealer and its clients as to its fees for handling such requests; (ii) completion to its satisfaction of client acceptance procedures and requirements; (iii) no objection from the Manager to create Shares for the relevant initial Participating Dealer on behalf of such clients (please refer to the sub-section on “**Creation Process**” below for the examples of exceptional circumstances under which the Manager shall have the right to reject a Creation Application); and (iv) mutual agreement between the relevant initial Participating Dealer and its clients as to the method of effecting such creation requests.

In addition, a Participating Dealer reserves the right to reject, acting in good faith, any creation request received from a client under exceptional circumstances, including without limitation the following circumstances:

- (a) any period during which (i) the creation or issue of Shares of the relevant Sub-Fund or class, (ii) the redemption of Shares of the relevant Sub-Fund or class, and/or (iii) the determination of Net Asset Value of the relevant Sub-Fund or class of Shares is suspended;

- (b) where there is in existence any trading restriction or limitation such as the occurrence of a market disruption event, suspected market misconduct or the suspension of dealing in relation to (i) for an Index Tracking Sub-Fund, any of the Securities and/or Futures Contracts in the relevant Index or (ii) for a Sub-Fund that is not an Index Tracking Sub-Fund, a substantial part of the investments of the Sub-Fund;
- (c) where acceptance of the creation request or any Security in connection with such creation request would render the Participating Dealer in breach of any regulatory restriction or requirement, internal compliance or internal control restriction or requirement of the Participating Dealer necessary for compliance with applicable legal and regulatory requirements;
- (d) circumstances outside the control of the Participating Dealer which make it for all practicable purposes impossible to process the creation request; or
- (e) during any period when the business operations of the Participating Dealer are substantially interrupted or closed as a result of or arising from pestilence, acts of war, terrorism, insurrection, revolution, civil unrest, riot, strikes or acts of God.

Requirements Relating to Creation Requests by Potential Investors

As of the date of this Prospectus, only cash creation is available to the Participating Dealers in respect of the Sub-Fund(s).

A Participating Dealer may impose fees and charges in handling any creation request which would increase the cost of investment. Investors are advised to check with the Participating Dealer as to relevant fees and charges. Although the Manager has a duty to monitor the operations of each Sub-Fund closely, neither the Company, the Manager, the Custodian, the Administrator nor the Registrar is empowered to compel a Participating Dealer to disclose its fees agreed with specific clients or other proprietary or confidential information to the Company, the Manager, the Custodian, the Administrator or the Registrar or to accept any such creation requests received from clients. In addition, neither the Custodian, the Administrator, the Registrar nor the Company can ensure effective arbitrage by Participating Dealer.

A Participating Dealer may also impose timing deadlines for the submission by its clients of any creation request and require any such clients to complete the relevant client acceptance procedures and requirements (including, where necessary, providing such documentation and certifications as required by the Participating Dealer) in order to ensure that an effective Creation Application in respect of a Sub-Fund can be submitted by it to the Company and the Manager (with a copy to the Custodian). Investors are advised to check with the Participating Dealer as to the relevant timing deadlines and the client acceptance procedures and requirements.

The Application Share size for a Sub-Fund is the number of Shares specified in the relevant Appendix. Save and except for application during the relevant Initial Offer Period, Creation Applications submitted in respect of Shares other than in Application Share size or whole multiples thereof will not be accepted. The minimum subscription for each Sub-Fund is one Application Share.

Creation Process

A Participating Dealer may from time to time submit Creation Applications in respect of a Sub-Fund to the Company and the Manager (with a copy to the Custodian), following receipt of creation requests from clients or where it wishes to create Shares of the relevant Sub-Fund for its own account.

If a Creation Application is received on a day which is not a Dealing Day or is received after the relevant Dealing Deadline on a Dealing Day, that Creation Application shall be treated as having been received at the opening of business on the next Dealing Day, which shall be the relevant Dealing Day for the purposes of that Creation Application. The current Dealing Deadline After Listing on the relevant Dealing Day is specified in the relevant Appendix, or such other time as the Manager may determine in consultation with the Custodian on any day when the trading hours of the SEHK, the Recognised Futures Exchange or the Recognised Stock Exchange are reduced. To be effective, a Creation Application must:

- (a) be given by a Participating Dealer in accordance with the Instrument, the relevant Participation Agreement and the relevant Operating Guidelines;

- (b) specify the number of Shares and the class of Shares (where applicable) which is the subject of the Creation Application; and
- (c) include the certifications required in the Participation Agreement and the Operating Guidelines (if any) in respect of creations of Shares, together with such certifications and opinions of counsel (if any) as either the Company or the Manager may separately consider necessary to ensure compliance with applicable securities and other laws in relation to the creation of Shares which are the subject of the Creation Application.

The Company shall have the right to reject, acting in good faith, any Creation Application under exceptional circumstances, including without limitation the following circumstances:

- (a) any period during which (i) the creation or issue of Shares of the relevant Sub-Fund or class, (ii) the redemption of Shares of the relevant Sub-Fund or class, and/or (iii) the determination of Net Asset Value of the relevant Sub-Fund or class of Shares is suspended;
- (b) where in the opinion of the Manager, acceptance of the Creation Application would have an adverse effect on the relevant Sub-Fund or class;
- (c) where, if relevant to a Sub-Fund, in the opinion of the Manager, acceptance of the Creation Application would have a material impact on the relevant market on which (i) for an Index Tracking Sub-Fund, a Security and/or Futures Contract, as the case may be, that is a constituent of the Index for the relevant Index Tracking Sub-Fund, or (ii) for a Sub-Fund that is not an Index Tracking Sub-Fund, a substantial part of the investments of the Sub-Fund, has its primary listing;
- (d) where there is in existence any trading restriction or limitation such as the occurrence of a market disruption event, suspected market misconduct or the suspension of dealing in relation to (i) for an Index Tracking Sub-Fund, any of the Securities and/or Futures Contracts as the case may be in the relevant Index, or (ii) for a Sub-Fund that is not an Index Tracking Sub-Fund, a substantial part of the investments of the Sub-Fund;
- (e) where acceptance of the Creation Application would render the Company in breach of any regulatory restriction or requirement, internal compliance or internal control restriction or requirement of the Company or the Manager necessary for compliance with applicable Laws and Regulations;
- (f) circumstances outside the control of the Company or the Manager which make it for all practicable purposes impossible to process the Creation Application;
- (g) any period during which the business operations of the Company or any delegate of the Company in respect of a Creation Application in the relevant Sub-Fund are substantially interrupted or closed as a result of or arising from pestilence, acts of war, terrorism, insurrection, revolution, civil unrest, riots, strikes or acts of God; or
- (h) an Insolvency Event occurs in respect of the relevant Participating Dealer.

In the event of such rejection, the Company shall notify the Custodian and the relevant Participating Dealer of its decision to reject such Creation Application in accordance with the Operating Guidelines. Where for any reason there is a limit to the number of Shares which can be created, priority will be given to Participating Dealers and the relevant Creation Applications as set out in the Operating Guidelines.

The Company's right to reject a Creation Application is separate and in addition to a Participating Dealer's right to reject, acting in good faith, any creation request received from a client of the Participating Dealer under exceptional circumstances. Notwithstanding a Participating Dealer has accepted creation requests from its clients and in that connection submitted an effective Creation Application, the Company may exercise its rights to reject such Creation Application in the circumstances described herein.

Where the Company accepts a Creation Application from a Participating Dealer, it shall instruct the Custodian to effect (i) for the account of the Sub-Fund, the creation of Shares in Application Share size in exchange for a transfer of cash and/or Securities (at the discretion of the Participating Dealer but subject to the Manager's agreement); and (ii) the issue of Shares to the Participating Dealer, both in accordance with the Operating Guidelines and the Instrument.

Issue of Shares

Shares will be issued at the Issue Price prevailing on the relevant Dealing Day, provided that there may be added to such Issue Price such sum (if any) as represents an appropriate provision for Duties and Charges. Please refer to the section on “**Issue Price and Redemption Value**” for the calculation of the Issue Price.

On receipt of a Creation Application by a Participating Dealer for Shares in a Sub-Fund during the relevant Initial Offer Period, the Company shall procure the creation and issue of Shares in that Sub-Fund on the relevant Initial Issue Date.

Shares are denominated in the base currency of the relevant Sub-Fund (unless otherwise determined by the Directors) as set out in the relevant Appendix and no fractions of a Share shall be created or issued by the Company.

The creation and issue of Shares pursuant to a Creation Application shall be effected on the relevant Settlement Day for the Dealing Day on which the Creation Application is received (or deemed received) and accepted in accordance with the Operating Guidelines but, for valuation purposes only, Shares shall be deemed created and issued after the Valuation Point on the Dealing Day on which the relevant Creation Application was received or deemed received and, subject to the Company confirming to the Registrar that settlement has occurred, the register will be updated on the relevant Settlement Day or the Dealing Day immediately following the Settlement Day if the settlement period is extended. An Extension Fee may be payable in relation to such an extension. See the section on “**FEES AND EXPENSES**” for further details. If a Creation Application is received on a day which is not a Dealing Day or is received after the relevant Dealing Deadline on a Dealing Day, that Creation Application shall be treated as having been received at the opening of business on the next Dealing Day, which shall be the relevant Dealing Day for the purposes of that Creation Application.

The Registrar shall be entitled to refuse to enter (or allow to be entered) Shares in the register if at any time the Registrar is of the opinion that the provisions as set out in the Instrument, the relevant Operating Guidelines or the relevant Participation Agreement, in regard to the issue of Shares, are being infringed.

Fees Relating to Creation Applications

The Conversion Agent, the Service Agent, the Custodian and/or the Registrar may charge a Transaction Fee in respect of Creation Applications and may on any day vary the rate of the Transaction Fee they charge (but not as between different Participating Dealers in respect of the same Sub-Fund). The Transaction Fee shall be paid by or on behalf of the Participating Dealer applying for such Shares and may be set off and deducted against any cash amount due to the Participating Dealer in respect of such Creation Applications for the benefit of the Custodian, the Registrar, the Conversion Agent and/or the Service Agent. See the section on “**FEES AND EXPENSES**” for further details.

In relation to cash creation of Shares, the Company reserves the right to require the Participating Dealer to pay or cause to be paid an additional sum for the purpose of compensating or reimbursing the Sub-Fund for the difference between:

- (a) the prices used when valuing the Securities and/or Futures Contracts, as applicable, of the Sub-Fund for the purpose of such issue of Shares; and
- (b) the prices which would be used when acquiring the same Securities and/or Futures Contracts, as applicable, if they were acquired by the Sub-Fund with the amount of cash received by the Sub-Fund upon such issue of Shares.

The Participating Dealer may pass on to the relevant investor such additional sum.

Any commission, remuneration or other sum payable by the Company or Manager to any agent or other person in respect of the issue or sale of any Share shall not be added to the Issue Price of such Share and shall not be paid from the assets of any Sub-Fund.

Cancellation of Creation Applications

A Creation Application once submitted cannot be revoked or withdrawn without the consent of the Company.

The Company may cancel Shares created and issued in respect of a Creation Application if (a) all the Securities and/or Futures Contracts relating to the Creation Application have not been invested by or on the Initial Issue Date or the relevant Settlement Day (as the case may be) or to the Company's satisfaction or evidence of title and instruments of transfer satisfactory to the Company have not been produced to or to the order of the Company; or (b) the full amount of (i) any cash payable in connection with the relevant Creation Application and (ii) any Duties and Charges, incidental costs associated with the creation of Shares and Transaction Fee payable have not been received in cleared funds by or on behalf of the Custodian by such time on the Initial Issue Date or the relevant Settlement Day (as the case may be) as prescribed in the Operating Guidelines, provided that in either event the Company may at its discretion, (i) extend the settlement period (either for the Creation Application as a whole or for a particular Security) such extension to be on such terms and conditions (including as to the payment of an Extension Fee or otherwise as the Company may determine) as the Directors may determine and in accordance with the provisions of the Operating Guidelines; or (ii) partially settle the Creation Application to the extent to which Securities and/or Futures Contracts and/or cash have been vested in, or to the account of the Sub-Fund, on such terms and conditions as the Directors may determine including terms as to any extension of the settlement period for the outstanding Securities, Futures Contracts or cash.

In addition to the preceding circumstances, the Company may also cancel any creation order for any Shares if the Company determines by such time as it specifies in the Operating Guidelines that it is unable to invest the cash proceeds of any Creation Application.

Upon the cancellation of any creation order of any Shares deemed created pursuant to a Creation Application as provided for above or if a Participating Dealer otherwise withdraws subject to the Company's consent a Creation Application (other than in certain circumstances contemplated in the Instrument such as when the Manager declares a suspension of creations of Shares), the Securities deposited for exchange that have been vested in the Company and/or any cash received by or on behalf of the Company in connection with the relevant Creation Application (in either case in respect of such cancelled Shares) shall be redelivered to the Participating Dealer (without interest) as soon as reasonably practicable and the relevant Shares shall be deemed for all purposes never to have been created and the Participating Dealer shall have no right or claim against the Company, the Manager, the Custodian, the Administrator, the Registrar, the Conversion Agent and/or the Service Agent in respect of such cancellation provided that:

- (a) the Custodian may charge the relevant Participating Dealer for the account of the Custodian an application cancellation fee (see the section on "**FEES AND EXPENSES**" for further details);
- (b) the Company may at its absolute discretion require the Participating Dealer to pay to the Company, for the account of the relevant Sub-Fund, in respect of each Share so cancelled Cancellation Compensation, being the amount (if any) by which the Issue Price of each such Share exceeds the Redemption Value which would have applied in relation to each such Share if the Participating Dealer had, on the date on which such Shares are cancelled, made a Redemption Application, together with charges, expenses and losses incurred by the Sub-Fund as a result of any such cancellation;
- (c) the Transaction Fee in respect of such Creation Application shall remain due and payable (notwithstanding that the Creation Application shall be deemed to never have been made) and once paid shall be retained by and for the benefit of the Company, the Custodian, the Registrar, the Conversion Agent and/or the Service Agent (see the section on "**FEES AND EXPENSES**" for further details); and
- (d) no previous valuations of the Scheme Property shall be re-opened or invalidated as a result of the cancellation of such Shares.

Redemption of Shares Through Participating Dealers

Any application for the redemption of Shares of a Sub-Fund must only be made through a Participating Dealer in respect of an Application Share size or whole multiples thereof. Investors cannot redeem Shares directly from the relevant Sub-Fund. Only Participating Dealers may submit Redemption Applications to the Company and the Manager (with a copy to the Custodian).

A Participating Dealer may redeem Shares on any Dealing Day for its own account or for the account of its clients in accordance with the Operating Guidelines, by submitting a Redemption Application to the Company and the Manager (with a copy to the Custodian).

Each initial Participating Dealer has indicated to the Manager that it will generally accept and submit redemption requests received from its clients, subject always to (i) mutual agreement between the relevant initial Participating Dealer and its clients as to its fees for handling such request(s); (ii) completion to its satisfaction of client acceptance procedures and requirements; (iii) no objection from the Manager to redeem Shares for the relevant initial Participating Dealer on behalf of its clients (please refer to the sub-section on "*Redemption Process*" below for the examples of exceptional circumstances under which the Manager shall have the right to reject a Redemption Application); and (iv) mutual agreement between the relevant initial Participating Dealer and its clients as to the method of effecting such redemption request.

In addition, a Participating Dealer reserves the right to reject, acting in good faith, any redemption request received from a client under exceptional circumstances, including without limitation the following circumstances:

- (a) any period during which (i) the creation or issue of Shares of the relevant Sub-Fund or class, (ii) the redemption of Shares of the relevant Sub-Fund or class, and/or (iii) the determination of Net Asset Value of the relevant Sub-Fund or class of Shares is suspended;
- (b) where there is in existence any trading restriction or limitation such as the occurrence of a market disruption event, suspected market misconduct or the suspension of dealing in relation to (i) for an Index Tracking Sub-Fund, any of the Securities and/or Futures Contracts in the Index, or (ii) for a Sub-Fund that is not an Index Tracking Sub-Fund, a substantial part of the investments of the Sub-Fund;
- (c) where acceptance of the redemption request would render the Participating Dealer in breach of any regulatory restriction or requirement, internal compliance or internal control restriction or requirement of the Participating Dealer necessary for compliance with applicable legal and regulatory requirements;
- (d) circumstances outside the control of the Participating Dealer which make it for all practicable purposes impossible to process the redemption request; or
- (e) during any period when the business operations of the Participating Dealer are substantially interrupted or closed as a result of or arising from pestilence, acts of war, terrorism, insurrection, revolution, civil unrest, riots, strikes or acts of God.

Requirements Relating to Redemption Requests by Potential Investors

As at the date of this Prospectus, only cash redemption is available to the Participating Dealers in respect of the Sub-Fund(s).

A Participating Dealer may impose fees and charges in handling any redemption request which would increase the cost of investment and/or reduce the redemption proceeds. You are advised to check with the Participating Dealer as to relevant fees and charges. Although the Manager has a duty to monitor the operations of each Sub-Fund closely, neither the Manager nor the Custodian is empowered to compel a Participating Dealer to disclose its fees agreed with specific clients or other proprietary or confidential information to the Manager or the Custodian or to accept any such redemption requests received from clients. In addition, neither the Company nor the Manager can ensure effective arbitration by a Participating Dealer.

A Participating Dealer may also impose timing deadlines for the submission by its clients of any redemption request and require any such clients to complete the relevant client acceptance procedures and requirements (including, where necessary, providing such documentation and certifications as required by the Participating Dealer) in order to ensure that an effective Redemption Application in respect of a Sub-Fund can be submitted by it to the Company and the Manager (with a copy to the Custodian). You are advised to check with the Participating Dealer as to the relevant timing deadlines and the client acceptance procedures and requirements.

The Application Share size for a Sub-Fund is the number of Shares specified in the relevant Appendix. Redemption Applications submitted in respect of Shares other than in Application Share size or whole multiples thereof will not be accepted. The minimum redemption for each Sub-Fund is one Application Share.

Redemption Process

A Participating Dealer may from time to time submit Redemption Applications in respect of a Sub-Fund to the Company and the Manager (with a copy to the Custodian), following receipt of redemption requests from clients or where it wishes to redeem Shares of the relevant Sub-Fund for its own account.

If a Redemption Application is received on a day which is not a Dealing Day or is received after the relevant Dealing Deadline on a Dealing Day, that Redemption Application shall be treated as having been received at the opening of business on the next Dealing Day, which shall be the relevant Dealing Day for the purposes of that Redemption Application. The current Dealing Deadline After Listing on the relevant Dealing Day is specified in the relevant Appendix, or such other time as the Manager may determine in consultation with the Custodian on any day when the trading hours of the SEHK are reduced.

To be effective, a Redemption Application must:

- (a) be given by a Participating Dealer in accordance with the Instrument, the relevant Participation Agreement and the relevant Operating Guidelines;
- (b) specify the number of Shares and the class of Shares (where applicable) which is the subject of the Redemption Application; and
- (c) include the certifications required in the Participation Agreement and the Operating Guidelines (if any) in respect of redemptions of Shares, together with such certifications and opinions of counsel (if any) as either the Company or the Manager may consider necessary to ensure compliance with applicable securities and other laws in relation to the redemption of Shares which are the subject of the Redemption Application.

The Company shall have the right to reject, acting in good faith, any Redemption Application under exceptional circumstances, including without limitation the following circumstances:

- (a) any period during which (i) the creation or issue of Shares of the relevant Sub-Fund or class, (ii) the redemption of Shares of the relevant Sub-Fund or class, and/or (iii) the determination of Net Asset Value of the relevant Sub-Fund or class of Shares is suspended;
- (b) where in the opinion of the Manager, acceptance of the Redemption Application would have an adverse effect on the relevant Sub-Fund or class;
- (c) where there is in existence any trading restriction or limitation such as the occurrence of a market disruption event, suspected market misconduct or the suspension of dealing in relation to (i) for an Index Tracking Sub-Fund, any of the Securities and/or Futures Contracts in the relevant Index or (ii) for a Sub-Fund that is not an Index Tracking Sub-Fund, a substantial part of the investments of the Sub-Fund;
- (d) where acceptance of the Redemption Application would render the Company in breach of any regulatory restriction or requirement, internal compliance or internal control restriction or requirement of the Company or the Manager necessary for compliance with applicable legal and regulatory requirements;
- (e) circumstances outside the control of the Company or the Manager which make it for all practicable purposes impossible to process the Redemption Application; or
- (f) any period during which the business operations of the Company or any delegate of the Company in respect of a Redemption Application in the relevant Sub-Fund are substantially interrupted or closed as a result of or arising from pestilence, acts of war, terrorism, insurrection, revolution, civil unrest, riots, strikes or acts of God.

In the event of such rejection, the Company shall notify the Custodian and the relevant Participating Dealer of its decision to reject such Redemption Application in accordance with the Operating Guidelines.

The Company's right to reject a Redemption Application is separate and in addition to a Participating Dealer's right to reject, acting in good faith, any redemption request received from a client under exceptional circumstances. Notwithstanding a Participating Dealer has accepted redemption requests from clients and in that connection submitted an effective Redemption Application, the Company may exercise its rights to reject such Redemption Application in the circumstances described herein.

Where the Company accepts a Redemption Application from a Participating Dealer, it shall (i) effect the redemption and cancellation of the relevant Shares; and (ii) require the Custodian to transfer to the Participating Dealer Securities and/or cash in accordance with the Operating Guidelines and the Instrument.

The Participating Dealer will then transfer the Securities and/or cash to the relevant client if the Redemption Application was submitted by the Participating Dealer for the account of its client.

Redemption of Shares

Any accepted Redemption Application will be effected on the Settlement Day provided that a Redemption Application duly signed by a Participating Dealer (to the satisfaction of the Company) has been received and provided further that the Company shall have received (unless otherwise provided in the Operating Guidelines) the original (and not a faxed copy) of the certificates (if any) representing the Shares to be cancelled (or an indemnity in terms acceptable to the Company) and the full amount of any amount payable by the Participating Dealer including the Transaction Fee and any other Duties and Charges have been either deducted or otherwise paid in full.

For valuation purposes only, Shares shall be deemed to have been redeemed and cancelled after the Valuation Point on the Dealing Day on which the Redemption Application was received or deemed received. The name of the Shareholder of such Shares shall be removed from the Register in respect of those Shares redeemed and cancelled on the relevant Settlement Day.

The Redemption Value of Shares tendered for redemption and cancellation shall be the Net Asset Value per Share of a Sub-Fund (or class of Shares) on the relevant Dealing Day rounded to the nearest 4 decimal places (0.00005 or above being rounded up, and less than 0.00005 being rounded down). The benefit of any rounding adjustments will be retained by the relevant Sub-Fund. For the purpose of valuation, the relevant Valuation Point shall be the Valuation Point for the Dealing Day on which the Redemption Application is treated as having been received.

The interval between the receipt of a properly documented Redemption Application and payment of redemption proceeds may not exceed one calendar month provided that there is no delay in submitting all duly completed redemption documentation and the determination of the Net Asset Value or dealing in Shares is not suspended.

The Company may at its discretion extend the settlement period upon receipt of the extended settlement request by a Participating Dealer in respect of the Redemption Application on such terms and conditions (including as to the payment of the Extension Fee or otherwise as the Company may determine) as the Manager and the Custodian may in their discretion determine, in accordance with the Operating Guidelines.

Fees Relating to Redemption Applications

The Conversion Agent, the Service Agent, the Custodian and/or the Registrar may charge a Transaction Fee in respect of Redemption Applications and may on any day vary the rate of the Transaction Fee they charge (but not as between different Participating Dealers in respect of the same Sub-Fund). The Transaction Fee shall be paid by or on behalf of the Participating Dealer submitting the Redemption Application(s) (and may be set off and deducted against any amount due to the Participating Dealer in respect of such Redemption Application(s)) for the benefit of the Custodian, the Registrar, the Conversion Agent and/or the Service Agent. See the section on "**FEES AND EXPENSES**" for further details.

In relation to cash redemption of Shares, notwithstanding the aforesaid regarding the redemption and cancellation of Shares based on Net Asset Value, the Participating Dealer may be required to pay an additional sum for the purpose of compensating or reimbursing a Sub-Fund for the difference between:

- (a) the prices used when valuing the Securities and/or Futures Contracts, as applicable of the Sub-Fund for the purpose of such redemption of Shares; and

- (b) the prices which would be used when selling the same Securities and/or Futures Contracts, as applicable if they were sold by the Sub-Fund in order to realise the amount of cash required to be paid out of the Sub-Fund upon such redemption of Shares.

The Participating Dealer may pass on to the relevant investor such additional sum.

The Company may deduct from the redemption proceeds such sum (if any) as the Manager may consider represents an appropriate provision for the Transaction Fee and/or other Duties and Charges.

Where a Sub-Fund redeems in-kind in respect of SEHK listed Securities, the Conversion Agent may charge a Share Cancellation Fee in connection with each accepted Redemption Application.

Cancellation of Redemption Applications

A Redemption Application once given cannot be revoked or withdrawn without the consent of the Company.

No Security shall be transferred and/or no cash amount shall be paid in respect of any Redemption Application unless Shares, which are the subject of the Redemption Application, have been delivered to the Company free and clear of any Encumbrance for redemption by such time on the Settlement Day or other deadline as the Company shall for the time being prescribe for Redemption Applications generally.

In the event that Shares, which are the subject of a Redemption Application, are not delivered to the Company for redemption in accordance with the foregoing or are not free and clear of any Encumbrance (other than in certain circumstances contemplated in the Instrument such as when the Manager declares a suspension of redemptions of Shares):

- (a) the Custodian may charge the relevant Participating Dealer for the account of the Custodian an application cancellation fee (see the section on "**FEES AND EXPENSES**" for further details);
- (b) the Company may at its absolute discretion require the Participating Dealer to pay to the Company, for the account of the relevant Sub-Fund, in respect of each Share so cancelled Cancellation Compensation, being the amount (if any) by which the Redemption Value of each such Share is less than the Issue Price which would have applied in relation to each such Share if the Participating Dealer had, on the actual date when the Company is able to repurchase any replacement Securities and/or Futures Contracts made a Creation Application in accordance with the provisions of the Instrument plus such other amount as the Company reasonably determines as representing any charges, expenses and losses incurred by the Sub-Fund as a result of such cancellation;
- (c) the Transaction Fee in respect of such Redemption Application shall remain due and payable (notwithstanding that the Redemption Application shall be deemed to never have been made) and once paid, shall be retained by and for the benefit of the Company, the Custodian, the Registrar, the Conversion Agent and/or the Service Agent (see the section on "**FEES AND EXPENSES**" for further details); and
- (d) no previous valuations of the Scheme Property shall be re-opened or invalidated as a result of an unsuccessful Redemption Application.

Deferred Redemption

In the event that redemption requests are received for the redemption of Shares representing in aggregate more than 10% (or such higher percentage as the Manager may determine in respect of the Sub-Fund as permitted by the SFC) of the total Net Asset Value of Shares in a Sub-Fund then in issue, the Company may reduce the requests rateably and pro rata amongst all Shareholders seeking to redeem Shares on the relevant Dealing Day and carry out only sufficient redemptions which, in aggregate, amount to 10% (or such higher percentage as the Manager may determine in respect of a Sub-Fund as permitted by the SFC) of the total Net Asset Value of Shares in the relevant Sub-Fund then in issue. Shares which are not redeemed but which would otherwise have been redeemed will be redeemed on the next Dealing Day (subject to further deferral if the deferred requests in respect of the relevant Sub-Fund themselves exceed 10% (or such higher percentage as the Manager may determine in respect of that Sub-Fund as permitted by the SFC) of the total

Net Asset Value of Shares in the relevant Sub-Fund then in issue) in priority to any other Shares in the relevant Sub-Fund for which redemption requests have been received. Shares will be redeemed at the Redemption Value prevailing on the Dealing Day on which they are redeemed.

Suspension of Creations and Redemptions

The Manager may at its discretion (in consultation with the Custodian and, in respect of redemptions, where practicable following consultation with the relevant Participating Dealers and having regard to the best interests of the Shareholders), suspend the creation or issue of Shares of any Sub-Fund or class of Shares, suspend the redemption of Shares of any Sub-Fund or class of Shares and/or (subject to all applicable legal or regulatory requirements where payment of redemption proceeds exceeds one calendar month) delay the payment of any monies and transfer of any Securities and/or Futures Contracts, as the case may be, in respect of any Creation Application and/or Redemption Application in the following circumstances:

- (a) during any period when trading on the SEHK or any other Recognised Stock Exchange or Recognised Futures Exchange is restricted or suspended;
- (b) during any period when a market on which (i) for an Index Tracking Sub-Fund, a Security and/or Futures Contract, as the case may be, that is a constituent of the Index for the relevant Index Tracking Sub-Fund, or (ii) for a Sub-Fund that is not an Index Tracking Sub-Fund, a substantial part of the investments of the Sub-Fund, has its primary listing, or the official clearing and settlement depository (if any) of such market, is closed;
- (c) during any period when dealing on a market on which (i) for an Index Tracking Sub-Fund, a Security and/or Futures Contract, as the case may be, that is a constituent of the Index for the relevant Index Tracking Sub-Fund, or (ii) for a Sub-Fund that is not an Index Tracking Sub-Fund, a substantial part of the investments of the Sub-Fund, has its primary listing is restricted or suspended;
- (d) during any period when, in the opinion of the Manager, settlement or clearing of Securities and/or Futures Contracts, as the case may be in the official clearing and settlement depository (if any) of such market is disrupted;
- (e) during the existence of any state of affairs as a result of which delivery or purchase of Securities and/or Futures Contracts, as the case may be, as appropriate or disposal of investments for the time being comprised in the relevant Sub-Fund cannot, in the opinion of the Manager, be effected normally or without prejudicing the interests of Shareholders of the relevant Sub-Fund;
- (f) in respect of an Index Tracking Sub-Fund only, during any period when the Index for the relevant Index Tracking Sub-Fund is not compiled or published;
- (g) during any breakdown in any of the means normally employed in determining the Net Asset Value of the relevant Sub-Fund or the Net Asset Value per Share of the relevant class or when for any other reason the value of any Securities and/or Futures Contracts or other property for the time being comprised in the relevant Sub-Fund cannot, in the opinion of the Manager, reasonably, promptly and fairly be ascertained;
- (h) during any period when the determination of the Net Asset Value of the relevant Sub-Fund or class of Shares is suspended or if any circumstance specified in the sub-section on "**Suspension of Determination of Net Asset Value**" under the section "**DETERMINATION OF NET ASSET VALUE**" below arises;
- (i) during any period when the business operations of the Company, the Manager, the Custodian or any delegate of the Company or the Manager in respect of a Creation Application or Redemption Application in the relevant Sub-Fund are substantially interrupted or closed as a result of or arising from pestilence, acts of war, terrorism, insurrection, revolution, civil unrest, riots, strikes or acts of God; or
- (j) in respect of a Creation Application, if as a result of the investment of the proceeds of issue of such Shares in accordance with the investment objective of the Sub-Fund, the Company collectively holds or would hold in aggregate more than 10% of the ordinary shares issued by any single entity.

In addition, where the Sub-Funds under the Company hold in aggregate more than the limit of 10% of the ordinary shares issued by any single entity, the Manager will make it a priority objective to take all other necessary steps within a reasonable period to remedy such breach, taking into account the interests of the Shareholders.

The Manager shall notify the SFC and publish a notice of suspension following the suspension, and at least once a month during the suspension, on the Company's website at <https://www.fubonETF.com.hk> (this website has not been reviewed by the SFC) or in such other publications as it decides.

The Manager shall consider any Redemption Application or any Creation Application received during the period of suspension (that has not been otherwise withdrawn) as having been received immediately following the termination of the suspension. The period for settlement of any redemption will be extended by a period equal to the length of the period of suspension.

A Participating Dealer may, at any time after a suspension has been declared and before termination of such suspension, withdraw any Creation Application or Redemption Application by notice in writing to the Company and the Company shall promptly notify and request the Custodian to return to the Participating Dealer any Securities and/or cash received by it in respect of the Creation Application (without interest) as soon as practicable.

A suspension shall remain in force until the earlier of (a) the Manager declaring the suspension is at an end; and (b) the first Dealing Day on which (i) the condition giving rise to the suspension shall have ceased to exist; and (ii) no other condition under which suspension is authorised exists.

Evidence of Shareholding

Shares will be deposited, cleared and settled by the CCASS. Shares are held in registered entry form only, which means that no Share certificates are issued. HKSCC Nominees Limited is the registered owner (i.e. the sole holder of record) of all outstanding Shares deposited with the CCASS and is holding such Shares for the participants in accordance with the General Rules of CCASS. Furthermore, the Company, the Manager and the Custodian acknowledge that pursuant to the General Rules of CCASS neither HKSCC Nominees Limited nor HKSCC has any proprietary interest in the Shares. Investors owning Shares in CCASS are beneficial owners as shown on the records of the participating brokers or the relevant Participating Dealer(s) or PD Agent(s) (as the case may be) who are participants of CCASS.

Restrictions on Shareholders

The Directors have power to impose such restrictions as it may think necessary for the purpose of ensuring that no Shares are acquired or held which would result in such holding being:

- (a) in contravention of any laws or requirements of any country, any governmental authority or any stock exchange on which such Shares are listed;
- (b) in circumstances (whether directly or indirectly affecting such person and whether taken alone or in conjunction with any other persons, connected or not, or any other circumstances appearing to the Directors to be relevant) which, in the Directors' opinion, might result in the Company, the Sub-Fund, the Directors, any service provider and/or other Shareholders incurring any liability to taxation or suffering any other pecuniary disadvantage which the Company, the Sub-Fund, the Directors, service provider and/or other Shareholders might not otherwise have incurred or suffered; or
- (c) in breach of any applicable anti-money laundering or identification verification or national status or residency requirements imposed on him (whether under the terms of any underlying investment arrangement or otherwise) including without limitation the issue of any warranty or supporting document required to be given to the Company.

Upon notice that any Shares are so held, the Directors may require such Shareholders to redeem or transfer such Shares in accordance with the provisions of the Instrument. A person who becomes aware that he is holding or owning Shares in breach of any of the above restrictions is required either to redeem his Shares in accordance with the Instrument or to transfer his Shares to a person whose holding would be permissible under this Prospectus and the Instrument in a manner that would result in such Shareholder no longer being in breach of the restrictions above.

Transfer of Shares

The Instrument provides that a Shareholder may transfer Shares subject to the provisions of the Instrument.

As all Shares will be held in CCASS, an investor is entitled to transfer Shares held by him by using the standard transfer form issued by SEHK or by an instrument in writing in such other form (and if the transferor or the transferee is a clearing house or its nominee(s), by hand or by machine imprinted signature or by such other manner of execution) as the Directors may from time to time approve. A transferor remains the Shareholder of the Shares transferred until the name of the transferee is entered in the register of Shareholders in respect of the Shares being transferred. Each instrument of transfer must relate to a single Sub-Fund only. To the extent that all Shares are deposited, cleared and settled in CCASS, HKSCC Nominees Limited will be the sole Shareholder, holding such Shares for the persons admitted by HKSCC as a participant of CCASS and to whose account any Shares are for the time being allocated in accordance with the General Rules of CCASS.

EXCHANGE LISTING AND TRADING (SECONDARY MARKET)

General

The purpose of the listing of the Shares on the SEHK is to enable investors to buy and sell Shares on the secondary market, normally via a broker or dealer in smaller quantities than would be possible if they were to subscribe and/or redeem Shares in the primary market.

The market price of a Share listed or traded on the SEHK may not reflect the Net Asset Value per Share. Any transactions in the Shares on the SEHK will be subject to the customary brokerage commissions and/or transfer taxes associated with the trading and settlement through the SEHK. There can be no guarantee that once the Shares are listed on the SEHK they will remain listed.

The Manager use its best endeavours to put in place arrangements so that at least one Market Maker will maintain a market for the Shares of each Sub-Fund. Where a Multi-Counter has been adopted in respect of a Sub-Fund the Manager will use its best endeavours to put in place arrangements so that there is at least one Market Maker for each available counter although these Market Makers may be the same entity. Broadly, the obligations of a Market Maker will include quoting bid and offer prices on the SEHK with the intention of providing liquidity. Given the nature of the Market Maker's role, the Manager may make available to a Market Maker, the portfolio composition information made available to a Participating Dealer.

Shares may be purchased from and sold through the Market Makers. However, there is no guarantee or assurance as to the price at which a market will be made. In maintaining a market for Shares, the Market Makers may make or lose money based on the differences between the prices at which they buy and sell Shares, which is to a certain extent dependent on the difference between the purchase and sale prices of the Securities and/or Futures Contracts comprised in the relevant Sub-Fund, or the underlying Securities or Futures Contracts comprised within the Index, as the case may be. Market Makers may retain any profits made by them for their own benefit and they are not liable to account to the relevant Sub-Fund in respect of their profits.

If you wish to buy or sell Shares on the secondary market, you should contact your brokers.

Application has been made to the Listing Committee of the SEHK for the listing of, and permission to deal in the Shares of Fubon NYSE FactSet Asia Battery and Energy Storage Technology Index ETF. Subject to compliance with the admission requirements of the HKSCC, the Shares of Fubon NYSE FactSet Asia Battery and Energy Storage Technology Index ETF will be accepted as eligible securities by HKSCC for deposit, clearing and settlement in CCASS with effect from the date of commencement of dealings in the Shares of Fubon NYSE FactSet Asia Battery and Energy Storage Technology Index ETF on the SEHK or such other date as may be determined by HKSCC.

Settlement of transactions between participants of the SEHK is required to take place in CCASS on the second CCASS Settlement Day after any Trading Day. All activities under CCASS are subject to the General Rules of CCASS and CCASS Operational Procedures in effect from time to time.

If trading of the Shares on the SEHK is suspended or trading generally on the SEHK is suspended, then there will be no secondary market dealing for the Shares.

Shares are neither listed nor dealt on any other stock exchange and no application for such listing or permission to deal is being sought as at the date of this Prospectus. Application may be made in the future for a listing of Shares of any Sub-Fund on one or more other stock exchanges.

Participating Dealers should note that they will not be able to sell or otherwise deal in the Shares on the SEHK until dealings begin on the SEHK.

Please also refer to the sub-sections on "**Exchange Listing and Trading (Secondary Market)**" in the relevant Appendix of the Sub-Fund for additional disclosures on secondary market trading.

DETERMINATION OF NET ASSET VALUE

Calculation of Net Asset Value

The Net Asset Value of each Sub-Fund will be calculated by the Administrator in the base currency of the relevant Sub-Fund as at each Valuation Point applicable to the relevant Sub-Fund by valuing the assets of the relevant Sub-Fund and deducting the liabilities of the relevant Sub-Fund, in accordance with the terms of the Instrument.

Set out below is a summary of how various Securities held by the relevant Sub-Fund are valued:

- (a) Securities that are quoted, listed, traded or dealt in on any Market shall unless the Manager (in consultation with the Custodian) determines that some other method is more appropriate, be valued by reference to the official closing price or, if unavailable, the last traded price on the Market on which the relevant Security is quoted, listed, traded or ordinarily dealt in as the Manager may consider in the circumstances to provide fair criterion, provided that (i) if a Security is quoted, listed, traded or dealt in on more than one Market, the Manager shall adopt the official closing price or, if unavailable, the last traded price on the Market which in its opinion provides the principal market for such Security; (ii) if prices on that Market are not available at the relevant time, the value of the Securities shall be such price as certified by such firm or institution making a market in such investment as may be appointed for such purpose by the Manager, or, if the Custodian so requires, by the Manager after consultation with the Custodian if the prices on that Market is not available for more than such period of time as may be agreed between the Manager, the Custodian and/or any delegates appointed by the Custodian applicable to the Sub-Fund; (iii) (for an Index Tracking Sub-Fund only) in the case of a Security that is a debt instrument which may or may not be a constituent of the relevant Index, the value shall be determined in accordance with the relevant Index's valuation policy (this being the fair value), and the Manager in consultation with the Custodian shall be entitled to use prices furnished by the Index Provider; (iv) interest accrued on any interest-bearing Securities shall be taken into account up to the date as at which the valuation is made, unless such interest is included in the quoted or listed price; (v) the Manager, the Administrator or its delegates may accept as sufficient evidence of the value of any asset of a Sub-Fund or the cost price or sale price thereof, any market quotation or certification by a calculation agent, broker, any professional person, firm or association qualified in the opinion of the Custodian or its delegates or the Manager to provide such a quotation; (vi) the Manager, the Administrator or its delegates may rely upon the established practice and rulings of any market and any committees and officials thereof on which any dealing in any assets of the Sub-Fund or other property is from time to time effected in determining what shall constitute a good delivery and any similar matters; and (vii) the Manager and the Administrator shall be entitled to use and rely on electronic price feeds from such source or sources as they may from time to time determine, notwithstanding that the prices so used are not the official closing prices or the last traded prices (as the case may be);
- (b) the value of each interest in any unlisted mutual fund corporation or unit trust shall be the latest available net asset value per share or unit in such mutual fund corporation or unit trust or, if such net asset value is not available or not considered by the Manager to be appropriate, the latest available bid or offer price for such unit, share or other interest;
- (c) Futures Contracts will be valued based on the formulae set out in the Instrument;
- (d) except as provided for in paragraph (b), the value of any investment which is not quoted, listed, traded or ordinarily dealt in on a Market shall be the initial value thereof equal to the amount expended on behalf of the relevant Sub-Fund in the acquisition of such investment (including, in each case the amount of stamp duties, commissions and other acquisition expenses) provided that the Manager may at any time in consultation with the Custodian and shall at such times or at such intervals as the Custodian may request, cause a revaluation to be made on a regular basis by a professional person approved by the Custodian as qualified to value such investments (which may, if the Custodian agrees, be the Manager);
- (e) cash, deposits and similar investments shall be valued at their face value (together with accrued interest) unless, in the opinion of the Manager in consultation with the Custodian, any adjustment should be made to reflect the value thereof; and

- (f) notwithstanding the foregoing, the Manager in consultation with the Custodian may adjust the value of any investment or permit some other method of valuation to be used if, having regard to relevant circumstances, the Manager considers that such adjustment is more appropriate to fairly reflect the value of the investment.

Currency conversion will be performed at such rates as may be agreed between the Administrator and/or the Custodian with the Manager from time to time.

The above is a summary of the key provisions of the Instrument with regard to how the various assets of the relevant Sub-Fund are valued.

To the extent that the valuation or accounting basis adopted by the Sub-Funds deviates from IFRS, the Manager may make necessary adjustments in the annual financial statements to comply with IFRS. Any such adjustments will be disclosed in the financial reports, including a reconciliation note to reconcile values arrived at by applying the Company's valuation rules.

Suspension of Determination of Net Asset Value

Subject to the Laws and Regulations, the Manager may, in consultation with the Custodian, declare a suspension of the determination of the Net Asset Value of the relevant Sub-Fund or of any class of Shares for the whole or any part of any period during which:

- (a) there exists any state of affairs prohibiting the normal disposal and/or purchase of the investments of the relevant Sub-Fund;
- (b) circumstances exist as a result of which, in the opinion of the Manager, it is not reasonably practicable to realise a substantial part of any Securities and/or Futures Contracts held or contracted for the account of the relevant Sub-Fund or it is not possible to do so without seriously prejudicing the interest of Shareholders of the relevant Sub-Fund;
- (c) for any other reason the prices of investments of the relevant Sub-Fund cannot, in the opinion of the Manager, reasonably, promptly and fairly be ascertained;
- (d) there is a breakdown in any of the means normally employed in determining the Net Asset Value of the relevant Sub-Fund or the Net Asset Value per Share of the relevant class or when for any other reason the value of any Securities and/or Futures Contracts or other property for the time being comprised in the relevant Sub-Fund cannot, in the opinion of the Manager, reasonably, promptly and fairly be ascertained;
- (e) the remittance or repatriation of funds which will or may be involved in the realisation of, or in the payment for, a substantial part of the Securities and/or Futures Contracts or other property of the relevant Sub-Fund or the subscription or redemption of Shares of the relevant class is delayed or cannot, in the opinion of the Manager, be carried out promptly or at normal rates of exchange; or
- (f) the business operations of the Company or any delegate of the Company or the Manager in respect of the determination of the Net Asset Value of the relevant Sub-Fund are substantially interrupted or closed as a result of or arising from pestilence, acts of war, terrorism, insurrection, revolution, civil unrest, riots, strikes or acts of God.

Any suspension shall take effect forthwith upon its declaration and thereafter there shall be no determination of the Net Asset Value of the relevant Sub-Fund and, in the case of an Index Tracking Sub-Fund, the Manager shall be under no obligation to rebalance the relevant Index Tracking Sub-Fund until the suspension is terminated on the earlier of (i) the Manager declaring the suspension is at an end; and (ii) the first Dealing Day on which (1) the condition giving rise to the suspension has ceased to exist; and (2) no other condition under which suspension is authorised exists.

The Manager shall immediately after declaration of any such suspension by the Manager notify the SFC and publish a notice of suspension following the suspension, and at least once a month during the suspension, on the Company's website at <https://www.fubonetf.com.hk> (this website has not been reviewed by the SFC) or in such other publications as the Company decides.

No Shares of a Sub-Fund will be issued or redeemed during any period of suspension of the determination of the Net Asset Value of the relevant Sub-Fund.

Issue Price and Redemption Value

The Issue Price which is the subject of a Creation Application during the Initial Offer Period of a Sub-Fund (or a class of Shares) will be a fixed amount per Share, or (for an Index Tracking Sub-Fund only) a percentage of the closing level of the relevant Index (expressed in the base currency of the relevant Sub-Fund) as at the last day of the Initial Offer Period, rounded to the nearest 4 decimal places (0.00005 or above being rounded up, and less than 0.00005 being rounded down), or such other amount from time to time determined by the Manager. The Issue Price during the Initial Offer Period of each Sub-Fund will be set out in the relevant Appendix.

After the expiry of the Initial Offer Period, the Issue Price of Shares of a Sub-Fund (or class of Shares) created and issued pursuant to a Creation Application on a Dealing Day, shall be the Net Asset Value of the relevant Sub-Fund (or class of Shares) as at the relevant Valuation Point of the relevant Dealing Day on which the Creation Application is received divided by the total number of Shares in issue rounded to the nearest 4 decimal places (0.00005 or above being rounded up, and less than 0.00005 being rounded down).

The Redemption Value on a Dealing Day shall be the Net Asset Value of the relevant Sub-Fund (or class of Shares) as at the relevant Valuation Point of the relevant Dealing Day on which the Redemption Application is received divided by the total number of Shares in issue rounded to the nearest 4 decimal places (0.00005 or above being rounded up, and less than 0.00005 being rounded down).

The benefit of any rounding adjustments will be retained by the relevant Sub-Fund.

The latest Net Asset Value of the Shares will be available on the Company's website at <https://www.fubonetf.com.hk> (this website has not been reviewed by the SFC) or published in such other publications as the Manager decides.

Neither the Issue Price nor the Redemption Value takes into account Duties and Charges, Transaction Fees or fees payable by a Participating Dealer.

FEES AND EXPENSES

There are different levels of fees and expenses applicable to investing in a Sub-Fund as set out below, current as at this date of this Prospectus. Where any levels of fees and expenses applicable to a particular Sub-Fund differs from the following, such fees and expenses will be set out in full in the relevant Appendix.

Fees and expenses payable by Participating Dealers on creations and redemptions (as applicable) of Shares (applicable both during the Initial Offer Period and After Listing)	Amount
Transaction fee payable to the Custodian	Please refer to the Appendix for the relevant Sub-Fund
Service Agent's Fee	HKD1,000 ¹ per book-entry deposit and book-entry withdrawal transaction
Application cancellation fee	USD1,200 ² per Application
Extension Fee	USD1,200 ³ per Application
Stamp duty	Nil
All other Duties and Charges incurred by the Custodian or the Manager in connection with the creation or redemption	As applicable

Fees and expenses payable by investors	Amount
<i>(i) Fees payable by clients of the Participating Dealers in respect of creations and redemptions (as applicable) via the Participating Dealer (applicable both during the Initial Offer Period and After Listing)</i>	
Fees and charges imposed by the Participating Dealer ⁴	Such amounts as determined by the relevant Participating Dealer
<i>(ii) Fees payable by all investors in respect of dealings in the Shares on SEHK (applicable After Listing)</i>	
Brokerage	Market rates (in currency determined by the intermediaries used by the investors)
Transaction levy	0.0027% ⁵ of the trading price
SEHK trading fee	0.00565% ⁶ of the trading price
AFRC transaction levy	0.00015% ⁷ of the trading price
Stamp duty	Nil ⁸

Fees and expenses payable by a Sub-Fund	See the relevant Appendix
--	----------------------------------

No money should be paid to any intermediary in Hong Kong which is not licensed or registered to carry on Type 1 regulated activity under Part V of the SFO.

¹ The Service Agent's Fee of HKD1,000 is payable by a Participating Dealer to the Service Agent for each book-entry deposit or book-entry withdrawal transaction.

² An application cancellation fee is payable to the Custodian in respect of either a withdrawn or failed Creation Application or Redemption Application.

³ An Extension Fee is payable to the Custodian on each occasion the Company, upon a Participating Dealer's request, grants the Participating Dealer an extended settlement in respect of a Creation Application or Redemption Application.

⁴ The Participating Dealer may increase or waive the level of its fees in its discretion. Information regarding these fees and charges is available upon request to the relevant Participating Dealer.

⁵ Transaction levy of 0.0027% of the trading price of the Shares, payable by each of the buyer and the seller.

⁶ Trading fee of 0.00565% of the trading price of the Shares, payable by each of the buyer and the seller.

⁷ An AFRC transaction levy of 0.00015% of the trading price of the Shares, payable by each of the buyer and the seller.

⁸ Stamp duty is waived with effect from 13 February 2015 pursuant to the Stamp Duty (Amendment) Ordinance 2015.

Fees and Expenses Payable by a Sub-Fund

Management Fee

The Manager is entitled to receive in respect of a Sub-Fund (or any class thereof), a management fee accrued daily and calculated as at each Dealing Day and payable monthly in arrears as a percentage of the Net Asset Value of such Sub-Fund (or such class) at the rates as specified in the relevant Appendix subject to a maximum fee as specified in the relevant Appendix.

The Manager may pay a distribution fee to any distributor or sub-distributors of the Company out of the Management Fee it receives from the Company. A distributor may re-allocate an amount of the distribution fee to the sub-distributors.

Custodian and Administration Fee

The Custodian and the Administrator are entitled to receive an aggregate fee which is charged as a percentage of the Net Asset Value of the relevant Sub-Fund on each Valuation Day, at the rates specified in the Appendix and subject to a minimum monthly fee (if any) as specified in the relevant Appendix.

The Custodian and administration fee is calculated and accrued as at the Valuation Point on each Valuation Day and payable monthly in arrears out of the assets of the relevant Sub-Fund.

The Custodian and the Administrator are also entitled to receive various safekeeping, transaction and processing fees and other applicable fees as agreed with the Company from time to time and to be reimbursed by the relevant Sub-Fund for all out-of-pocket expenses (including sub-custody fees and expenses) properly incurred by the Custodian and/or the Administrator in the performance of their respective duties.

Registrar Fee

The Registrar is entitled to receive an ongoing registry service fee in its capacity for each Sub-Fund as set out in the relevant Appendix.

Directors' Remuneration and Expenses

Under the Instrument, the Directors shall be entitled to remuneration for their services as Directors up to an amount per annum equivalent to USD10,000 per Director and, where payable, such remuneration shall be allocated fairly as between Sub-Funds by reference to their respective Net Asset Values. Currently, the Directors do not receive any remuneration for their services as Directors of the Company.

The Company may pay any travelling, accommodation and other expenses properly incurred by Directors in connection with their attendance at meetings of Directors, general meetings, separate meetings of the Shareholders or any Sub-Fund or class of Shareholders or the exercise of their powers and the discharge of their responsibilities in relation to the Company.

Estimated Ongoing Charges

The estimated ongoing charges of any newly established Sub-Fund, which are the sum of estimated ongoing expenses chargeable to the relevant Sub-Fund over a 12-month period expressed as a percentage of its estimated average Net Asset Value over the same period, and the actual ongoing charges of any existing Sub-Fund, which are the sum of actual ongoing expenses chargeable to the relevant Sub-Fund over a 12-month period expressed as a percentage of its actual average Net Asset Value over the same period, are set out in the KFS of the relevant Sub-Fund. Where a Sub-Fund is newly established the Manager will make a best estimate of the ongoing charges and keep such estimate under review. The establishment costs of a Sub-Fund may also be included in the ongoing charges calculation payable by a Sub-Fund and in those cases will be set out in the relevant Appendix. Ongoing expenses may be deducted from the assets of a Sub-Fund where these are permitted by the Instrument, the UT Code, the OFC Code and the law. These include all types of cost borne by a Sub-Fund, whether incurred in its operation or the remuneration of any party. For an Index Tracking Sub-Fund, the estimated or actual ongoing charges do not represent the estimated or actual tracking error. Where disclosed in an Appendix of a Sub-Fund, ongoing charges and expenses of that Sub-Fund may be borne by the Manager.

Brokerage Rates

A Sub-Fund shall bear all costs and brokerage commissions associated with trading transactions through its broker account. Brokerage fees will be charged by a broker at its institutional rates. Such institutional market rates vary with the Security and the market on which the Security is traded.

Promotional Expenses

A Sub-Fund will not be responsible for any promotional expenses including those incurred by any marketing agents and any fees imposed by such marketing agents on their customers investing in the Sub-Fund will not be paid (either in whole or in part) out of the Scheme Property.

Other Expenses

The Sub-Funds will bear all operating costs relating to the administration of the Sub-Funds including but not limited to stamp and other duties, governmental charges, brokerages, commissions, exchange costs and commissions, bank charges and other costs and expenses payable in respect of the acquisition, holding and realisation of any investment or any monies, deposit or loan, charges and expenses of its legal counsel, auditors and other professionals, index licensing fees, the costs in connection with maintaining a listing of the Shares on the SEHK or other exchange and maintaining the Company's and the Sub-Funds' authorisation under the SFO, costs incurred in the preparation, printing and updating of any offering documents and the costs incurred in the preparation of supplemental deeds, any disbursements or out-of-pocket expenses properly incurred on behalf of the Sub-Funds by the Manager, the Sub-Manager, the Custodian and/or the Administrator or the Registrar or any of its service providers, the expenses incurred in convening meetings of Shareholders, preparing, printing and distributing annual and interim financial reports and other circulars relating to the Sub-Funds and the expenses of publishing Share prices.

Establishment Costs

The cost of establishing the Company and Fubon NYSE FactSet Asia Battery and Energy Storage Technology Index ETF (the "**Initial Sub-Fund**") including the initial preparation of this Prospectus, inception fees, the costs of seeking and obtaining the listing and authorisation by the SFC and all initial legal and printing costs including, if considered appropriate by the Manager, any additional costs of determining the stock code, is approximately USD75,000 (the "**Establishment Costs**") and will be borne by the Initial Sub-Fund (unless otherwise determined by the Manager and set out in the relevant Appendix of any subsequent Sub-Fund) and will be amortised over the first five financial years of the Initial Sub-Fund (or such other period as determined by the Manager after consulting the Auditor and the Custodian).

In 2021, the Hong Kong government established the Grant Scheme for Open-ended Fund Companies and Real Estate Investment Trusts (the "**Grant Scheme**") to subsidise the setting up of OFC. The Manager will apply to the SFC for a grant under the Grant Scheme on behalf of the Company. If the application for the grant is successful, the Company will receive a grant equivalent to 70% of the Establishment Costs subject to the terms of the Grant Scheme (e.g. the eligibility of the expenses, the cap of HKD1 million per OFC, clawback of the grant if the Company is terminated within two years from the date of incorporation, etc.).

The cost of establishing subsequent Sub-Fund(s) will be borne by the relevant Sub-Fund to which such costs relate and will be amortised over the first five financial years of the relevant Sub-Fund (or such other period as determined by the Manager after consulting the Auditor and the Custodian).

The attention of investors is drawn to the risk factor entitled "**Valuation and Accounting Risk**" in the section headed "**RISK FACTORS**".

Increase in Fees

The current fees in respect of each Sub-Fund payable to the Manager and the Custodian as described in the relevant Appendix may be increased up to or towards the maximum rates set out in the relevant Appendix on not less than one week's notice to Shareholders (or such shorter period as may be allowed by the SFC). In the event that such fees are to be increased beyond the maximum rates set out in the relevant Appendix, such increase is subject to the prior approval by the SFC and not less than one month's notice shall be given to Shareholders.

RISK FACTORS

An investment in any Sub-Fund carries various risks. Each of these may affect the Net Asset Value, yield, total return and trading price of the Shares. A Sub-Fund's investment portfolio may fall in value due to any of the risk factors below and therefore your investment in the Sub-Fund may suffer losses. There is no guarantee of the repayment of principal. Investors should carefully evaluate the merits and risks of an investment in the relevant Sub-Fund in the context of your overall financial circumstances, knowledge and experience as an investor. The risk factors set forth below are the risks which are believed by the Manager and its directors to be relevant and presently applicable to each Sub-Fund. You should refer to additional risk factors, specific to each Sub-Fund, as set out in the relevant Appendix.

General Investment Risks

Investment Objective Risk

There is no assurance that the investment objective of a Sub-Fund will be achieved. Whilst it is the intention of the Manager and the Sub-Manager to implement strategies which are designed to achieve the investment objective and, for an Index Tracking Sub-Fund, to minimise tracking error, there can be no assurance that these strategies will be successful. In addition, trading errors are an intrinsic factor in any investment process, and will occur, notwithstanding the execution of due care and special procedures designed to prevent such errors. It is possible that you as an investor may lose a substantial proportion or all of its investment in a Sub-Fund where the relevant Index value declines. As a result, each investor should carefully consider whether you can afford to bear the risks of investing in the relevant Sub-Fund.

Market Risk

The Net Asset Value of each Sub-Fund will change with changes in the market value of the Securities and/or Futures Contracts it holds. The price of Shares and the income from them may go down as well as up. There can be no assurance that an investor will achieve profits or avoid losses, significant or otherwise. The capital return and income of each Sub-Fund are based on the capital appreciation and income on the Securities and/or Futures Contracts it holds, less expenses incurred. A Sub-Fund's return may fluctuate in response to changes in such capital appreciation or income. Furthermore, each Sub-Fund may experience volatility and decline in a manner that broadly corresponds with the relevant Index. Investors in an Index Tracking Sub-Fund are exposed to the same risks that investors who invest directly in the underlying Securities and/or Futures Contracts would face. These risks include, for example, interest rate risks (risks of changes in portfolio values with changes in interest rates); income risks (risks of falling incomes from a portfolio in a falling interest rate market); and credit risk (risk of a default by the underlying issuer of a Security that forms part of the Index).

Asset Class Risk

Although the Manager and the Sub-Manager are responsible for the continuous supervision of the investment portfolio of each Sub-Fund, the returns from the types of Securities and/or Futures Contracts in which the Sub-Fund invests (either directly or indirectly) may underperform or outperform returns from other Securities and/or Futures Contracts markets or from investment in other assets. Different types of Securities and/or Futures Contracts tend to go through cycles of out-performance and underperformance when compared with other general Securities and/or Futures Contracts markets.

Possible Business Failure Risk

Global markets may experience very high levels of volatility and an increased risk of corporate failures. The insolvency or other corporate failures of any one or more of the companies in which a Sub-Fund invests or (for an Index Tracking Sub-Fund only) the constituents of the relevant Index may have an adverse effect on the Index's (if any) and therefore the relevant Sub-Fund's performance. You may lose money by investing in any Sub-Fund.

Management Risk

This is the risk that the Manager's and the Sub-Manager's strategy, the implementation of which is subject to a number of constraints, may not produce the intended results. In addition, the Manager and the Sub-Manager have absolute discretion to exercise Shareholders' rights with respect to Securities and/or Futures Contracts comprising a Sub-Fund. There can be no guarantee that the exercise of such discretion will result in the investment objective of a Sub-Fund being achieved. For an Index Tracking Sub-Fund, because there can be no guarantee that such an Index Tracking Sub-Fund will fully replicate the relevant Index, it is also subject to aforesaid management risk.

Concentration Risk

A Sub-Fund may be subject to concentration risk as a result of adopting a strategy which concentrates a Sub-Fund's investment in a single geographical region or country or industry sector and/or (for an Index Tracking Sub-Fund) tracking the performance of a single geographical region or country or industry sector, the Index may be comprised of a limited number of securities. The value of such Sub-Fund is likely to be more volatile than a fund having a more diverse portfolio of investments, such as a global equity fund, as it is more susceptible to fluctuations in value of the Index resulting from adverse conditions in the particular geographical region, country or industry sector (including economic, political, policy, foreign exchange, liquidity, tax, legal or regulator event). Where a Sub-Fund's strategy is concentrated in a particular region or country or industry sector, or where the Index of an Index Tracking Sub-Fund tracks a particular region or country or industry sector or where the Index has a small number of constituents, risk factors specific to the relevant Sub-Fund are set out in its Appendix. Please refer to each Sub-Fund's Appendix for details.

Securities and/or Futures Contracts Risk

The investments of each Sub-Fund are subject to risks inherent in all Securities and/or Futures Contracts (including settlement and counterparty risks). The value of holdings may fall as well as rise. The global markets may experience very high levels of volatility and instability, resulting in higher levels of risk than is customary (including settlement and counterparty risks).

Counterparty Risk

Counterparty risk involves the risk that a counterparty or third party will not fulfil its obligations to a Sub-Fund and settle a transaction in accordance with market practice. A Sub-Fund may be exposed to the risk of a counterparty through investments.

A Sub-Fund may be exposed to the counterparty risk of the Custodian or other depositaries used by the Custodian with which the Scheme Property is deposited. The Custodian or other depositaries may be unable to perform their obligations due to credit-related and other events like insolvency of or default of them. In the event of the insolvency of the Custodian or other depositaries, a Sub-Fund will be treated as a general creditor of the Custodian or other depositaries in relation to cash holdings of the relevant Sub-Fund. In these circumstances the relevant Sub-Fund may be required to unwind certain transactions and may encounter delays of some years and difficulties with respect to court procedures in seeking recovery of the relevant Sub-Fund's assets. The Sub-Fund's assets are however maintained by the Custodian and other depositaries in segregated accounts and should be protected in the event of insolvency of the Custodian or such other depositaries.

Equity Market Risk

Investment in equity Securities by a Sub-Fund is subject to general market risks, whose value may fluctuate due to various factors, such as changes in investment sentiment, political and economic conditions and issuer-specific factors.

Emerging Market Risk

Some overseas markets in which a Sub-Fund may invest are considered emerging market countries. The economies of many emerging markets are still in the early stages of modern development and subject to abrupt and unexpected change. In many cases, governments retain a high degree of direct control over the economy and may take actions that have a sudden and widespread effect. Also, many less developed market and emerging market economies have a high degree of dependence on a small group of markets or even a single market that can render such economies more susceptible to the adverse impact of internal and external shocks.

Emerging market regions are also subject to increased risks and special considerations not typically associated with investment in more developed markets including, but not limited to: generally less liquid and less efficient securities markets; generally greater price volatility; currency risks/control; exchange rate fluctuations and exchange control; higher volatility of the value of debt (particularly as impacted by interest rates); imposition of restrictions on the expatriation of funds or other assets; less publicly available information about issuers; legal and taxation risks (such as difficulties in enforcing contracts and imposition of taxes); higher transaction and custody costs; settlement delays and risk of loss; less liquidity and smaller market capitalisations; less well-regulated markets resulting in more volatile stock prices; different accounting and disclosure standards; governmental interference; higher inflation; social, economic and political uncertainties; custodial and/or settlement systems may not be fully developed which may expose a Sub-Fund to sub-custodial risk in circumstances whereby the Custodian will have no liability as provided under the provisions of the Instrument; the risk of expropriation of assets and the risk of war.

Loss of Capital Risk

There is no guarantee that a Sub-Fund's investments will be successful. In addition, trading errors are an intrinsic factor in any investment process, and may occur, notwithstanding the execution of due care and special procedures designed to prevent such errors.

Indemnity Risk

Under the Custody Agreement and the Management Agreement, the Custodian and the Manager (and their respective directors, officers, employees, delegates and agents) shall be entitled, except to the extent of any fraud, negligence, or wilful default on its (or their) part, to be indemnified and held harmless out of the assets of the relevant Sub-Fund in respect of any (in addition to any right of indemnity given by law) actions, proceedings, liabilities, costs, claims, damages, expenses or demands to which it (or they) may be put or which it (or they) may incur or suffer by virtue of the proper performance of its (or their) respective obligations or duties. Any reliance by the Custodian or the Manager on the right of indemnity would reduce the assets of a Sub-Fund and the value of the Shares.

Dividends May Not be Paid Risk

Whether a Sub-Fund will pay distributions on its Shares is subject to the Manager's distribution policy (as described in the relevant Appendix) and also mainly depends on dividends declared and paid in respect of the Securities comprising the Index or in the Sub-Fund's portfolio. In addition, dividends received by a Sub-Fund may be applied towards meeting the costs and expenses of that Sub-Fund. Dividend payment rates in respect of such Securities will depend on factors beyond the control of the Manager including, general economic conditions, and the financial position and dividend policies of the relevant underlying entities. There can be no assurance that such entities will declare or pay dividends or distributions.

Distributions Out Of or Effectively Out Of Capital Risk

Subject to the disclosures in the relevant Appendix, the Manager may, at its discretion, make distributions out of (i) capital and/or out of gross income while all or part of the fees and expenses of a Sub-Fund are charged to/paid out of the capital of the Sub-Fund, resulting in an increase in distributable income for the payment of distributions by each Sub-Fund and therefore, each Sub-Fund may effectively pay distributions out of the capital. Payment of distributions out of capital or effectively out of capital amounts to a return or withdrawal of part of an investor's original investment or from any capital gains attributable to that original investment. Any distributions involving payment of distributions out of or effectively out of the Sub-Fund's capital may result in an immediate reduction of the Net Asset Value per Share and will reduce the capital available for future investment. The Manager may amend its distribution policy subject to the SFC's prior approval (if required) and by giving not less than one month's prior notice to Shareholders.

Early Termination Risk

A Sub-Fund may be terminated early under certain circumstances as set out in the Instrument and summarised under the sub-section headed “**Termination (otherwise than by winding up)**” under the section “**STATUTORY AND GENERAL INFORMATION**” below. Upon a Sub-Fund being terminated, the Company will distribute the net cash proceeds (if any) derived from the realisation of the investments comprised in the relevant Sub-Fund to the Shareholders in accordance with the Instrument. Investors may suffer a loss where a Sub-Fund is terminated because any such amount recovered by may be more or less than the capital invested by the Shareholder.

Borrowing Risk

The Company may borrow for the account of a Sub-Fund (up to 10% of the Net Asset Value of each Sub-Fund unless otherwise specified in the Appendix) for various reasons, such as facilitating redemptions or to acquire investments for the account of the Sub-Fund. Borrowing involves an increased degree of financial risk and may increase the exposure of a Sub-Fund to factors such as rising interest rates, downturns in the economy or deterioration in the conditions of the assets underlying its investments. There can be no assurance that a Sub-Fund will be able to borrow on favourable terms, or that the relevant Sub-Fund's indebtedness will be accessible or be able to be refinanced by the relevant Sub-Fund at any time.

Government Intervention and Restriction Risk

Governments and regulators may intervene in the financial markets, such as by the imposition of trading restrictions, a ban on short selling or the suspension of short selling for certain stocks. This may affect the operation and market making activities of the Sub-Fund, and may have an unpredictable impact on the Sub-Funds, including increasing or decreasing the level of premium or discount of the Share price to Net Asset Value or, for Index Tracking Sub-Funds, the ability of the Index Tracking Sub-Funds to track the relevant Index. Furthermore, such market interventions may have a negative impact on the market sentiment which may in turn affect the performance of the companies in which a Sub-Fund invests or (for an Index Tracking Sub-Fund only) the relevant Index and as a result the performance of the relevant Sub-Fund.

No Right to Control the Sub-Fund's Operation Risk

Investors will have no right to control the daily operations, including investment and redemption decisions, of the Sub-Funds.

Reliance on the Manager and the Sub-Manager Risk

Shareholders must rely on the Manager and Sub-Manager in implementing the investment strategies and the performance of the Sub-Funds is largely dependent on the services and skills of their officers and employees. In the case of loss of service of the Manager, the Sub-Manager or any of their key personnel, as well as any significant interruption of the Manager's or the Sub-Manager's business operations or in the extreme case of the insolvency of the Manager or the Sub-Manager, the Company may not find successor managers or investment delegates with the requisite skills and qualifications quickly or at all and the new appointment may not be on equivalent terms or of similar quality.

Currency Risk

Underlying investments of a Sub-Fund may be denominated in currencies other than the base currency of the Sub-Fund. Also, a class of Shares may be designated in a currency other than the base currency of the Sub-Fund. The Net Asset Value of the Sub-Fund may be affected unfavourably by fluctuations in the exchange rates between these currencies and the base currency and by changes in exchange rate controls. If the relevant Sub-Fund's Net Asset Value is determined on the basis of HKD, an investor may lose money if he invests in any Sub-Fund if the local currency of a foreign market depreciates against the HKD, even if the local currency value of the Sub-Fund's holdings goes up.

Foreign Security Risk

Investing in the Securities of non-Hong Kong companies involves special risks and considerations not typically associated with investing in Hong Kong companies. These include differences in accounting, disclosure, auditing and financial reporting standards, the possibility of expropriation or confiscatory taxation, adverse changes in investment or exchange control regulations, the imposition of restrictions on the expatriation of funds or other assets of a Sub-Fund, political instability which could affect local investments in foreign countries, and potential restrictions on the flow of international capital. Non-Hong Kong companies may be subject to less governmental regulation than Hong Kong companies. Moreover, individual foreign economies may differ favourably or unfavourably from the Hong Kong economy in such respects as growth of gross domestic product, rate of inflation, capital reinvestment, resource self-sufficiency and balance of payment positions.

Some non-Hong Kong stock exchanges (including but not limited to the SSE, the SZSE, Tokyo Stock Exchange, Korea Exchange, Singapore Exchange, Taiwan Stock Exchange and Taipei Exchange) may have the right to suspend or limit trading in any Security traded on the relevant exchange. The government or the regulators in different jurisdictions may also implement policies that may affect the financial markets. Some countries prohibit or restrict foreign investment, or the repatriation of income, capital or the proceeds from sale of Securities. The Sub-Fund may incur higher costs investing in these countries. High market volatility and potential settlement difficulties in the markets in which a Sub-Fund invests may also result in significant fluctuations in the prices of the Securities traded on such markets and thereby may adversely affect the value of the relevant Sub-Fund. All these may have a negative impact on the relevant Sub-Fund and limit the Sub-Fund's ability to invest in these countries, delay the investment or repatriation of capital of the Sub-Fund and, in respect of an Index Tracking Sub-Fund, impact such Index Tracking Sub-Fund's ability to track the performance of the Index.

Securities Financing Transactions Risks

A Sub-Fund which enters into Securities Financing Transactions may be subject to legal risk, operational risks, liquidity risk of the counterparty and custody risk of the collateral and the following risks:

- *Securities Lending Transactions* – Securities Lending Transactions may involve the risk that the borrower may fail to return the securities lent out in a timely manner and the value of the collateral may fall below the value of the securities lent out.
- *Sale and Repurchase Transactions* – In the event of the failure of the counterparty with which collateral has been placed, a Sub-Fund may suffer loss as there may be delays in recovering collateral placed out or the cash originally received may be less than the collateral placed with the counterparty due to inaccurate pricing of the collateral or market movements.
- *Reverse Repurchase Transactions* – In the event of the failure of the counterparty with which cash has been placed, a Sub-Fund may suffer loss as there may be delay in recovering cash placed out or difficulty in realising collateral or proceeds from the sale of the collateral may be less than the cash placed with the counterparty due to inaccurate pricing of the collateral or market movements.

Collateral and FDI Risks

The risks associated with the use of FDIs are different from, or possibly greater than, the risks associated with investing directly in Securities and other traditional investments. Generally, an FDI is a financial contract the value of which depends upon, or is derived from, the value of an underlying asset, reference rate or index, and may relate to stocks, bonds, interest rates, currencies or currency exchange rates, commodities, and related indices. Any Sub-Fund investing in FDIs may utilise both exchange-traded and over-the-counter derivatives. Compared to equity Securities, FDIs can be more sensitive to changes in market prices of the underlying assets and thus market prices of FDIs may fall in value as rapidly as they may rise. Investors investing in such Sub-Funds are exposed to a higher degree of fluctuation in value than a Sub-Fund which does not invest in FDIs. Transactions in over-the-counter FDIs may involve additional risk such as the risk that a counterparty defaults as there is no regulated market for such FDIs. Investing in FDIs also involves other types of risks including, but not limited to, the risk of adopting different valuation methodologies and imperfect correlation between the FDI and its

underlying securities, rates and indices. Risks associated with FDIs also include counterparty/credit risk, liquidity risk, valuation risk, volatility risk and over-the-counter transaction risk. The leverage element/component of a FDI can result in a loss significantly greater than the amount invested in the FDI by a Sub-Fund. Exposure to FDIs may lead to a high risk of significant loss by a Sub-Fund. There is no assurance that any derivative strategy used by a Sub-Fund will succeed.

There are risks associated with management of collateral and re-investment of collateral. The value of any collateral received in respect of FDI transactions (if any) may be affected by market events. In the case of collateral assets which are listed Securities, the listing of such Securities may be suspended or revoked or the trading of such Securities on the stock exchanges may be suspended, and during the period of suspension or upon revocation, it may take longer to realise the relevant collateral assets. In the case of collateral assets which are debt Securities, the value of such Securities will be dependent on the creditworthiness of the issuers or obligors in respect of the relevant collateral assets. In the event any issuer or obligor of such collateral assets is insolvent, the value of the collateral assets will be reduced substantially and may cause the relevant Sub-Fund's exposure to such counterparty to be under-collateralised. If the Sub-Fund reinvests cash collateral, it is subject to investment risk including the potential loss of principal.

A Sub-Fund may use investment techniques, including investments in derivatives, such as Futures Contracts that may be considered aggressive, in which case the Sub-Fund will be subject to the risks associated with the use of FDIs as described below. The use of derivatives may result in larger losses or smaller gains than investing in or shorting the Securities comprised in the relevant Sub-Fund and/or (for an Index Tracking Sub-Fund only) Securities included in the relevant Index. When a Sub-Fund uses derivatives, there may be imperfect correlation between the value of the underlying reference assets and the derivative, which may prevent each Sub-Fund from achieving its investment objective.

Any financing, borrowing or other costs associated with using derivatives may also have the effect of lowering the Sub-Fund's return.

Counterparty Risk of Futures Contracts

A Futures Contract is a contract to purchase or sell a particular Security, or the cash value of an index, at a specified future date at a price agreed upon when the contract is made. Under such contracts, no delivery of the actual Securities is required. Rather, upon the expiration of the contract, settlement is made by exchanging cash in an amount equal to the difference between the contract price and the closing price of a Security or index at expiration, net of the variation margin that was previously paid.

A Sub-Fund may invest in Futures Contracts involving counterparties for the purpose of attempting to gain exposure to a relevant Security or index without actually purchasing those Securities or investments. The use of these derivatives involves risks that are different from those associated with Securities. For example, Futures Contracts have a high degree of price variability and are subject to occasional rapid and substantial changes. Compared to conventional Securities, Futures Contracts can be more sensitive to changes in interest rates or to sudden fluctuations in market prices due to both the low margin deposits required, and the extremely high degree of leverage involved in their pricing. As a result, a relatively small price movement in a Futures Contract may result in immediate and substantial loss (or gain) to the relevant Sub-Fund. Each Sub-Fund does not specifically limit its counterparty risk with respect to any single counterparty and there is a chance for each Sub-Fund to have single counterparty. Further, there is a risk that no suitable counterparties are willing to enter into, or continue to enter into, transactions with each Sub-Fund and, as a result, each Sub-Fund may not be able to achieve its investment objectives.

Liquidity Risk

Some Securities held by a Sub-Fund, including derivatives, may be difficult to sell or illiquid, particularly during times of market turmoil. Illiquid Securities may also be difficult to value. Markets for Securities or financial instruments could be disrupted by a number of events, including, but not limited to an economic crisis, natural disasters, new legislation or regulatory changes. Illiquid Securities may also be difficult to value. If a Sub-Fund is forced to sell an illiquid security at an unfavourable time or at a price that is lower than Manager's or the Sub-Manager's judgment of the Security's true market value, each Sub-Fund may be forced to sell the security at a loss. Such a situation may prevent each Sub-Fund from limiting losses, realising gains or achieving its investment objective, thus adversely affecting the Sub-Fund's performance.

Difficulties in Valuation of Investments Risk

Securities and/or Futures Contracts acquired on behalf of a Sub-Fund may subsequently become illiquid due to events relating to the issuer of the Securities and/or Futures Contracts, market and economic conditions and regulatory sanctions. The market value of such Securities and/or Futures Contracts may become more difficult or impossible to ascertain. In cases where no clear indication of the value of a Security and/or Futures Contract in a Sub-Fund's portfolio is available (for example, when the secondary markets on which a security is traded have become illiquid) the Manager may in consultation with the Custodian apply valuation methods to ascertain the fair value of such securities, pursuant to the Instrument. If such valuation turns out to be incorrect, this may affect the Net Asset Value calculation of the Sub-Fund.

Risks Associated with Investment in an Index Tracking Sub-Fund

Passive Investment Risk

An Index Tracking Sub-Fund is not actively managed. Accordingly, an Index Tracking Sub-Fund may be affected by a decline in the market segments relating to the relevant Index or Indices. Each Index Tracking Sub-Fund invests (either directly or indirectly) in the Securities and/or Futures Contracts included in or representative of the relevant Index regardless of their investment merit, except to the extent of any representative sampling strategy. The Manager and the Sub-Manager will not have the discretion to adapt to market changes due to the inherent nature of the Index Tracking Sub-Fund and will not take defensive positions in declining markets, which means that falls in the Index or Indices are expected to result in corresponding falls in the Net Asset Value of the Index Tracking Sub-Fund, and investors may lose a significant part of their investment.

Representative Sampling Risk

With a representative sampling strategy, an Index Tracking Sub-Fund does not hold all of the Securities in its Index and may invest in Securities not included in its Index, provided that the sample closely reflects the overall characteristics of the Index which the Manager and the Sub-Manager believe will help the Index Tracking Sub-Fund achieve its investment objective. The Securities held by an Index Tracking Sub-Fund may also be over or underweight relative to the Securities in its Index. It is therefore possible that an Index Tracking Sub-Fund may be subject to larger tracking error.

Tracking error risk

An Index Tracking Sub-Fund may be subject to tracking error risk, which is the risk that its performance may not track that of the Index exactly. This tracking error may result from the investment strategy used, and fees and expenses. The Manager and the Sub-Manager will monitor and seek to manage such risk in minimising tracking error. There can be no assurance of exact or identical replication at any time of the performance of the Index by the Index Tracking Sub-Fund.

Fluctuations Risk

The performance of the Shares of an Index Tracking Sub-Fund should, before fees and expenses, correspond closely with the performance of the relevant Index. If the relevant Index experiences volatility or declines, the price of the Shares of the Index Tracking Sub-Fund which tracks that Index will vary or decline accordingly.

Licence to Use Index may be Terminated Risk

In respect of each Index Tracking Sub-Fund, the Manager is granted a licence by each of the Index Providers to use the relevant Index to create the relevant Index Tracking Sub-Fund based on the Index and to use certain trade-marks and any copyright in the relevant Index. An Index Tracking Sub-Fund may not be able to fulfil its objective and may be terminated if the licence agreement between the Manager and the Index Provider is terminated. The initial term of the licence agreement may be limited in period and thereafter renewable for only short periods. There can be no guarantee that the relevant licence agreement will be perpetually renewed. For further information on the grounds for terminating the licence agreement, please refer to the section on "**Index Licence Agreement**" in each Index Tracking Sub-Fund's Appendix. Although the Manager will seek to find a replacement Index, an Index Tracking Sub-Fund may also be terminated if the relevant Index ceases to be compiled or published and there is no replacement Index using the same or substantially similar formula for the method of calculation as used in calculating the relevant Index.

Compilation of Index Risk

The Securities and/or Futures Contracts of each Index are determined and composed by the relevant Index Provider without regard to the performance of the relevant Index Tracking Sub-Fund. Each Index Tracking Sub-Fund is not sponsored, endorsed, sold or promoted by the relevant Index Provider. Each Index Provider makes no representation or warranty, express or implied, to investors in any Index Tracking Sub-Fund or other persons regarding the advisability of investing in Securities and/or Futures Contracts generally or in any Index Tracking Sub-Fund particularly. Each Index Provider has no obligation to take the needs of the Manager or investors in the relevant Index Tracking Sub-Fund into consideration in determining, composing or calculating the relevant Index. There is a possibility that the relevant Index tracked by the Index Tracking Sub-Fund may be wrongly compiled, for example, due to the use of incorrect data. There is also a possibility that the calculation of the Index may be incomplete, for example, due to technical failure during the calculation of the relevant Index. In this case, there might be significant difference between the return of the Index Tracking Sub-Fund and the relevant Index. In addition, the process and the basis of computing and compiling the Index and any of its related formulae, constituent companies and factors may at any time be changed or altered by the Index Provider without notice. Consequently there can be no guarantee that the actions of an Index Provider will not prejudice the interests of the relevant Index Tracking Sub-Fund, the Manager or investors.

Risk of Change in Methodology and Composition of an Index

The composition of the Securities and/or Futures Contracts constituting an Index will change as the Securities and/or Futures Contracts of the Index may be delisted, or as the Securities and/or Futures Contracts mature or are redeemed or as new Securities and/or Futures Contracts are included in the Index. The construction methodology of the relevant Index may also change when the Index Provider deems it necessary to adapt to significant changes in the market condition. When this happens, the weightings or composition of the Securities and/or Futures Contracts owned by the relevant Index Tracking Sub-Fund (either directly or indirectly) will be changed as considered appropriate by the Manager and the Sub-Manager to achieve the investment objective. Thus, an investment in Shares of an Index Tracking Sub-Fund will generally reflect the performance of the relevant Index as its constituents change and not necessarily the way it is comprised at the time of an investment in Shares. However, there can be no guarantee that an Index Tracking Sub-Fund will, at any given time accurately reflect the composition of the relevant Index (please refer to the section on “**Tracking Error Risk**”).

Risks Associated with Market Trading

Absence of Active Market and Liquidity Risks

The Shares of a Sub-Fund may not initially be widely held upon their listing on the SEHK. Accordingly, any investor buying Shares in small numbers may not necessarily be able to find other buyers should that investor wish to sell. To address this risk, one or more Market Makers have been appointed. There can be no assurance that an active trading market for such Shares will develop or be maintained or that such Market Maker(s) will continue to fulfil that role. In addition, if the trading markets for the underlying Securities or Futures Contracts which the Sub-Fund holds are limited, inefficient or absent, or if the bid-offer spreads are wide, this may adversely affect the price at which Securities and/or Futures Contracts may be purchased or sold by a Sub-Fund upon any rebalancing activities or otherwise, and the value of the Shares and the ability of an investor to dispose of its Shares at the desired price. If an investor needs to sell his, her or its Shares at a time when no active market for them exists, the price received for the Shares – assuming an investor is able to sell them – is likely to be lower than the price received if an active market did exist.

Further, there can be no assurance that Shares will experience trading or pricing patterns similar to those of exchange traded funds which are issued by investment companies in other jurisdictions or, for Index Tracking Sub-Funds, those traded on the SEHK which are based upon indices other than the relevant Index.

Suspension of Trading Risk

Investors and potential investors will not be able to buy, nor will investors be able to sell, Shares on the SEHK during any period in which trading of the Shares is suspended. The SEHK may suspend the trading of Shares whenever the SEHK determines that it is appropriate and in the interest of a fair and orderly market to protect investors. The subscription and redemption of Shares may also be suspended if the trading of Shares is suspended.

Effect of Redemptions Risk

If significant redemptions of Shares are requested by the Participating Dealers, it may not be possible to liquidate the relevant Sub-Fund's investments at the time such redemptions are requested or the Manager or the Sub-Manager may be able to do so only at prices which the Manager or the Sub-Manager believes does not reflect the true value of such investments, resulting in an adverse effect on the return to investors. Where significant redemptions of Shares are requested by the Participating Dealers, the right of Participating Dealers to require redemptions in excess of 10% of the total Net Asset Value of a Sub-Fund (or such higher percentage as the Manager may determine) may be deferred, or the period for the payment of redemption proceeds may be extended.

In addition, the Manager may also in certain circumstances suspend the determination of the Net Asset Value of a Sub-Fund for the whole or any part of any period. Please see the section on "**DETERMINATION OF NET ASSET VALUE**" for further details.

Shares May Trade at Prices Other than Net Asset Value Risk

Shares may trade on the SEHK at prices above or below the most recent Net Asset Value. The Net Asset Value per Share of each Sub-Fund is calculated at the end of each Dealing Day and fluctuates with changes in the market value of the relevant Sub-Fund's holdings. The trading prices of the Shares fluctuate continuously throughout the trading hours which are driven by market factors such as the demand and supply of the Shares rather than Net Asset Value. The trading price of the Shares may deviate significantly from Net Asset Value particularly during periods of market volatility. Any of these factors may lead to the Shares of the relevant Sub-Fund trading at a premium or discount to the Sub-Fund's Net Asset Value. On the basis that Shares can be created and redeemed in Application Shares at Net Asset Value, the Manager and the Sub-Manager believe that large discounts or premiums to Net Asset Value are not likely to be sustained over the long-term. While the creation/redemption feature is designed to make it likely that the Shares will normally trade at prices close to the relevant Sub-Fund's next calculated Net Asset Value, trading prices are not expected to correlate exactly with the relevant Sub-Fund's Net Asset Value due to reasons relating to timing as well as market supply and demand factors. In addition, disruptions to creations and redemptions (for example, as a result of imposition of capital controls by a foreign government) or the existence of extreme market volatility may result in trading prices that differ significantly from Net Asset Value. In particular, if an investor purchases Shares at a time when the market price is at a premium to Net Asset Value or sells when the market price is at a discount to Net Asset Value, then the investor may sustain losses.

Trading Risk

As investors will pay certain charges (e.g. trading fees and brokerage fees) to buy or sell Shares on the SEHK, investors may pay more than the Net Asset Value per Share when buying Shares on the SEHK, and may receive less than the Net Asset Value per Share when selling Shares on the SEHK. In addition, investors on the secondary market will also incur the cost of the trading spread, being the difference between what investors are willing to pay for the Shares (bid price) and the price at which they are willing to sell Shares (ask price). Frequent trading may detract significantly from investment results and an investment in Shares may not be advisable particularly for investors who anticipate making small investments regularly.

Restrictions on Creation and Redemption of Shares Risk

Investors should note that a Sub-Fund is not like a typical retail investment fund offered to the public in Hong Kong (for which units or shares can generally be purchased and redeemed directly from the manager). Shares of a Sub-Fund may only be created and redeemed in Application Share sizes directly by a Participating Dealer (either on its own account or on behalf of an investor through a stockbroker which has opened an account with the Participating Dealer). Other investors may only make a request (and if such investor is a retail investor, through a stockbroker which has opened an account with a Participating Dealer) to create or redeem Shares in Application Share sizes through a Participating Dealer which reserves the right to refuse to accept a request from an investor to create or redeem Shares under certain circumstances. Alternatively, investors may realise the value of their Shares by selling their Shares through an intermediary such as a stockbroker on the SEHK, although there is a risk that dealings on the SEHK may be suspended. Please refer to the section headed "**CREATIONS AND REDEMPTIONS (PRIMARY MARKET)**" for details in relation to the circumstances under which creation and redemption applications can be rejected.

No Right to Control a Sub-Fund's Operation Risk

Investors will have no right to control the daily operations, including investment and redemption decisions, of any Sub-Fund.

Secondary Market Trading Risk

Shares in a Sub-Fund may trade on the SEHK when the relevant Sub-Fund does not accept orders to subscribe or redeem Shares. On such days, Shares may trade in the secondary market with more significant premiums or discounts than might be experienced on days when the Sub-Fund accepts subscription and redemption orders.

Reliance on Market Maker(s) Risk

Although the Manager will ensure that at least one Market Maker for each Sub-Fund will maintain a market for the Shares of the Sub-Fund, and that at least one Market Maker per Sub-Fund is required to give not less than 3 months' prior notice to terminate market making arrangement under the relevant market making agreement, there may be circumstances such as the revocation of the relevant market making approvals or registration or other changes beyond the control of the Manager that may result in the sudden loss of a Market Maker for a Sub-Fund. It should be noted that liquidity in the market for the Shares may be adversely affected if there is no or only one market maker for Shares. There is also no guarantee that any market making activity will be effective.

It is possible that there is only one SEHK Market Maker for each Sub-Fund and therefore it may not be practical for a Sub-Fund to remove the only Market Maker for the Sub-Fund even if the Market Maker fails to discharge its duties as the sole Market Maker.

Reliance on Participating Dealer(s) Risk

The creation and redemption of Shares may only be effected through Participating Dealer(s). A Participating Dealer may charge a fee for providing this service. Participating Dealer(s) will not be able to create or redeem Shares during any period when, amongst other things, dealings on the SEHK are restricted or suspended, settlement or clearing of Securities through the CCASS is disrupted, in the case of an Index Tracking Sub-Fund, or the Index is not compiled or published. In addition, Participating Dealer(s) will not be able to issue or redeem Shares if some other event occurs that impedes the calculation of the Net Asset Value of the relevant Sub-Fund or disposal of the relevant Sub-Fund's Securities or Futures Contracts cannot be effected. Where a Participating Dealer appoints an agent or delegate (who is a Participant) to perform certain CCASS-related functions, if the appointment is terminated and the Participating Dealer fails to appoint an alternative agent or delegate, or if the agent or delegate ceases to be a Participant, the creation or redemption of Shares by such Participating Dealer may also be affected. Since the number of Participating Dealers at any given time will be limited, and there may even be only one Participating Dealer at any given time, there is a risk that investors may not always be able to create or redeem Shares freely.

Trading Time Differences Risk

As a stock exchange or futures exchange may be open when the Shares are not priced, the value of any Security or, in the case of an Index Tracking Sub-Fund, any Security or Futures Contract which comprises the relevant Index may change when investors may not be able to buy or sell Shares. Further the price of Securities or Futures Contracts may not be available during part of the Trading Day due to trading hour differences which may result in the trading price of Shares deviating from the Net Asset Value per Share. For an Index Tracking Sub-Fund, when trading Futures Contracts there may be a time difference between the trading times of the Futures Contracts and the underlying index constituents and as such there may be imperfect correlation between the value of the index constituents and the Futures Contracts, which may prevent an Index Tracking Sub-Fund from achieving its investment objective.

Risks Associated with Regulation

Withdrawal of SFC Authorisation Risk

The Company and each Sub-Fund have been authorised as a collective investment scheme under the UT Code by the SFC under Section 104 of the SFO. SFC authorisation is not a recommendation or endorsement of the Company or any of the Sub-Funds nor does it guarantee the commercial merits of the Company, any of the Sub-Funds or their performance. This does not mean the Company or the Sub-Funds are suitable for all investors nor is it an endorsement of their suitability for any particular investor or class of investors. The SFC reserves the right to withdraw the authorisation of the Company or a Sub-Fund (for example if the relevant Index of an Index Tracking Sub-Fund is no longer considered acceptable) or impose such conditions as it considers appropriate. If the Manager does not wish the Company or any Sub-Fund to continue to be authorised by the SFC, the Manager will give investors at least three months' notice of the intention to seek the SFC's withdrawal of such authorisation. In addition, any authorisation granted by the SFC may be subject to certain conditions or waivers from the UT Code which may be withdrawn or varied by the SFC. If, as a result of such withdrawal or variation of conditions or waivers from the UT Code, it becomes illegal, impractical or inadvisable to continue the Company or a Sub-Fund, the Company or the Sub-Fund (as applicable) will be terminated.

General Legal and Regulatory Risk

A Sub-Fund must comply with regulatory constraints or changes in the laws affecting it or its investment restrictions which might require a change in the investment policy and objectives followed by the Sub-Fund. Furthermore, such change in the laws may have an impact on the market sentiment which may in turn affect the performance of an Index and as a result, the performance of the relevant Sub-Fund or the Securities in a Sub-Fund's portfolio. It is impossible to predict whether such an impact caused by any change of law will be positive or negative for the Sub-Fund. In the worst case scenario, a Shareholder may lose a material part of its investments in a Sub-Fund.

Shares may be Delisted from the SEHK Risk

The SEHK imposes certain requirements for the continued listing of Securities, including the Shares, on the SEHK. Investors cannot be assured that any Sub-Fund will continue to meet the requirements necessary to maintain the listing of Shares on the SEHK or that the SEHK will not change the listing requirements. If the Shares of a Sub-Fund are delisted from the SEHK, Shareholders will have the option to redeem their Shares by reference to the Net Asset Value of the Sub-Fund. Where the relevant Sub-Fund remains authorised by the SFC, such procedures required by the UT Code will be observed by the Manager including as to notices to Shareholders, withdrawal of authorisation and termination, as may be applicable. Should the SFC withdraw authorisation of a Sub-Fund for any reason it is likely that Shares may also have to be delisted.

Taxation Risk

Investing in a Sub-Fund may have tax implications for a Shareholder depending on the particular circumstances of each Shareholder. Prospective investors are strongly urged to consult their own tax advisers and counsel with respect to the possible tax consequences to them of an investment in the Shares. Such tax consequences may differ in respect of different investors.

FATCA-related Risks

The US Foreign Account Tax Compliance Act ("**FATCA**") provides that a 30% withholding tax will be imposed on certain payments to certain foreign financial institutions, such as the Company and each Sub-Fund, including interests and dividends from securities of US issuers, unless the Company provide the withholding agent with certification to comply with FATCA and the Company obtains and reports the name, address and taxpayer identification number of certain US persons that own, directly or indirectly, an interest in the relevant Sub-Fund, as well as certain other information relating to any such interest. The US Internal Revenue Service (the "**IRS**") has released regulations and other guidance that provide for the implementation of the foregoing withholding and reporting requirements. The United States Department of the Treasury and Hong Kong have entered into an intergovernmental agreement based on the Model 2 arrangement. Although the Company and each Sub-Fund will attempt to satisfy any obligations imposed on them to avoid the imposition of FATCA withholding tax, no assurance can be given that the Company and each Sub-Fund will be able to fully satisfy these obligations. If any Sub-Fund becomes subject to a withholding tax as a result of FATCA, the Net Asset Value of such Sub-Fund may be adversely affected and such Sub-Fund and its Shareholders may suffer material loss.

The Company and each Sub-Fund's ability to comply with FATCA will depend on each Shareholder providing the Company or its agent with information and, where applicable, consents to report that the Company requests concerning the Shareholder or its direct and, under certain circumstances, its indirect owners. As at the date of this Prospectus, all Shares are registered in the name of HKSCC Nominees Limited. HKSCC Nominees Limited has registered as a participating foreign financial institution.

Please also refer to the sub-section entitled "*FATCA and compliance with US withholding requirements*" under the section headed "**TAXATION**" in this Prospectus for further details on FATCA and related risks.

All prospective investors and Shareholders should consult with their own tax advisers regarding the possible implications of FATCA and the tax consequences on their investments in a Sub-Fund. Shareholders who hold their Shares through intermediaries should also confirm the FATCA compliance status of those intermediaries.

Legal and Compliance Risk

Domestic and/or international laws or regulations may change in a way that adversely affects the Company or the Sub-Funds. Differences in laws between jurisdictions may make it difficult for the Custodian, Manager or the Sub-Manager to enforce legal agreements entered into in respect of the Sub-Funds. The Custodian, the Manager and the Sub-Manager reserve the right to take steps to limit or prevent any adverse effects from changes to laws or their interpretation, including altering investments of or restructuring the Sub-Funds.

Valuation and Accounting Risk

The Manager intends to adopt IFRS in drawing up the annual financial reports of each Sub-Fund. However, the calculation of the Net Asset Value in the manner described under the section on "**DETERMINATION OF NET ASSET VALUE**" will not necessarily be in compliance with generally accepted accounting principles, that is, IFRS. Investors should note that under IFRS, establishment costs should be expensed as incurred and that the amortisation of the expenses of establishing a Sub-Fund is not in accordance with IFRS; however, the Manager has considered the impact of such non-compliance and has considered that it will not have a material impact on the financial statements of each Sub-Fund. To the extent that the basis adopted by a Sub-Fund for subscription and redemption purposes deviates from IFRS, the Manager may make necessary adjustments in the annual financial reports for the financial reports to be in compliance with IFRS. Any such adjustments will be disclosed in the annual financial reports, including a reconciliation.

Contagion Risk

The Instrument allows the Company to issue Shares in separate Sub-Funds. The Instrument provides for the manner in which the liabilities are to be attributed across the various Sub-Funds under the Company (liabilities are to be attributed to the specific Sub-Fund in respect of which the liability was incurred). A person to whom such a liability is owed has no direct recourse against the assets of the relevant Sub-Fund (in the absence of the Company granting that person a security interest).

Cross Liability Risk

The assets and liabilities of each Sub-Fund under the Company will be tracked, for book keeping purposes, separately from the assets and liabilities of any other Sub-Funds, and the Instrument provides that the assets of each Sub-Fund should be segregated from each other. There is no guarantee that the courts of any jurisdiction outside Hong Kong will respect the limitations on liability and that the assets of any particular Sub-Fund will not be used to satisfy the liabilities of any other Sub-Fund.

MANAGEMENT OF THE COMPANY AND SUB-FUNDS

The Directors

The Directors of the Company are Mok Wai Man, Derek and Lu, Chi-lun.

The Manager

The Manager is Fubon Fund Management (Hong Kong) Limited.

The Manager was incorporated in Hong Kong on 4 December 1979 and is licensed by the Commission to conduct Types 1 (dealing in securities), 4 (advising on securities) and 9 (asset management) regulated activities under the Securities and Futures Ordinance with CE number AAA662.

The directors of the Manager

The directors of the Manager are Shyy Gang, Harn Wey Ting, Lin Hsin Yi, Chen Shih Tsung and Mok Wai Man, Derek.

The Sub-Manager

Fubon Asset Management Company Limited has been appointed by the Manager as the sub-manager of the Fubon NYSE FactSet Asia Battery and Energy Storage Technology Index ETF (collectively, the “**Relevant Sub-Fund**”) pursuant to the sub-investment management agreements between the Manager and the Sub-Manager in respect of the Relevant Sub-Fund. Under the terms of the sub-investment management agreement, the Sub-Manager will act as an investment delegate and exercise investment discretion in respect of the assets of the Relevant Sub-Fund on a discretionary basis, in pursuit of their investment objective and in accordance with the investment approach and restrictions described in the Prospectus and the Appendix of the Relevant Sub-Fund. Subject to the overall supervision and control of the Manager, the Sub-Manager has the authority to carry out securities investment activities transactions on behalf of the Relevant Sub-Fund for the account of the Relevant Sub-Fund. In this connection, the Manager agrees to authorise the Sub-Manager to execute all trade orders in respect of the Relevant Sub-Fund, and to place trade orders in respect of the Relevant Sub-Fund and carry out all relevant matters in connection with such transactions.

Fubon Asset Management Company Limited was established on 18 September 1992, and is a wholly owned subsidiary of Fubon Financial Holdings and a leading asset management firm in Taiwan. Fubon Asset Management Company is a holder of Securities Investment Trust Business Licence issued by the Financial Supervisory Commission of Taiwan for discretionary investment management. As of 31 January 2023, asset under management of Fubon Asset Management Company Limited has reached TWD474.2 billion.

Intent on building a wide-ranging asset management platform, Fubon Asset Management Company Limited has developed new overseas investment vehicles spanning five continents, including diverse stock, bond, and futures exchange traded funds and unique thematic active managed funds, to satisfy the portfolio needs of even the most discerning investor. Discretionary investment management has been another area of emphasis, both in terms of pursuing opportunities to manage government funds and putting in place the necessary building blocks to take advantage of the emerging pension fund market. In view of the low interest-rate environment, meanwhile, the Sub-Manager has established a private equity subsidiary and identified real estate investment trusts as an important target of development in the future.

The Sub-Manager will be reimbursed out of the Management Fee.

The Custodian

The Custodian of the Company is Cititrust Limited, which is a registered trust company in Hong Kong. Cititrust Limited is a wholly-owned subsidiary of Citigroup Inc. (“**Citigroup**”). As a global financial services group, Citigroup and its subsidiaries provide a broad range of financial products and services, including consumer banking, corporate and investment

banking, securities brokerage and wealth management to consumers, corporations, governments and institutions. Under the Custody Agreement, the Custodian is responsible for the safekeeping of the assets of the Company and each Sub-Fund, subject to the provisions of the Instrument and the SFO.

The Custodian may, however, appoint a person or persons (including a Connected Person of the Custodian) to be agent, nominee, custodian, joint custodian, co-custodian and/or sub-custodian to hold certain assets of any Sub-Fund and may empower any such person or persons to appoint, with no objection in writing by the Custodian, co-custodians and/or sub-custodians. The Custodian may also appoint delegates for the performance of its duties, powers or discretions under the Custody Agreement. The Custodian is required to (a) exercise reasonable care, skill and diligence in the selection, appointment and monitoring of such persons and, (b) be satisfied that such persons retained remain suitably qualified and competent on an ongoing basis to provide the relevant custodial services to the Sub-Funds provided however that if the Custodian has discharged its obligations set out in (a) and (b) above, the Custodian shall not be liable for any act, omission, insolvency, liquidation or bankruptcy of any such person(s) not being the Custodian's Connected Person appointed as agents, nominees, custodians or joint custodians of certain assets of any Sub-Fund. The Custodian however shall remain liable for any act or omission of any such person that is a Connected Person of the Custodian and that is appointed as agent, nominee, custodian, joint custodian, co-custodian and/or sub-custodian to hold certain assets of any Sub-Fund as if the same were the acts or omissions of the Custodian. The Custodian shall not be liable for any act or failure to act by the Custodian that may arise directly or indirectly in connection with the Custody Agreement, other than any liability which is caused directly by negligence or fraud or wilful default of the Custodian.

The Custodian shall not be liable for: (a) any act, omission, insolvency, liquidation or bankruptcy of Euro-clear Clearing System Limited or Clearstream Banking S.A. or any other recognised or central depositories or clearing system which may from time to time be approved by the Custodian and the Manager; or (b) the custody or control of any investments, assets or other property which is under the custody or control of or on behalf of a lender in respect of any borrowing made by the Custodian for the purposes of the Company or any Sub-Fund.

Subject as provided in the Custody Agreement, the Custodian and its directors, officers and employees are entitled to be indemnified from the assets of the relevant Sub-Fund from and against any and all actions, proceedings, liabilities, costs, claims, damages, expenses, including all reasonable legal, professional and other similar expenses which may be incurred by or asserted against the Custodian or its directors, officers and employees in performing its obligations or duties in connection with the Company and/or the relevant Sub-Fund. Please see further description in "**Indemnities of the Custodian**" under the section headed "**STATUTORY AND GENERAL INFORMATION**".

In addition, subject to any applicable Laws and Regulations, the Custodian shall not be responsible for or incur any liability for matters prescribed under the Instrument, including, without limitation, (i) any error of law or matter or thing done or omitted to be done in good faith, (ii) authenticity of any signature or seal affixed to any documents affecting the title to or transmission of shares or investments, (iii) acting upon any resolutions purporting to have been passed at any meeting of the Shareholders in respect whereof minutes shall have been made and signed or passed in accordance with terms of the Instrument, (iv) any consequential, special or indirect loss or punitive damages arising under or in connection with the Instrument and the Custody Agreement, whether in contract, in tort, by law or otherwise.

Notwithstanding the aforesaid, the Custodian is neither exempted from any liability to holders imposed under Hong Kong law nor breaches of trust through fraud or negligence nor may it be indemnified against such liability by Shareholders or at Shareholders' expense. Subject to the applicable law and the provisions of the Custody Agreement and the Instrument, the Custodian shall not, in the absence of fraud, negligence or wilful default on the part of the Custodian, be liable for any losses, costs or damage to the Company, any Sub-Fund or any Shareholder.

The Custodian will remain as the primary custodian of the Company until it retires or is removed. The circumstances under which the Custodian may retire or be removed are set out in the Custody Agreement. Where any Sub-Fund is authorised pursuant to section 104 of the Securities and Future Ordinance, any change in the Custodian is subject to the SFC's prior approval and the Custodian will remain as the custodian of the Company until a new primary custodian is appointed. Shareholders will be duly notified of any such changes in accordance with the requirements prescribed by the SFC.

The Custodian will be entitled to the fees described in the section headed "**FEES AND EXPENSES**" above and to be reimbursed for all costs and expenses in accordance with the provisions of the Custody Agreement.

The Custodian is not responsible for the preparation or issue of this Prospectus and therefore accepts no responsibility for any information contained in this Prospectus. Neither the Custodian nor any of its subsidiaries, affiliates, directors and other officers, shareholders, servants, employees, agents or permitted delegates accept any responsibility or liability for any information contained in this Prospectus other than the description under this section headed “**The Custodian**”.

The Sub-Custodian

The Custodian has appointed Citibank, N.A., Hong Kong Branch as the Sub-Custodian of the Company.

The Sub-Custodian has been a provider of custodial and settlement services to domestic and international clients since its establishment in the United States of America in 1814. The Sub-Custodian’s global custodial network covers all mature and major emerging markets. The Sub-Custodian began offering securities services in Hong Kong in the mid-1970s and developed a full-blown capability by the mid-1980s.

The Administrator

Citibank, N.A., Hong Kong Branch acts as the Administrator of the Company and each Sub-Fund, and is responsible for certain financial, administrative and other services in relation to the Company and each Sub-Fund, including: (a) determining the Net Asset Value and the Net Asset Value per Share; (b) preparing and maintaining the Company and the Sub-Funds’ financial and accounting records and statements; and (c) assisting in preparing the financial statements of the Company and the Sub-Funds.

The Registrar

Citicorp Financial Services Limited acts as the Registrar for each Sub-Fund under the terms of the Registrar Agreement, unless otherwise stated in the relevant Appendix. The Registrar provides services in respect of the establishment and maintenance of the register of Shareholders of each Sub-Fund.

The Service Agent or Conversion Agent

Where a Sub-Fund creates and redeems in-kind in respect of SEHK listed Securities, HK Conversion Agency Services Limited may act as Conversion Agent under the terms of the Conversion Agency Agreement. HK Conversion Agency Services Limited otherwise acts as Service Agent under the terms of the Service Agreement. The Service Agent or Conversion Agent performs, through HKSCC, certain of its services in connection with the creation and redemption of Shares in the Sub-Fund by Participating Dealers.

The Auditor

The Directors have appointed PricewaterhouseCoopers to act as the Auditor of the Company and each Sub-Fund. The Auditor is independent of the Manager and the Custodian.

The Participating Dealers

A Participating Dealer may act for its own account or for your account as its clients in making Creation Applications and Redemption Applications. Different Sub-Funds may have different Participating Dealers. The latest list of the Participating Dealers in respect of each Sub-Fund is available at <http://www.fubonETF.com.hk> (this website has not been reviewed by the SFC).

The Market Makers

A Market Maker is a broker or dealer permitted by the SEHK to make a market for the Shares in the secondary market and whose obligations include quoting bid prices to potential sellers and offer prices to potential buyers when there is a wide spread between the prevailing bid prices and offer prices for the Shares on the SEHK. Market Makers facilitate the efficient trading of Shares by providing liquidity in the secondary market when it is required, in accordance with the market making requirements of the SEHK.

Subject to applicable regulatory requirements, the Manager use its best endeavours to put in place arrangements so that there is at all times at least one Market Maker for Shares in each available counter. If the SEHK withdraws its permit to the existing Market Maker(s), the Manager use its best endeavours to put in place arrangements so that there is at least one other Market Maker for each available counter of each Sub-Fund to facilitate the efficient trading of Shares. The Manager will use its best endeavours to put in place arrangements so that at least one Market Maker for each available counter of each Sub-Fund will give not less than 3 months' notice prior to terminating market making under the relevant market making agreement. The latest list of Market Makers for each Sub-Fund is available at www.hkex.com.hk and <http://www.fubonetc.com.hk> (this website has not been reviewed by the SFC). Please refer to the section on "**Website Information**" under the section "**STATUTORY AND GENERAL INFORMATION**" for the warning and the disclaimer regarding information contained in such website.

The Listing Agent

Unless otherwise specified in the relevant Appendix, Altus Capital Limited has been appointed by the Manager as the Listing Agent for each Sub-Fund in accordance with the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited in respect of the relevant Sub-Fund's listing on the SEHK. The Listing Agent is a licensed corporation which holds, amongst others, a Type 6 (advising on corporate finance) regulated activity licence under the SFO with CE Number AGH102.

Conflicts of Interest and Soft Dollars

The Manager, the Sub-Manager and the Custodian may, from time to time, act as manager, sub-investment manager, investment delegate, trustee or custodian or in such other capacity in connection with any collective investment scheme separate and distinct from the Company and each Sub-Fund and retain any profit or benefit made in connection therewith.

In addition:

- (a) The Manager, the Sub-Manager or any of their Connected Persons may purchase and sell investments for the account of a Sub-Fund as agent for the Sub-Fund or deal with any Sub-Fund as principal with the prior written consent of the Custodian.
- (b) The Custodian, the Manager, the Sub-Manager and any of their Connected Persons may contract or enter into any financial, banking or other transaction with one another or with any Shareholder or any company or body any of whose shares or securities form part of the relevant Sub-Fund's assets.
- (c) The Custodian, the Manager, the Sub-Manager or any of their Connected Persons may become the owner of Shares and hold, dispose or otherwise deal with them with the same rights which it would have had if it had not been the Custodian, the Manager, the Sub-Manager or any of their Connected Persons.
- (d) The Custodian, the Manager, the Sub-Manager and any of their Connected Persons may buy, hold and deal in any securities, commodities or other property for their own account or for the account of their other customers notwithstanding that similar securities, commodities or other property may be held by a Sub-Fund.
- (e) Any arrangements for the borrowing or deposit of any monies for the account of a Sub-Fund may be made with any of the Custodian, the Manager, the Sub-Manager or any other investment delegate or any of their Connected Persons being a banker or other financial institution provided that such person shall charge or pay (as the case may be) interest or fees at a rate or amount no higher (in the case of a borrowing) or lower (in the case of a deposit) than the prevailing rates or amounts for transactions of a similar type, size and term, in the same currency and with institutions of similar standing, negotiated at arm's length in accordance with ordinary and normal course of business. Any such deposits shall be maintained in a manner that is in the best interests of Shareholders.
- (f) Neither the Custodian nor the Manager nor the Sub-Manager nor any of their Connected Persons shall be liable to account to each other or to any Sub-Fund or to the Shareholders for any profits or benefits made or derived from or in connection with any such transaction mentioned above.

It is, therefore, possible that any of the Custodian, the Manager, the Sub-Manager or any of their Connected Persons may, in the course of business, have potential conflicts of interest with a Sub-Fund. Each will, at all times, have regard in such event to its obligations to the Sub-Fund and the Shareholders and will endeavour to ensure that such conflicts are resolved fairly.

Subject to applicable rules and regulations, the Manager, its delegate (including the Sub-Manager) or any of its Connected Persons may enter into portfolio transactions for or with a Sub-Fund as agent in accordance with normal market practice, provided that commissions charged to the Sub-Fund in these circumstances do not exceed customary full service brokerage rates. If a broker does not provide research or other lawful services in addition to brokerage execution, such broker will generally charge a brokerage commission that is discounted from customary full service brokerage rates. Where the Manager or the Sub-Manager invests a Sub-Fund in shares or units of a collective investment scheme managed by the Manager, its delegates (including the Sub-Manager) or any of its Connected Persons, the manager of the scheme in which the investment is being made by the Sub-Fund must waive any preliminary or initial charge which it is entitled to charge for its own account in relation to the acquisition of shares or units and there must be no increase in the overall total of annual management fees (or other costs and charges payable to the Manager or any of its Connected Persons) borne by the Sub-Fund.

None of the Manager, its delegates (including the Sub-Manager) or any of their Connected Persons shall, retain any cash commission rebates or other payment or benefit (except as otherwise provided for in this Prospectus or in the Instrument) received from a third party (either directly or indirectly) arising out of the sale or purchase or loan of investments for a Sub-Fund, and any such rebates or payments or benefits which are received shall be credited to the account of the Sub-Fund.

The Manager, its delegates (including the Sub-Manager) or any of their Connected Persons may receive, and are entitled to retain, goods, services or other benefits, such as research and advisory services, economic and political analysis, portfolio analysis (including valuation and performance measurement), market analysis, data and quotation services, computer hardware and software incidental to the above goods and services, clearing and custodian services and investment-related publication (known as soft dollar benefits) which are of demonstrable benefit to a Sub-Fund as a whole and may contribute to an improvement in the performance of the relevant Sub-Fund or of the Manager and/or any of its Connected Persons in providing services to the relevant Sub-Fund (as may be permitted under the UT Code, applicable rules and regulations), from brokers and other persons through whom investment transactions are carried out ("brokers") provided that the quality of transaction execution is consistent with best execution standards, brokerage rates are not in excess of customary institutional full-service brokerage rates and the availability of soft dollar arrangements is not the sole or primary purpose to perform or arrange transaction with such broker or dealer. For the avoidance of doubt, such goods and services do not include travel accommodation, entertainment, general administrative goods or services, general office equipment or premises, membership fees, employee salaries or direct money payments. Details of soft commission arrangements will be disclosed in the relevant Sub-Fund's annual report.

The services of the Custodian provided to the Company and each Sub-Fund are not deemed to be exclusive and the Custodian shall be free to render similar services to others so long as its services hereunder are not impaired thereby and to retain for its own use and benefit all fees and other monies payable thereby and the Custodian shall not be deemed to be affected with notice of or to be under any duty to disclose to any Sub-Fund any fact or thing which comes to the notice of the Custodian in the course of the Custodian rendering similar services to others or in the course of its business in any other capacity or in any manner whatsoever otherwise than in the course of carrying out its duties under the Custody Agreement.

Conflicts of interest may also arise due to the widespread business operations of the Custodian, the Manager, the Sub-Manager, the Registrar, the Conversion Agent or the Service Agent (as the case may be) and their respective holding companies, subsidiaries and affiliates. The foregoing parties may effect transactions where those conflicts arise and shall not, subject to the terms of the Instrument and the relevant agreement(s), be liable to account for any profit, commission or other remuneration arising. However, all transactions carried out by or on behalf of a Sub-Fund will be on arm's length terms and in the best interests of Shareholders. For so long as a Sub-Fund is authorised by the SFC and it is an applicable requirement of the UT Code, the Manager, if transacting with brokers or dealers connected to the Manager, investment delegates (including the Sub-Manager), the Custodian or any of their respective Connected Persons, must ensure it complies with the following obligations:

- (a) such transactions should be on arm's length terms;
- (b) it must use due care in the selection of brokers or dealers and ensure that they are suitably qualified in the circumstances;
- (c) transaction execution must be consistent with applicable best execution standards;
- (d) the fee or commission paid to any such broker or dealer in respect of a transaction must not be greater than that which is payable at the prevailing market rate for a transaction of that size and nature;
- (e) the Manager must monitor such transactions to ensure compliance with its obligations; and
- (f) the nature of such transactions and the total commissions and other quantifiable benefits received by such broker or dealer shall be disclosed in the annual financial statements of the Sub-Fund.

STATUTORY AND GENERAL INFORMATION

Financial Reports

The financial year-end of the Company (and each Sub-Fund) is 31 December every year. Audited annual financial reports are to be prepared (in accordance with IFRS) and published on the Company's website in English only within 4 months of each financial year-end. Half-yearly unaudited financial reports are also to be prepared up to 30 June of each year and published on the Company's website within 2 months of such date. Once these financial reports are made available on the Company's website, investors will be notified within the relevant timeframe.

Only an English version of the audited financial reports and the half-yearly unaudited financial reports of each Sub-Fund will be available. Printed copies may be requested free of charge from the Manager by contacting it, as described below under the sub-section on "**Notices**".

The financial reports provide details of the assets of each Sub-Fund and the Manager's statement on transactions during the period under review (including, in the case of an Index Tracking Sub-Fund, a list of any constituent Securities of the relevant Index, if any, that each accounts for more than 10% of the weighting of the relevant Index as at the end of the relevant period and their respective weighting showing any limits adopted by the relevant Index Tracking Sub-Fund have been complied with). For Index Tracking Sub-Funds, the financial reports shall also provide a comparison of each Index Tracking Sub-Fund's performance and the actual relevant Index performance over the relevant period and such other information as is required under the UT Code.

The Instrument

The Company was incorporated in Hong Kong under the SFO on 28 February 2023. Its constitution is set out in the Instrument filed to the Companies Registry of Hong Kong on, and effective as of, 28 February 2023 (and as may be further amended, modified or supplemented from time to time). All Shareholders are entitled to the benefit of, are bound by and are deemed to have notice of the provisions of the Instrument.

Indemnities of the Manager

Subject to the Instrument, the Company agrees to indemnify the Manager all actions, proceedings, claims, costs, demands, and expenses which may be brought against suffered or incurred by the Manager by reason of its performance or non-performance of its obligations or functions under the terms of the Management Agreement (other than due to fraud, bad faith, wilful default or negligence on the part of the Manager or persons designated by it) including all legal professional and other expenses incurred by the Manager or persons designated by it in the performance of its obligations or functions and including indemnity obligations owed by the Manager to persons designated by it (except such as shall arise from fraud, bad faith, wilful default or negligence in the performance or non-performance of such obligations or functions).

No provision of the Instrument or the Management Agreement shall be construed as (i) providing any exemption of any liability of the Manager to the Shareholders imposed under Hong Kong law or breaches of trust through fraud or negligence, nor may the Manager be indemnified against such liability by Shareholders or at the Shareholders' expense, or (ii) diminishing or exempting the Manager from any of its duties and liabilities under applicable Laws and Regulations, and no provision shall have the effect of providing any of such exemption or indemnity.

Indemnities of the Custodian

The Custodian shall not be liable for payment to the Company of any amount in respect of any breach of the Custody Agreement except for payments in respect of the relevant party's direct damages resulting from breach of the Custody Agreement by reason of the negligence, intentional failure or fraud of the Custodian. Direct damages shall include the relevant party's reasonable legal fees and disbursements. For the avoidance of doubt, the Custodian shall be liable for the acts and omissions of its agents or sub-custodians in relation to the Company.

Under the Custody Agreement, without prejudice to any indemnity to which the Custodian may otherwise be entitled under applicable law, the Company agrees to (1) indemnify the Custodian for all losses, costs, damages, taxes and expenses (including reasonable legal fees and disbursements) (each a “**Loss**”) incurred by the Custodian (directly or payable to its agents or sub-custodians) arising in connection with the failure of the Company to perform any of its obligations under the Custody Agreement or arising from or in connection with the Custodian’s appointment or performance under the Custody Agreement; and (2) defend and hold the Custodian harmless from or in connection with any Loss imposed on, incurred by, or asserted against the Custodian (directly or through any of its agents or sub-custodians) or otherwise arising in connection with or arising out of any claim, action or proceeding by any third party, except any Loss resulting from the Custodian’s failure to satisfy its obligation of reasonable care, skill and diligence as provided in the Custody Agreement or the failure of any agent to satisfy the same standard of care, or any Loss for which the Custodian is liable under the Applicable Laws and Regulations (as defined in the Custody Agreement), in each case except any Loss resulting from negligence, fraud or wilful default of the Custodian.

Nothing in the Custody Agreement excludes or restricts the liability to the Company which the Custodian may have under the SFO.

No provision of the Instrument or the Custody Agreement shall be construed as (i) providing any exemption of any liability of the Custodian to the Shareholders under Hong Kong law, nor may the Custodian be indemnified against such liability by Shareholders or at the Shareholders’ expense, or (ii) diminishing or exempting the Custodian from any of its duties and liabilities under applicable Laws and Regulations, and no provision shall have the effect of providing any of such exemption or indemnity.

Modification of the Instrument

An amendment to the Instrument may be made to the extent permitted by the Laws and Regulations applicable to the Company and in accordance with the Instrument.

No alteration to the Instrument may be made unless:

- (a) the alteration has been approved by Shareholders by a special resolution (as defined in the Instrument); or
- (b) the Custodian certifies in writing that in its opinion the proposed alteration: (i) is necessary to make possible compliance with fiscal or other statutory, regulatory or official requirements; (ii) does not materially prejudice Shareholders’ interests, does not to any material extent release the Directors, the Manager, the Custodian or any other person from any liability to Shareholders and does not increase the costs and charges payable from the Scheme Property; or (iii) is necessary to correct a manifest error.

In all other cases involving any material changes, no alteration may be made except by a special resolution of Shareholders or the approval of the SFC. The Company shall provide written notice to Shareholders in respect of any alteration to this Instrument and any alteration to the Company generally in accordance with the Laws and Regulations applicable to the Company.

Shareholders and intending applicants are advised to consult the terms of the Instrument for further details.

Meetings of Shareholders

A Shareholder is entitled to appoint another person (whether a Shareholder or not) as a proxy to exercise all or any of the Shareholder’s rights to attend and to speak and vote at a general meeting of the Company.

HKSCC may appoint such person or persons as it thinks fit to act as its proxy or proxies or as its corporate representatives at any meeting of Shareholders.

Where the Shareholder is a recognised clearing house (within the meaning of the SFO) or its nominee(s), it may authorise such person or persons as it thinks fit to act as its representative(s) or proxy(ies) at any meetings of Shareholders or any meetings of any class of Shareholders in a Sub-Fund provided that, if more than one person is so authorised, the authorisation or proxy form must specify the number and class of Shares in respect of which each such person is so authorised. The person so authorised will be deemed to have been duly authorised without the need of producing any documents of title, notarised authorisation and/or further evidence for substantiating the facts that it is duly authorised and will be entitled to exercise the same power on behalf of the recognised clearing house as that clearing house or its nominee(s) could exercise if it were an individual Shareholder.

Voting Rights

Shareholders' meetings may be convened by the Directors or by Shareholders representing at least 10% of the Shares in issue, on not less than 21 calendar days' notice in respect of a meeting where a special resolution (as defined in the Instrument) is to be proposed and 14 calendar days' notice in respect of a meeting where an ordinary resolution (as defined in the Instrument) is to be proposed.

These meetings may be used to modify the terms of the Instrument, including removing the Manager or terminating a Sub-Fund at any time. Such amendments to the Instrument must be considered by Shareholders of at least 25% of the Shares in issue and passed by a 75% or more of the votes cast.

Other matters that require an ordinary resolution being passed would be considered by Shareholders of at least 10% of the Shares in issue and passed by a simple majority of more than 50% of the votes cast. If within half an hour from the time appointed for the meeting a quorum is not present, the meeting shall stand adjourned to such day and time not being less than 15 days thereafter and to such place as may be appointed by the chairman of the meeting. At such adjourned meeting, the Shareholders present in person or by proxy shall be a quorum. Notice of any adjourned meeting of Shareholders shall be given in the same manner as for an original meeting and such notice shall state that the Shareholders present at the adjourned meeting, whatever their number and the number of Shares held by them, will form a quorum.

The Instrument contains provisions for the holding of separate meetings of Shareholders holding Shares of different classes where only the interests of Shareholders of such class are affected.

Removal and Retirement of the Directors

A person ceases to be a Director if the person:

- (a) ceases to be a Director or is prohibited from being a Director under the applicable Laws and Regulations or under the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Chapter 32 of the Laws of Hong Kong);
- (b) becomes bankrupt or makes any arrangement or composition with the person's creditors generally;
- (c) becomes a mentally incapacitated person;
- (d) resigns from the office of Director by notice in writing of the resignation of not less than 28 days;
- (e) for more than 6 months has been absent without the Directors' permission from Directors' meetings held during that period;
- (f) upon the expiry of any period or notice period stated in an agreement for the provision of services between the Company and the Director or if such agreement is summarily terminated in accordance with its terms; or
- (g) is removed from the office of Director by an ordinary resolution (as defined in the Instrument).

Special notice (in accordance with the applicable Laws and Regulations) is required of a resolution to remove a Director or appoint a person in place of a Director so removed at the meeting at which the Director is removed.

Removal and Retirement of the Manager

Under the Management Agreement, the Manager must retire in the case of (a) below, and must be subject to removal by notice in writing from the Directors in the case of (b) to (e) below:

- (a) when it ceases to be eligible to be a Manager or is prohibited from being a Manager under the applicable Laws and Regulations, or when the SFC withdraws its approval of the Manager;
- (b) when it goes into liquidation, becomes bankrupt or has a receiver appointed over its assets;
- (c) when for good and sufficient reason, the Directors state in writing that a change in the Manager is desirable in the interests of the Shareholders;
- (d) if the Manager commits any material breach of its obligations under the Management Agreement and (if such breach shall be capable of remedy) fails within thirty days of receipt of notice served by the Company requiring it so to do to make good such breach; or
- (e) if any law is passed which renders it illegal or, in the opinion of the Directors, impracticable or inadvisable for the Manager to continue to manage the assets of the Company or the Sub-Funds.

Subject to the requirement that the Manager may not retire or be removed or its appointment may not be terminated except upon the appointment of a new Manager approved by the SFC, the appointment of the Manager shall automatically terminate forthwith if the Manager becomes or is deemed to become resident for tax purposes or carry on business in any jurisdiction (other than in any place or places as may from time to time be approved by the Directors for such purpose) in circumstances which cause the Company to become liable to pay any taxes which it would not otherwise be liable to pay.

The Manager shall be entitled to retire in favour of some other person considered by the Company to be suitably qualified and approved by the SFC, upon giving written notice to the Company in accordance with the Management Agreement and subject to such person entering into a management agreement similar to the Management Agreement.

In the event that the Manager shall retire or be removed or its appointment shall otherwise terminate, the Company shall appoint another corporation eligible under the Laws and Regulations (as defined in the Management Agreement) to act as the investment manager of an open-ended fund company which is approved by the SFC to be the investment manager of the Company in place of the Manager so retiring or being removed on or before the expiry of any period of notice of such retirement, removal or termination. The retirement or removal or termination of appointment of the Manager shall take effect at the same time as the new Manager takes up office.

Removal and Retirement of the Custodian

Under the Custody Agreement, the Custodian must retire in the case of (a) below, and must be subject to removal by notice in writing in the case of (b) and (c) below:

- (a) when it ceases to be eligible to be a Custodian or is prohibited from being a Custodian under applicable Laws and Regulations, or when the SFC withdraws its approval of the Custodian;
- (b) when it goes into liquidation, becomes bankrupt or has a receiver appointed over its assets; or
- (c) when for good and sufficient reason, the Directors state in writing that a change in the Custodian is desirable in the interests of the Shareholders.

In the event that the Custodian shall retire or be removed or its appointment shall otherwise terminate, the Company shall appoint another corporation eligible under the Laws and Regulations to act as a custodian of an OFC which is approved by the SFC to be the Custodian in place of the Custodian so retiring or being removed on or before the expiry of any period of notice of such retirement, removal or termination. The retirement or removal or termination of appointment of the Custodian should take effect at the same time as the new Custodian takes up office.

The Custodian may not retire or be removed or its appointment may not be terminated except upon the appointment of a new Custodian approved by the SFC.

Termination (otherwise than by winding up)

Without prejudice to any provision in the applicable Laws and Regulations by virtue of which the Company, or a Sub-Fund or a class of Shares may be terminated, the Company, a Sub-Fund or a class of Shares may be terminated, subject to and in accordance with the applicable Laws and Regulations, by the Directors in their absolute discretion if:

- (a) in the case of a Sub-Fund including classes therein, at any date or time the Net Asset Value of the relevant Sub-Fund is less than USD5,000,000 or its equivalent in the base currency of the Sub-Fund;
- (b) in the case of a class only, there are no Shareholders of such class in a Sub-Fund;
- (c) in the case of the Company, at any date or time the Net Asset Value of the Company is less than USD5,000,000 or its equivalent in the base currency of the Company;
- (d) any law shall be passed which renders it illegal or in the reasonable opinion of the Directors impracticable or inadvisable to continue the relevant Sub-Fund or the Company;
- (e) in the case of an Index Tracking Sub-Fund including classes therein, the Index is no longer available for benchmarking;
- (f) in the case of a Sub-Fund including Classes therein, if the Shares of the relevant Sub-Fund are no longer listed on the SEHK or any such other stock exchange from time to time determined by the Manager;
- (g) in the case of a Sub-Fund including classes therein, at any time, the relevant Sub-Fund ceases to have any Participating Dealer; or
- (h) in the case of a Sub-Fund including classes therein, at any time, the relevant Sub-Fund ceases to have any Market Maker.

The Directors shall give reasonable notice of termination of the Company, the relevant Sub-Fund, or the class of Shares (as the case may be) to the Shareholders in the Company, the relevant Sub-Fund or the class of Shares (as the case may be) in such manner and with such contents which are compliant with the applicable Laws and Regulations, and by such notice fix the date on which such termination is to take effect, provided that no less than one month's notice will be given to the relevant Shareholders in case of termination of the Company or a Sub-Fund. Shareholders' approval is not required to effect termination of the Company or a Sub-Fund.

With effect on and from the date as at which the Company or any Sub-Fund is to terminate:

- (a) no Shares of the relevant class or classes may be issued or sold by the Company;
- (b) the Manager shall on the instructions of the Directors realise all the assets then comprised in the relevant Sub-Fund;
- (c) distributions shall be made to the Shareholders of the relevant class or classes in proportion to their respective interests in the relevant Sub-Fund all net cash proceeds derived from the realisation of the relevant Sub-Fund and available for the purpose of such distribution, provided that the Custodian shall be entitled to retain out of any monies in its hands as part of the relevant Sub-Fund full provision for all costs, charges, expenses, claims and demands reasonably incurred by or on behalf of the Company, Directors, the Manager or the Custodian in connection with or arising out of the termination of the relevant Sub-Fund; and
- (d) any unclaimed proceeds or other monies held by the Custodian in the event of a termination may at the expiration of 12 calendar months from the date upon which the same became payable be paid into court, subject to the right of the Custodian to deduct therefrom any expenses it may incur in making such payment.

Every such distribution shall be made in such manner as the Directors shall at their reasonable discretion determine but shall be made only against the production of such evidence relating to the Shares of the relevant class or classes in respect of which the same is made and upon delivery of such form of request for payment as shall be reasonably required.

Winding Up

Subject to any other provisions applicable to the specific Sub-Fund set out in the relevant Appendix to this Prospectus, the rights of the Shareholders to participate in the property comprised in a Sub-Fund on a winding up of the Company or a Sub-Fund shall be proportionate to the proportionate interests in the Sub-Fund represented by the Shares which they hold.

If the Company or a Sub-Fund is wound up and a surplus remains after the payment of debts proved in the winding up, the liquidator:

- (a) may, with the required sanction of a special resolution (as defined in the Instrument) of the Company or Shareholders of the relevant Sub-Fund and any other sanction required by the Laws and Regulations, divide amongst the Shareholders the whole or any part of the assets of the Company or relevant Sub-Fund (whether they consist of property of the same kind or not) and may, for this purpose, set a value the liquidator thinks fair on any property to be so divided; and
- (b) may determine how the division is to be carried out between the Shareholders or different classes of Shareholders.

Distribution Policy

The Manager will adopt a distribution policy for each Sub-Fund as the Manager considers appropriate having regard to the Sub-Fund's net income, fees and costs. For each Sub-Fund, its distribution policy (including the currency of such distribution) will be set out in the relevant Appendix. Distributions will always depend on payments on Securities held by the relevant Sub-Fund which will in turn depend on factors beyond the control of the Manager including, general economic conditions, and the financial position and distribution policies of the relevant underlying entities. Unless otherwise specified in the relevant Appendix, no distribution will be paid out of capital and/or effectively out of capital of the Sub-Fund. There can be no assurance that such entities will declare or pay dividends or distributions.

Inspection of Documents

Copies of the following documents in respect of the Company and the Sub-Funds are available for inspection free of charge at all times during normal office hours at the offices of the Manager and copies thereof may be obtained from the Manager free of charge:

- (a) Instrument;
- (b) Management Agreement;
- (c) sub-management agreement(s) between the Manager and the Sub-Manager;
- (d) Custody Agreement;
- (e) Registrar Agreement;
- (f) Service Agreement;
- (g) Conversion Agency Agreement (if any);
- (h) Participation Agreement(s); and
- (i) the most recent annual financial statements of the Company and the Sub-Funds (if any) and the most recent interim financial statements of the Company and the Sub-Funds (if any).

Part XV of the SFO

Part XV of the SFO sets out the Hong Kong disclosure of interests' regime applicable to Hong Kong listed companies. The regime applies to open-ended fund companies whose Securities are listed on the SEHK. However the Company has made a Category 3 application to the SFC for exemption from Part XV of the SFO pursuant to section 309(2) thereof and the Guidelines for the Exemption of Listed Corporations and Other Persons from Part XV of the SFO (Disclosure of Interests). Consequently, Shareholders are not obliged to disclose their interest in the Company or in a Sub-Fund.

Anti-money Laundering Regulations

As part of the Manager's, the Company's, the Registrar's and the Participating Dealer's responsibility for the prevention of money laundering and to comply with all applicable laws to which the Manager, the Company, the Registrar, each Sub-Fund or the relevant Participating Dealer is subject, the Manager, the Company, the Registrar or the relevant Participating Dealer may require a detailed verification of an investor's identity and the source of payment of any applications for Shares at any time as they think appropriate. The Company may, to the extent permitted by law, delegate the maintenance of its anti-money laundering procedures to a third party service provider or agent. Depending on the circumstances of each application, a detailed verification by the Manager, the Registrar, or the relevant Participating Dealer might not be required where:

- (a) the investor makes the payment from an account held in the investor's name at a recognised financial institution; or
- (b) the application is made through a recognised intermediary.

These exceptions apply only if the financial institution or intermediary is within a country recognised by and the Manager as having sufficient anti-money laundering regulations.

Delay or failure to provide with the required documents may result in delay or refusal of application or withholding of redemption proceeds. For the purpose of anti-money laundering and/or counter-terrorist financing, the Manager may compulsorily redeem the Shares held by any Shareholder.

The Manager may, to the extent permitted by law, share, for the purposes of combating money laundering and terrorist financing, the information in connection with the Shareholders with its affiliates.

Certification for Compliance with FATCA or Other Applicable Laws

Each Shareholder (i) will be required to, upon demand by the Company or its agent, provide any form, certification or other information reasonably requested by and acceptable to the Company or its agent that is necessary for the Company or a Sub-Fund (a) to prevent withholding (including, without limitation, any withholding taxes required under FATCA) or qualify for a reduced rate or exemption of withholding or backup withholding in any jurisdiction from or through which the Company or a Sub-Fund receives payments and/or (b) to satisfy due diligence, reporting or other obligations under IRS Code and the United States Treasury Regulations promulgated under the IRS Code, or to satisfy any obligations relating to any applicable law, regulation or any agreement with any tax or fiscal authority in any jurisdiction (ii) will update or replace such form, certification or other information in accordance with its terms or subsequent amendments or when such form, certificate or other information is no longer valid, and (iii) will otherwise comply with any reporting obligations imposed by the United States, Hong Kong or any other jurisdictions, including reporting obligations that may be imposed by future legislation.

Power to Disclose Information to Authorities

Subject to applicable Laws and Regulations in Hong Kong, the Manager, the Company or any of their authorised person (as permissible under applicable law or regulation) may be required to report or disclose to any government agency, regulatory authority or tax or competent authority in any jurisdictions (including but not limited to the IRS and the Inland Revenue Department of Hong Kong ("IRD")), certain information in relation to a Shareholder, including but not limited to the Shareholder's name, address, jurisdiction of birth, date of birth, tax residence, tax identification number (if any),

and certain information relating to the Shareholder's holdings, account balance/value, and income or sale or redemption proceeds, to enable the Sub-Fund to comply with any applicable law or regulation or any agreement with the relevant competent authority (including, but not limited to, any applicable law (including any law, rule and requirement relating to AEOI (as defined below)), regulation or agreement under FATCA).

Liquidity Risk Management

The Manager has established a liquidity management policy which enables it to identify, monitor and manage the liquidity risks of each Sub-Fund and to ensure that the liquidity profile of the investments of the relevant Sub-Fund will facilitate compliance with such Sub-Fund's obligation to meet redemption requests. Such policy, combined with the liquidity management tools of the Manager, also seeks to achieve fair treatment of Shareholders and safeguard the interests of remaining Shareholders in case of sizeable redemptions.

The Manager's liquidity policy takes into account the investment strategy, the liquidity profile, the redemption policy, the dealing frequency, the ability to enforce redemption limitations and the fair valuation policies of each Sub-Fund. These measures seek to ensure fair treatment and transparency for all investors.

The liquidity management policy involves monitoring the profile of investments held by each Sub-Fund on an on-going basis to ensure that such investments are appropriate to the redemption policy as stated under the section headed "**CREATIONS AND REDEMPTIONS (PRIMARY MARKET)**", and will facilitate compliance with each Sub-Fund's obligation to meet redemption requests. Further, the liquidity management policy includes details on periodic stress testing carried out by the Manager to manage the liquidity risk of each Sub-Fund under normal and exceptional market conditions.

As a liquidity risk management tool, the Manager may limit the number of Shares of a Sub-Fund redeemed on any Dealing Day to Shares representing 10% (or such higher percentage as the Manager may determine in respect of the Sub-Fund) of the total Net Asset Value of Shares in such a Sub-Fund then in issue (subject to the conditions under the heading entitled "**Deferred Redemption**" in the section headed "**CREATIONS AND REDEMPTIONS (PRIMARY MARKET)**").

Index Licence Agreements (applicable to Index Tracking Sub-Funds only)

Please refer to the relevant Appendix for details in respect of each Index.

Material Changes to an Index (applicable to Index Tracking Sub-Funds only)

The SFC should be consulted on any events that may affect the acceptability of an Index. Significant events relating to an Index will be notified to the Shareholders of the relevant Index Tracking Sub-Fund as soon as practicable. These may include a change in the methodology/rules for compiling or calculating the Index, or a change in the objective or characteristics of the Index.

Replacement of an Index (applicable to Index Tracking Sub-Funds only)

The Manager reserves the right, with the prior approval of the SFC and provided that in its opinion the interests of the Shareholders of the relevant Index Tracking Sub-Fund would not be adversely affected, to replace an Index with another index in accordance with the provisions of the UT Code and the Instrument. The circumstances under which any such replacement might occur include but are not limited to the following events:

- (a) the relevant Index ceasing to exist;
- (b) the licence to use the Index being terminated;
- (c) a new index becoming available that supersedes the existing Index;
- (d) a new index becoming available that is regarded as the market standard for investors in the particular market and/or would be regarded as more beneficial to the Shareholders than the existing Index;

- (e) investing in the Securities and/or Futures Contracts comprised within the Index becomes difficult;
- (f) the Index Provider increasing its licence fees to a level considered too high by the Manager;
- (g) the quality (including accuracy and availability of the data) of the Index having in the opinion of the Manager, deteriorated;
- (h) a significant modification of the formula or calculation method of the Index rendering that index unacceptable in the opinion of the Manager; and
- (i) the instruments and techniques used for efficient portfolio management not being available.

The Manager may change the name of an Index Tracking Sub-Fund if the relevant Index changes or for any other reasons including if licence to use the Index is terminated. Any change to (i) the use by the relevant Index Tracking Sub-Fund of the Index and/or (ii) the name of the relevant Index Tracking Sub-Fund will be notified to investors.

Information Available on the Internet

The Manager will publish important news and information with respect to each Sub-Fund (including, for Index Tracking Sub-Funds, in respect of the relevant Index), in the English and Chinese languages (unless otherwise specified), on the following website <http://www.fubonETF.com.hk> (this website has not been reviewed or approved by the SFC) and, where applicable, HKEX's website www.hkex.com.hk including:

- (a) this Prospectus and the KFS in respect of the Sub-Fund(s) (as revised from time to time);
- (b) the latest audited annual and unaudited interim financial reports of the Company and the Sub-Fund(s) (in English only);
- (c) any public announcements made by the Manager in respect of the Sub-Fund(s), including information in relation to the Sub-Fund(s) and (where applicable) the Index of the Sub-Fund(s), notices of the suspension of the creation and redemption of Shares, the suspension of the calculation of Net Asset Value, changes in fees and charges and the suspension and resumption of trading of Shares;
- (d) any notices relating to material changes to the Sub-Fund(s) that may have an impact on its investors, including notices for material alterations or additions to this Prospectus and KFS of the Sub-Fund(s) or the constitutive documents of the Company and/or a Sub-Fund;
- (e) the near real time indicative Net Asset Value per Share of each Sub-Fund in each trading currency of the Sub-Fund (updated every 15 seconds throughout each dealing day) during normal trading hours on the SEHK;
- (f) the last Net Asset Value of each Sub-Fund in the relevant base currency and the last Net Asset Value per Share of each Sub-Fund in the relevant base currency and each trading currency of the Sub-Fund (updated on a daily basis on each Dealing Day);
- (g) the past performance information of each Sub-Fund;
- (h) (if applicable) the tracking difference and tracking error of each Index Tracking Sub-Fund;
- (i) the full portfolio composition of each Sub-Fund (updated on a monthly basis within one month of the end of each month);
- (j) the latest list of the Participating Dealers and Market Makers for each Sub-Fund; and
- (k) (if applicable) the composition of the distributions (i.e. the relative amounts paid out of (i) net distributable income, and (ii) capital), if any, for the last 12 months.

For the Fubon NYSE FactSet Asia Battery and Energy Storage Technology Index ETF, the near real-time indicative Net Asset Value per Share in HKD is indicative and for reference purposes only. The near real-time indicative Net Asset Value per Share in HKD uses a real-time USD:HKD foreign exchange rate – it is calculated using the near real-time indicative Net Asset Value per Share in USD multiplied by a real-time USD:HKD foreign exchange rate provided by Bloomberg when the SEHK is opened for trading. The near real-time indicative Net Asset Value per Share in HKD is updated every 15 seconds throughout the SEHK trading hours.

The last Net Asset Value per Share of the Fubon NYSE FactSet Asia Battery and Energy Storage Technology Index ETF in HKD is indicative and for reference purposes only and is calculated using the last Net Asset Value per Share in USD multiplied by an assumed foreign exchange rate using the USD:HKD exchange rate quoted by Reuters at 3:00 p.m. (Hong Kong time) as of the same Dealing Day when the SEHK is open for trading.

For Index Tracking Sub-Funds, real-time updates about the relevant Index can be obtained through other financial data vendors. Investors should obtain additional and the latest updated information about the relevant Index (including without limitation, a description of the way in which the Index is calculated, any change in the composition of the relevant Index, any change in the method for compiling and calculating the relevant Index) via the Manager's website at <http://www.fubonETF.com.hk> (this website has not been reviewed by the SFC) and the relevant Index Provider's website. Please refer to the sub-section on "**Website Information**" for the warning and the disclaimer regarding information contained in such website.

Notices

All notices and communications to the Company, the Manager, the Sub-Manager and the Custodian should be made in writing and sent to the following addresses:

Website Information

The offer of the Shares is made solely on the basis of information contained in this Prospectus. All references in this Prospectus to other websites and sources where further information may be obtained are merely intended to assist you to access further information relating to the subject matter indicated and such information does not form part of this Prospectus. Neither the Company, the Manager, the Sub-Manager nor the Custodian accepts any responsibility for ensuring that the information contained in such other websites and sources, if available, is accurate, complete and/or up-to-date, and no liability is accepted by the Company, the Manager, the Sub-Manager and the Custodian in relation to any person's use of or reliance on the information contained in these other websites and sources save, in respect of the Manager, the Company's website <http://www.fubonETF.com.hk> (this website has not been reviewed by the SFC). The information and materials included in these websites have not been reviewed by the SFC or any regulatory body. You should exercise an appropriate degree of caution when assessing the value of such information.

Queries and complaints

Investors may contact the complaint officer of the Manager if they have any complaints or enquiries in respect of the Company or the Sub-Fund(s):

Address: Unit D, 19/F, Lee & Man Commercial Center, 169 Electric Road, Hong Kong

Telephone Number: +852 3918 3288

Depending on the subject matter of the complaints or enquiries, these will be dealt with either by the Manager directly, or referred to the relevant parties for further handling. The Manager will revert and address the investor's complaints and enquiries as soon as possible.

TAXATION

The following summary of taxation is of a general nature, for information purposes only, and is not intended to be an exhaustive list of all of the tax considerations that may be relevant to a decision to purchase, own, redeem or otherwise dispose of Shares. This summary does not constitute legal or tax advice and does not purport to deal with the tax consequences applicable to all categories of investors. Prospective investors should consult their own professional advisers as to the implications of their subscribing for, purchasing, holding, redeeming or disposing of Shares both under the laws and practice of Hong Kong and the laws and practice of their respective jurisdictions. The information below is based on the law and practice in force at the date of this Prospectus. The relevant laws, rules and practice relating to tax are subject to change and amendment (and such changes may be made on a retrospective basis). As such, there can be no guarantee that the summary provided below will continue to be applicable after the date of this Prospectus. Furthermore, tax laws can be subject to different interpretations and no assurance can be given that relevant tax authorities will not take a contrary position to the tax treatments described below. Investors should refer to additional summaries of applicable taxation, where appropriate, as set out in the Appendix relevant to a Sub-Fund.

Hong Kong

Taxation of the Company and Sub-Funds

As the Company and each Sub-Fund have been authorised as a collective investment scheme by the SFC under Section 104 of the SFO, profits of the Company and each Sub-Fund are exempt from Hong Kong profits tax pursuant to Section 26A(1A)(a) of the Inland Revenue Ordinance (“IRO”).

Taxation of the Shareholders

Where the Shareholders do not carry on a trade, profession or business in Hong Kong or the Shares in a Sub-Fund are held by the Shareholders as “capital assets” for Hong Kong profits tax purposes, gains arising from the sale or disposal or redemption of the Shares in the Sub-Fund should be capital in nature and not be taxable. For Shareholders carrying on a trade, profession or business in Hong Kong, such gains may be subject to Hong Kong profits tax (which is currently charged at the rate of 16.5% in the case of corporations, and 15% in the case of individuals and unincorporated business with, subject to certain conditions being met, the first HK\$2 million of assessable profits to be charged at 8.25% for corporations, and 7.5% for unincorporated businesses) if the gains in question arise in or are derived from such trade, profession or business and sourced in Hong Kong. Shareholders should take advice from their own professional advisers as to their particular tax position.

Distributions by the Company or a Sub-Fund should generally not be subject to Hong Kong profits tax in the hands of the Shareholders (whether by way of withholding or otherwise) according to the current law and practice of the Inland Revenue Department of Hong Kong (as at the date of this Prospectus).

There is no withholding tax on dividends and interest in Hong Kong.

Stamp Duty

For a transfer effected on or after 13 February 2015 executed for a transaction by which a Share of a Sub-Fund, as an exchange traded fund is transferred, stamp duty is waived pursuant to the Stamp Duty (Amendment) Ordinance 2015.

Mainland China

By investing in securities (including China A-Shares, shares listed on the ChiNext market and/or the STAR Board, exchange-traded funds and futures) issued by Mainland Chinese tax resident enterprises (i.e. companies incorporated in Mainland China or incorporated elsewhere but with their effective management located in Mainland China), the Company or the relevant Sub-Fund(s) may be subject to taxes in Mainland China.

Corporate Income Tax

If the Company or the relevant Sub-Fund is considered as a tax resident enterprise of Mainland China, it will be subject to corporate income tax (“**CIT**”) at 25% in Mainland China on its worldwide taxable income. If the Company or the relevant Sub-Fund is considered as a non-tax resident enterprise with a permanent establishment or place or establishment of business (“**PE**”) in Mainland China, the profits and gains attributable to that PE would be subject to CIT at 25%.

Under the CIT Law in Mainland China effective from 1 January 2008 and its implementation rules, a non-Mainland Chinese tax resident enterprise without a PE in Mainland China will generally be subject to withholding income tax (“**WIT**”) of 10% on its Mainland China-sourced income, including but not limited to passive income (e.g. dividends, interest, gains arising from transfer of assets).

The Manager and the Sub-Manager intend to manage and operate the Company or the relevant Sub-Fund(s) in such a manner that the Company or the relevant Sub-Fund(s) should not be treated as a tax resident enterprise of Mainland China or a non-Mainland Chinese tax resident enterprise with a PE in Mainland China for CIT purposes, although due to uncertainty in tax laws and practices in Mainland China, this result cannot be guaranteed.

(i) Interest

Unless a specific exemption is applicable, non-Mainland Chinese tax resident enterprises are subject to WIT in Mainland China on the payment of interests on debt instruments issued by Mainland Chinese tax resident enterprises. The general WIT rate applicable is 10%, unless exempt or reduced under an applicable double tax treaty and agreement by the Mainland Chinese tax authorities.

(ii) Dividend

Under the current CIT Law in Mainland China and its implementation rules, non-Mainland Chinese tax resident enterprises are subject to WIT in Mainland China on cash dividends and bonus distributions from Mainland Chinese tax resident enterprises. The general WIT rate applicable is 10%, unless exempt or reduced under an applicable double tax treaty and agreement by the Mainland Chinese tax authorities.

(iii) Capital Gain

Based on the CIT Law and its implementation rules, “income from the transfer of property” sourced from Mainland China by non-Mainland Chinese tax resident enterprises should be subject to 10% WIT in Mainland China unless exempt under an applicable tax treaty and agreement by the Mainland Chinese tax authorities.

The Ministry of Finance of the PRC, the State Taxation Administrator of the PRC (“**STA**”) and the CSRC jointly issued Caishui [2014] No. 81 – “The Circular on Issues Relating to the Tax Policy of the Pilot Inter-connected Mechanism for Trading on the Shanghai and Hong Kong Stock Market (“**Circular 81**”) and Caishui [2016] No. 127 – “The Circular on Issues Relating to the Tax Policy of the Pilot Inter-connected Mechanism for Trading on the Shenzhen and Hong Kong Stock Markets” (“**Circular 127**”) on 14 November 2014 and 5 November 2016 respectively, to clarify the taxation of the Stock Connect, in which capital gain realized by Hong Kong and overseas investors (including the Sub-Fund) from the transfer of China A-Shares via Stock Connect is temporarily exempt from WIT in Mainland China.

Currently, there is no specific tax regulation governing the tax treatment on capital gains derived from trading of stocks listed on ChiNext market and/or the STAR Board. Having said that, by reference to Circular 81 and Circular 127, it is reasonable to expect that capital gains derived from trading of stocks listed on ChiNext market and/or the STAR Board via Stock Connect shall be exempted from WIT. In practice, the collection of WIT on capital gains derived from trading of stocks listed on ChiNext market and/or the STAR Board has not been actively enforced by Mainland Chinese tax authorities.

Furthermore, there is no specific tax regulation governing the tax treatment on capital gains derived from trading of securities investment funds (e.g., exchange traded funds) or futures. In the absence of specific rules in this regard, the general tax provisions under the CIT Law in Mainland China should apply – such general tax provisions stipulate that a non-resident enterprise without a PE in Mainland China would generally be subject to WIT at the

rate of 10% on its Mainland China-sourced gains from the trading of Mainland Chinese securities, unless exempt under the tax laws and regulations in Mainland China or applicable double tax treaty or arrangement, if any. Pursuant to Article 7 of the Detailed Implementation Regulations of CIT Law in Mainland China, where the property concerned is a movable property, the source shall be determined according to the location of the enterprise, establishment or place which transfers the property. Although there is no written confirmation issued by the STA and local Mainland Chinese tax authorities to confirm the aforesaid taxing principle in Mainland China for investment securities funds or futures, in practice, the WIT collection on capital gain derived by investment securities funds or futures is not strictly enforced by Mainland Chinese tax authorities.

In light of the above and having consulted professional and independent tax advice, the Manager intends to make a provision of 10% on dividend from Mainland Chinese securities if the WIT is not withheld at source at the time when such income is received (where WIT is already held at source, no further provision will be made).

Furthermore, based on Circular 81 and Circular 127, no provision for gross realised or unrealised capital gains derived from trading of China A-Shares via the Stock Connect is made for the Sub-Fund(s). It should be noted that the WIT exemption under Circular 81 and Circular 127 is temporary. As such, when the Mainland Chinese authorities announce the expiry date of the exemption, the Manager may in the future need to make provision to reflect taxes payable, which may have a substantial negative impact on the Net Asset Value.

Given the possibility of the tax rules being changed or differently interpreted and the possibility of taxes being applied retrospectively, any provision for taxation made by the Manager in a given point in time may be excessive or inadequate to meet the tax liabilities in connection with investments made by the Company or the relevant Sub-Fund in Mainland China. Consequently, investors may be advantaged or disadvantaged depending on how any such gains or income will in fact be calculated or taxed, how the Manager provides for the tax and when investors subscribed and/or redeemed their holdings in/from the Company or the relevant Sub-Fund. If there is a change in the tax requirement or environment which results in an under-provision by the Manager of actual or potential tax liabilities, the existing investors and new investors will be disadvantaged as the Company or the relevant Sub-Fund will have to pay the difference between the Company or the relevant Sub-Fund's WIT provision and the taxation liabilities under the new regime. On the contrary, if there is a change in the tax requirement or environment which results in an over-provision by the Manager, the investors who have already redeemed the Shares under the old regime will be disadvantaged as they would have contributed to the over-provision. In this case the existing investors and the new investors will benefit as the difference between the Company or the relevant Sub-Fund's WIT provision and the taxation liabilities will be returned to the Company or the relevant Sub-Fund as assets thereof.

Upon any future resolution of the above-mentioned uncertainty or further changes to the tax law or policies, the Manager will, as soon as practicable, make relevant adjustments to the amount of tax provision (if any) as they consider necessary. The amount of any such tax provision will be disclosed in the accounts of the Company. It should also be noted that the actual applicable tax imposed by the Mainland Chinese tax authorities may be different and may change from time to time. There is a possibility of the rules being changed and taxes being applied retrospectively.

Value-added Tax ("VAT") and Other Surcharges

According to Caishui [2016] No. 36 ("**Circular 36**"), VAT at 6% shall be levied on the difference between the selling and buying prices of those marketable securities starting from 1 May 2016. However, based on Circular 81 and Circular 127, gains realised by Hong Kong market investors from the trading of China A-Shares through the Stock Connect are exempt from VAT since 1 May 2016.

There is no specific tax regulation governing the tax treatment on capital gains derived from trading of stocks listed on ChiNext market and/or the STAR Board. Having said that, by reference to Circular 36 and Circular 127, it is reasonable to expect that capital gains derived from trading of stocks listed on ChiNext market and/or the STAR Board via Stock Connect shall be exempted from VAT. In practice, the tax collection on VAT has not been actively enforced by Mainland Chinese tax authorities.

Furthermore, there is no specific tax regulation governing the tax treatment on capital gains derived from trading securities investment funds or futures. Despite "PRC marketable securities" under Circular 36 is not defined, the tax collection of VAT has not been strictly enforced by Mainland Chinese tax authorities on capital gain derived by trading of securities investment funds or futures.

Pursuant to Circular 36, bank deposit interest income is exempted from VAT. In practice, the VAT collection on deposit interest income derived from futures account has not been strictly enforced.

Dividend income or profit distributions on equity investment derived from Mainland China are not included in the taxable scope of VAT.

In addition, if VAT is applicable, urban construction and maintenance tax (“**UCMT**”) (currently at the rate ranging from 1% to 7%), educational surcharge (“**ES**”) (currently at the rate of 3%) and local educational surcharge (“**LES**”) (currently at the rate of 2%) are imposed based on the VAT liabilities. However, pursuant to the newly issued UCMT Law, effective from 1 September 2021, no UCMT would be levied on the VAT paid for the services in Mainland China by overseas parties to Mainland Chinese parties. Furthermore, Public Notice [2021] No.28 stipulates that the taxation basis of ES and LES are the same as that of the UCMT. In other words, if UCMT is exempted, the relevant ES and LES would also be exempted. Based on current practice of Shanghai No.3 branch tax authority, the collection of local surtaxes (including UCMT, ES and LES) from VAT paid on investment incomes derived by foreign investors has not been actively enforced. However, the implementation of the exemption may vary depending on the local practice.

Stamp Duty

Stamp duty under the laws in Mainland China generally applies to the execution and receipt of all taxable documents listed in the Stamp Duty Law in Mainland China. Stamp duty is generally imposed on the sale of Mainland China-listed shares (including those invested via Stock Connect) on the seller but not on the purchaser, at a rate of 0.1% of the sales consideration. The Company or the relevant Sub-Fund will be subject to this tax on each disposal of Mainland China-listed shares. No stamp duty is expected to be imposed on non-Mainland Chinese tax resident holders of government and corporate bonds, either upon issuance or upon a subsequent transfer of such bonds.

According to Circular 127, the borrowing and return of listed shares in relation to short-selling guaranteed by securities by Hong Kong and overseas investors through the Stock Connect is temporarily exempt from SD from 5 December 2016.

General

Non-Mainland Chinese tax resident Shareholders will not be subject to Mainland China tax on distributions received from the Company or the relevant Sub-Fund, or on gains derived from the disposal of Shares. Mainland Chinese tax resident Shareholders should seek their own tax advice on their tax position with regard to their investment in the Company or the relevant Sub-Fund.

There can be no guarantee that no new tax laws, regulations and practice in Mainland China specifically relating to the Stock Connect may be promulgated in the future and may be applied retrospectively. The promulgation of such new laws, regulations and practice may operate to the advantage or disadvantage of the Shareholders due to the Company or the relevant Sub-Fund’s investments in the Mainland Chinese market. A Sub-Fund could become subject to additional taxation that is not anticipated as at the date hereof or when the relevant investments are made, valued or disposed of. Any of those changes may reduce the income from, and/or the value of, the relevant investments in the Sub-Fund. Investors may be advantaged or disadvantaged depending upon the final tax liabilities, the level of provision and when they subscribed and/or redeemed their shares. Investors should seek their own tax advice on their tax position with regard to their investment in the Company and its Sub-Funds.

Automatic Exchange of Financial Account Information

The Inland Revenue (Amendment) (No.3) Ordinance (the “**Ordinance**”) came into effect on 30 June 2016. The Ordinance together with the later amendments is the legislative framework for the implementation in Hong Kong of the Standard for Automatic Exchange of Financial Account Information (“**AEOI**”). The AEOI comprise, among others, the model Competent Authority Agreement (“**CAA**”) and Common Reporting Standard (“**CRS**”). In addition, the IRD published guidance for financial institutions (“**FIs**”) on 9 September 2016 which is updated and amended from time to time to provide guidance to them for complying with the CRS obligations. The AEOI requires FIs in Hong Kong to obtain certain information and documentation relating to non-Hong Kong tax residents holding financial accounts with the FIs, and report the required information to the IRD for the purpose of automatic exchange. Generally, the information will be

reported and automatically exchanged in respect of account holders that are tax residents in a reportable jurisdiction(s) with which Hong Kong has a CAA in force; however, a Sub-Fund and/or its agents may further obtain information and/or documentation relating to the residents of other jurisdictions that are not resident in a reportable jurisdiction for CRS purposes in Hong Kong.

The Company is required to comply with the requirements of the Ordinance, which means that the Company and/or its agents shall obtain and provide to the IRD the required information relating to Shareholders. The Ordinance requires the Company to, amongst other things, (i) register the Company as a "Reporting Financial Institution" with the IRD to the extent the Company maintains reportable financial accounts; (ii) conduct due diligence on its account holders (i.e. Shareholders) in order to determine whether any of their relevant financial accounts are regarded as "Reportable Accounts" under the Ordinance; and (iii) report to the IRD the required information of such Reportable Accounts. The IRD is expected on an annual basis to exchange the required information reported to it to the competent authorities of the respective reportable jurisdictions. Broadly, AEOI requires that Hong Kong FIs should report on: (i) individuals or entities that are tax residents in a reportable jurisdiction; and (ii) certain entities controlled by individuals who are tax residents in such jurisdictions. Under the Ordinance, details of Shareholders, including but not limited to their name, place of birth, date of birth, address, tax residence, tax identification number(s) (if any), account number, account balance/value regarding their interest in the Company, and income or sale or redemption proceeds received from the Company, should be reported to the IRD and subsequently exchanged with competent authorities in the relevant jurisdictions.

By investing in a Sub-Fund and/or continuing to invest in a Sub-Fund, Shareholders acknowledge that they may be required to provide additional information or documents to the Company and/or its agents in order for the Company to comply with the Ordinance. A Shareholder's information (and information on controlling persons including beneficial owners, beneficiaries, direct or indirect shareholders or other persons associated with such Shareholders that are passive non-financial entities as defined under the Ordinance) may be exchanged by the IRD to the competent authorities in the relevant reportable jurisdictions.

Each Shareholder and prospective investor should consult its own professional tax advisor(s) on the administrative and substantive implications of AEOI on its current or proposed investment in the Sub-Fund(s).

FATCA and compliance with US withholding requirements

The US Hiring Incentives to Restore Employment Act was signed into US law in March 2010 and includes certain provisions commonly referred to as the "Foreign Account Tax Compliance Act" or "FATCA". Broadly, the FATCA provisions are set out in sections 1471 to 1474 of the US Internal Revenue Code of 1986, as amended (the "**Revenue Code**"), which impose a reporting regime on foreign financial institutions such as the Company and each Sub-Fund with respect to certain payments, including interest and dividends received. All such payments may be subject to FATCA withholding at a rate of 30%, unless the recipient of the payment satisfies certain requirements intended to enable the IRS to identify United States persons (within the meaning of the Revenue Code) ("**US persons**") with direct or indirect interests in such payment. To avoid such withholding on payments made to it, foreign financial institutions (including banks, brokers, custodians and investment funds) (an "**FFI**"), such as the Company and each Sub-Fund will be required to enter into an agreement (an "**FFI Agreement**") with the IRS to be treated as a participating FFI. Participating FFIs are required to identify all investors that are US persons and certain entities that are directly or indirectly owned by US persons and report certain information concerning such US persons to the IRS annually. The FFI Agreement will also generally require that a participating FFI deduct and withhold 30% from certain payments made by the participating FFI to investors who fail to cooperate with certain information requests made by the participating FFI or do not consent to FATCA reporting and disclosure to the IRS (referred to as "recalcitrant account holders") and may be required to close accounts of such account holders. Moreover, participating FFIs are required to deduct and withhold such payments made to investors that are themselves FFIs but are not compliant with FATCA.

FATCA withholding applies to payments of US source income, including US source dividends and interest, made after 30 June 2014. The 30% withholding may also apply to certain non-US source payments otherwise attributable to amounts that would be subject to FATCA withholding (also known as "foreign passthru payments") in the future. Unless an exemption applies, withholding agents (which includes participating FFIs) will generally be required to begin withholding withholdable payments made after 30 June 2014.

The United States and a number of other jurisdictions have entered into intergovernmental agreements (“IGAs”). The United States Department of the Treasury and Hong Kong have entered into an intergovernmental agreement (the “Hong Kong IGA”) based on the Model 2 arrangement (“Model 2 IGA”). The Model 2 IGA modifies the foregoing requirements but generally requires similar information to be disclosed to the IRS. Under the Hong Kong IGA, an FFI (including the Company and each Sub-Fund) will not be required to impose FATCA withholding at 30% on payments to recalcitrant account holders or close the accounts of such account holders (provided information regarding such account holders is reported to the IRS as required). Withholding may apply to withholdable payments covered by FATCA if the Company and each Sub-Fund cannot satisfy the applicable requirements and is determined to be non-FATCA compliant or if the Hong Kong government is found in breach of the terms of the agreed IGA.

The Company has been registered with the IRS as a reporting single FFI with Global Intermediary Identification Number RZUMC4.00010.SF.344. In order to protect Shareholders and avoid being subject to withholding under FATCA, it is the Company’s intention to endeavour to satisfy the requirements imposed under FATCA. Hence it is possible that this may require the Company and each Sub-Fund (through its agents or service providers) as far as legally permitted, to report information on the holdings or investment returns of any Shareholder to the IRS or the local authorities pursuant to the terms of the IGA (as the case may be), including certain Shareholders who fail to provide the information and documents required to identify their FATCA status, or who are non-FATCA compliant financial institutions or who fall within other categories specified in the FATCA provisions and regulations. As at the date of this Prospectus, all Shares are registered in the name of HKSCC Nominees Limited. HKSCC Nominees Limited has registered as a participating foreign financial institution.

Although the Company and each Sub-Fund will attempt to satisfy any obligations imposed by FATCA on them to avoid the imposition of FATCA withholding tax, no assurance can be given that the Company and each Sub-Fund will be able to fully satisfy these obligations. If any Sub-Fund becomes subject to a withholding tax as a result of FATCA, the Net Asset Value of such Sub-Fund may be adversely affected and such Sub-Fund and its Shareholders may suffer material loss.

The FATCA provisions are complex and their application is uncertain at this time. The above description is based in part on regulations, official guidance, the Hong Kong IGA and model IGAs, all of which are subject to change or may be implemented in a materially different form. Nothing in this section constitutes or purports to constitute tax advice and Shareholders should not rely on any information set out in this section for the purposes of making any investment decision, tax decision or otherwise. All Shareholders should therefore consult their own tax and professional advisors regarding the FATCA requirements, possible implications and related tax consequences with respect to their own situation. In particular, Shareholders who hold their Shares through intermediaries should confirm the FATCA compliance status of those intermediaries to ensure that they do not suffer the above mentioned withholding tax on their investment returns.

PART 2 – SPECIFIC INFORMATION RELATING TO EACH SUB-FUND

Part 2 of this Prospectus includes specific information relevant to each Sub-Fund established under the Company and listed on the SEHK. It is updated from time to time by the Manager. Information relating to each Sub-Fund is set out in a separate Appendix.

The information presented in each Appendix in this Part 2 should be read in conjunction with the information presented in Part 1 of this Prospectus. Where the information in any Appendix in this Part 2 conflicts with the information presented in Part 1, the information in the relevant Appendix in the Part 2 prevails. However, it is applicable to the specific Sub-Fund of the relevant Appendix only.

Defined terms used in each of the Appendices and which are not defined in this Part 2, bear the same meanings as in Part 1 of this Prospectus. References in each Appendix to “**Sub-Fund**” refer to the relevant Sub-Fund which is the subject of that Appendix. References in each Appendix to “**Index**”, if applicable, refer to the relevant Index details of which are set out in that Appendix.

APPENDIX 1 – FUBON NYSE FACTSET ASIA BATTERY AND ENERGY STORAGE TECHNOLOGY INDEX ETF

Key Information

Set out below is a summary of key information in respect of Fubon NYSE FactSet Asia Battery and Energy Storage Technology Index ETF (the “**Sub-Fund**”) which should be read together with the full text of this Appendix and the Prospectus.

Investment Objective	To provide investment results that, before deduction of fees and expenses, closely correspond to the performance of the Index
Index	NYSE FactSet Asia Battery and Energy Storage Technology Index (Net Total Return) (the “ Index ”)
Listing Date (SEHK)	25 April 2023
Exchange Listing	SEHK – Main Board
Stock Code	3405
Short Stock Name	FB ASIA EGY STR
Trading Board Lot Size	200 Shares
Base Currency	USD
Trading Currency	HKD
Distribution Policy	<p>The Manager has discretion as to whether or not the Sub-Fund will make any distribution of dividends, the frequency of distribution and amount of dividends. Where distribution is made, the Manager may distribute income to Shareholders having regard to the Sub-Fund’s net income after fees and costs. Further, the Manager may, at its discretion, pay distributions out of capital or out of gross income while all or part of the fees and expenses are charged to capital, resulting in an increase in distributable income for the payment of distributions and therefore, distributions may be paid effectively out of capital. However, there is no guarantee of regular distribution nor the amount being distributed (if any).</p> <p>All Shares will receive distributions in the base currency (USD) only.#</p>
Creation/Redemption Policy	Cash (USD) only
Application Share Size (only by or through Participating Dealers)	Minimum 100,000 Shares (or multiples thereof)
Dealing Deadline	11:00 a.m. (Hong Kong time) on the relevant Dealing Day, or such other time as the Manager in consultation with the Custodian may determine
Participating Dealer(s)^	<ul style="list-style-type: none"> • Citigroup Global Markets Asia Limited • Haitong International Securities Company Limited • Huatai Financial Holdings (Hong Kong) Limited • Mirae Asset Securities (HK) Limited • Valuable Capital Limited
Market Maker(s)^	<ul style="list-style-type: none"> • Flow Traders Hong Kong Limited
Management Fee	<p>Up to 1.00% per annum of the Net Asset Value accrued daily and calculated as at each Dealing Day, with the current rate being 0.80% per annum of the Net Asset Value accrued daily and calculated as at each Dealing Day.</p> <p>One week’s prior notice will be provided to investors if the management fee is increased up to and towards the maximum rate, and one month’s prior notice will be provided to investors if the management fee is increased beyond the maximum rate.</p>

Financial Year End	31 December each year (The first half-yearly unaudited reports and the first annual financial reports for the Sub-Fund will be for the period from the fund launch to the half year ending 30 June 2024 and the year ending 31 December 2023 respectively.)
Website	http://www.fubonetc.com.hk (this website has not been reviewed by the SFC)

[^] Please refer to the Manager's website set out above for the latest list of Participating Dealer(s) and Market Maker(s).

[#] In the event the relevant Shareholder has no USD account, the Shareholder may have to bear the fees and charges associated with the conversion of such distributions from USD into HKD or any other currency. Shareholders are advised to check with their brokers concerning arrangements for distributions and to consider the risk factor entitled "**USD Distributions Risk**" below.

Investment Objective

The investment objective of the Sub-Fund is to provide investment results that, before deduction of fees and expenses, closely correspond to the performance of the Index. There is no assurance that the Sub-Fund will achieve its investment objective.

Investment Strategy

In order to achieve the Sub-Fund's investment objective, the Manager and the Sub-Manager intend to primarily use a full replication strategy through investing directly in the Index constituents in substantially the same weightings in which they are included in the Index. The Manager and the Sub-Manager will only invest in Index constituents which are China A-Shares listed on the SSE and the SZSE (including those listed on the ChiNext market and/or the STAR Board) through the Stock Connect.

Where the adoption of a full replication strategy is not efficient or practicable or where the Manager and the Sub-Manager consider appropriate in the best interest of the Sub-Fund and the Shareholders, the Manager and the Sub-Manager may pursue a representative sampling strategy, and invest, directly or indirectly (for example, via investing not more than 10% of the Sub-Fund's Net Asset Value in other exchange traded funds), in a representative sample of the securities in the Index that collectively reflects the investment characteristics of the Index and aims to replicate its performance. The Sub-Fund, in using a representative sampling strategy, may or may not hold all of the Securities included in the Index, and may hold a portfolio of Securities which are not included in the Index, provided that these collectively feature a high correlation with the Index.

The Sub-Fund may switch between the full replication strategy and the representative sampling strategy without prior notice to Shareholders, in its absolute discretion, and as often as the Manager and the Sub-Manager believe is appropriate in order to achieve the investment objective of the Sub-Fund by tracking the Index as closely as possible to the benefit of Shareholders.

In pursuing a representative sampling strategy, the Manager and the Sub-Manager may cause the Sub-Fund to deviate from the Index weighting on the condition that the maximum deviation from the Index weighting of any constituent will not exceed 3 percentage points above or below such weighting.

If any non-constituent of the Index is held in the portfolio, for reasons other than Index rebalancing and Index related corporate action, to enhance transparency the Manager will disclose the name and weighting of such non-constituent securities on the Manager's website immediately after the purchase and it will be reported daily until its disposal.

The Manager and the Sub-Manager may also invest in FDIs such as futures with no more than 10% of the Sub-Fund's Net Asset Value for investment and hedging purposes.

The Manager and the Sub-Manager review the Securities held in the Sub-Fund's portfolio each Business Day. In order to minimize tracking error, the Manager and the Sub-Manager closely monitor factors such as any changes in the weighting of each Index Security in the Index, suspension, dividend distributions and the liquidity of the Sub-Fund's portfolio. The Manager and the Sub-Manager will also conduct adjustment on the portfolio of the Sub-Fund regularly, taking into account tracking error reports, the Index methodology and any rebalance notification of the Index.

Other Investments

The Manager and the Sub-Manager do not intend to engage in securities lending, sale and repurchase transactions and reverse repurchase transactions on behalf of the Sub-Fund. Other than pursuing a representative sampling strategy as disclosed above, the Manager and the Sub-Manager do not intend to invest in FDIs for any purpose.

The Sub-Fund's net derivative exposure may be up to 50% of the Sub-Fund's Net Asset Value.

The Index

This section is a brief overview of the Index. It contains a summary of the principal features of the Index and is not a complete description of the Index. As at the date of this Prospectus, the summary of the Index in this section is accurate and consistent with the complete description of the Index. Complete information on the Index appears in the website identified below. Such information may change from time to time and details of the changes will appear on that website.

General Information on the Index

The Index is a rules-based, modified float-adjusted market capitalization-weighted equity benchmark designed to track the performance of companies listed on selected Asian exchanges that derive majority (50% or more) of revenues from industries related to battery and energy storage technology, such as the manufacturing of batteries and related metal and chemical materials, technologies, and storage equipment in the battery value chain.

The Sub-Fund tracks the net total return version of the Index. A net total return index calculates the performance of the Index constituents on the basis that any dividends or distributions are reinvested after deduction of any taxes that may apply.

The Index was launched on 2 December 2022 and had a base level of 100.00 on 28 July 2017. As at 29 March 2024, it comprised 30 constituent stocks with market capitalisation of approximately USD 143.78 million.

Index Universe and Constituent Selection

The starting universe from which Index constituents are selected is comprised of the common stocks or global depositary receipts of companies that are listed on the following exchanges (collectively, the "Relevant Exchanges"):

Exchange		Country / Region
1.	SSE <i>(* only listed securities which are eligible for Northbound Trading under the Stock Connect)</i>	Mainland China
2.	SZSE <i>(* only listed securities which are eligible for Northbound Trading under the Stock Connect)</i>	Mainland China
3.	SEHK	Hong Kong
4.	Tokyo Stock Exchange	Japan
5.	Korea Exchange	Republic of Korea
6.	Singapore Exchange	Singapore
7.	Taiwan Stock Exchange	Taiwan
8.	Taipei Exchange <i>(* only securities listed on the Main Board of the Taipei Exchange are eligible for inclusion in the Index)</i>	Taiwan

Preferred securities that have characteristics resembling that of equity securities like common stocks are also included in the starting universe if they meet the listing exchange criteria.

To be considered for inclusion in the Index, securities must have:

- (i) a minimum security-level non-float adjusted market capitalisation of USD 100 million or greater; and
- (ii) a three-month average daily traded value (“**ADTV**”) of USD 1 million or greater on the third Friday of January, April, July and October, being the month in which quarterly Index reconstitutions take place (the “**Reference Date**”). If multiple share classes or listings qualify for a given company, then only the most liquid one based on the three-month ADTV is selected. However, if available, qualifying company listings on other exchanges would be prioritised for inclusion in the Index over listings on the SSE or SZSE, regardless of the three-month ADTV comparison.

Securities meeting the above requirements are selected for inclusion in the Index:

1. Securities that derive 50% or more of its revenues, in aggregate, from the following industries representing battery and energy storage manufacturers based on Revere Business Industry Classification System (“**RBICS**”) industry classification (“**Category 1 Industries**”) are identified:
 - Mixed Heavy-Duty and High-End Batteries Makers
 - Consumer Batteries Manufacturing
 - Heavy-Duty Industrial Batteries Manufacturing
 - Electric Vehicle Batteries Manufacturing
 - Traditional Vehicle Batteries Manufacturing
 - Backup, Emergency and Standby Power Products
 - Photovoltaic and Solar Cells and Systems Providers
 - Battery Charging Equipment Manufacturing
2. Securities that derive 50% or more revenues, in aggregate, from the following industries representing battery materials and technologies based on RBICS industry classification (“**Category 2 Industries**”) are identified:
 - Lithium Compounds Manufacturing
 - Lithium Ore Mining
3. Securities selected in Category 1 Industries and Categories 2 Industries above are ranked by their security-level non-float adjusted market capitalisation in descending order. The top 10 securities listed in each country or region (i.e. Mainland China, Hong Kong, Japan, Republic of Korea, Singapore and Taiwan) are identified.
4. Based on the securities identified in the step 3 above, the top 15 securities within Category 1 Industries and Category 2 Industries, as ranked by their security-level non-float adjusted market capitalisation in descending order, are selected for inclusion in the Index. If either category contains less than 15 securities, additional securities ranked 16th and lower from the other category are included until the target Index constituent count of 30 securities is met. However, if the total number of eligible securities from both categories continues to be less than 30 securities, then the largest securities based on security-level non-float adjusted market capitalisation that are ranked 11th or lower and listed in any country or region from step 3 above are selected until the target Index constituent count of 30 securities is met.

Index Calculation

The Index level is calculated based on the calculation methodology set out in the ICE Equity Index Methodology. The current Index level is calculated by dividing the current Index market capitalisation by the Index divisor. The divisor was set on the inception date of the Index to yield an Index level of 100.00. The divisor is updated as a result of corporate actions, reconstitutions, rebalances and any other composition changes.

The Index is calculated based on the following formula:

$$\text{Index(NTR)}_t = \frac{\sum_i P_{i,t} Q_{i,t}}{D_{ntr,t}}$$

Where:

$D_{ntr,t}$ = Net Total Return Index Divisor on Index Business Day t

$P_{i,t}$ = Price (in the Index Base Currency) of Index Constituent i on Index Business Day t

$Q_{i,t}$ = Shares of Index Constituent i on Index Business Day t

Where the **Index Divisor D_t** is calculated by the following formula:

$$D_{ntr,t} = \frac{\sum_i APC_{i,t} Q_{i,t}}{\text{Index(NTR)}_{t-1}}$$

Where:

$D_{ntr,t}$ = Net Total Return Index Divisor on Index Business Day t

$APC_{i,t}$ = Adjusted Previous Close Price (adjusted for net dividends going ex-dividend on Index Business Day t and corporate actions, and denominated in the Index Base Currency) of Index Constituent i on Index Business Day t

$Q_{i,t}$ = Shares of Index Constituent i on Index Business Day t

Index(NTR)_{t-1} = Net Total Return Index Level from Index Business Day t-1

The formula for the **Net Dividend** of an Index constituent is:

$$\text{Div}_{net,i,t} = \text{Div}_{gross,i,t} \times (1 - \text{WTR}_{i,t})$$

Where:

$\text{Div}_{net,i,t}$ = Net Dividend for Index Constituent i on Index Business Day t

$\text{Div}_{gross,i,t}$ = Gross Dividend for Index Constituent i on Index Business Day t

$\text{WTR}_{i,t}$ = Withholding Tax Rate being utilized for the respective country of incorporation for Index Constituent (i) on Index Business Day t

Details of the latest calculation methodology of the Index level and the schedule of applicable withholding tax rates can be found on the ICE Index Platform at indices.theice.com (this website has not been reviewed by the SFC). Withholding tax rates are based on a non-resident investor located in a country that does not benefit from double-taxation treaties.

Constituents and Index Weight Adjustment

The Index undergoes a reconstitution quarterly after the close of the fifth Index business day following the third Friday in January, April, July and October each year ("**Reconstitution Date**"). The announcement date for all reconstitutions is the Monday preceding the fourth Friday of the respective month.

At the quarterly Index reconstitutions, constituent weights are determined by dividing their individual security-level float adjusted market capitalisation by the total security-level float-adjusted market capitalisation of all constituents as of the Reference Date. These weights are then capped in the following order:

1. individual security weights are capped at 5%, with any excess amounts redistributed among the remaining securities on a pro-rata basis, subject to the 5% cap; and
2. the aggregate weight of constituents listed on the SSE, the SZSE and the SEHK is capped at 50%, with any excess amounts redistributed among the remaining securities on a pro-rata basis, subject to the 5% cap. Securities that are capped at 5% in step 1 above are not capped further here.

For details on other information relating to index reconstitution process, please refer to the Index methodology available at <https://indices.ice.com> (this website has not been reviewed by the SFC).

Index Governance

ICE Data Indices, LLC (“**IDI**”) is the Index Sponsor and the Index Administrator of the Index.

IDI is responsible for the day-to-day management of the Index in accordance with its rules, including retaining primary responsibility for all aspects of the Index determination process, including implementing appropriate governance and oversight, as required under the International Organization of Securities Commission’s Principles for Financial Benchmarks (the “**IOSCO Principles**”). The IDI Governance Committee is responsible for helping to ensure IDI’s overall compliance with the IOSCO Principles, by performing the oversight function which includes overseeing the development, design, issuance and operation of the indices, as well as reviewing the control framework. IDI is also responsible for decisions regarding the interpretation of these rules and the Governance Committee is responsible for reviewing all rule book modifications with respect to the Index to ensure that they are made objectively, without bias, and in accordance with applicable law and regulation and IDI’s policies and procedures. Consequently, all IDI and Governance Committee discussions and decisions are confidential until released to the public.

Rules and methodologies are reviewed periodically, in accordance with IDI’s policies and procedures, to ensure the Index continues to meet its objective. Any changes in rules and methodologies, along with their implementation dates, will be announced in accordance with its policies and procedures. IDI consults with stakeholders on proposed material changes that affect the Index prior to making such changes, in accordance with IDI’s consultation policy: https://www.theice.com/publicdocs/Consultation_Policy.pdf (this website has not been reviewed by the SFC).

Index Provider

The Index is compiled and managed by ICE Data Indices, LLC (the “**Index Provider**”).

The Manager and its Connected Persons are independent of the Index Provider.

Index Constituents

You can obtain the most updated list of the constituents of the Index and their respective weightings (updated after each quarterly reconstitution), the last closing level of the Index, additional information including the index methodology, news and announcements of the Index from the website of the Index Provider at <https://indices.ice.com> (this website has not been reviewed by the SFC).

Index Codes

Bloomberg Code: ICFSABEN (Net Total Return)

Reuters Code: .ICFSABEN

Index Licence Agreement

The Manager has been granted a limited, non-transferable and non-sublicensable licence pursuant to index licence agreement dated 1 July 2021, as amended by an amendment agreement dated 5 August 2021 and 2 December 2022 (the “**Licence Agreement**”) entered into between the Manager and the Index Provider, to use the Index and the Index data in connection with the Sub-Fund as permitted under the License Agreement, and to use and refer to the ICE Data designations and trademarks (the “**ICE Data Marks**”) in connection with the creation, listing, trading, marketing and promotion of the Sub-Fund.

The Licence Agreement is effective from 2 December 2022 and shall continue to remain in force as long as any order schedule (“**Schedule**”) remains in effect, unless terminated in accordance with the License Agreement. In respect of the Index and the Sub-Fund, the Schedule is subject to an initial term of 12 months from 2 December 2022, and can thereafter be automatically renewed for successive 1 year periods until such time that either the Manager or the Index Provider provides written to the other party of termination at least 180 days’ prior to the end of the current period.

The Licence Agreement may also be terminated on the occurrence of any of the circumstances as summarised below:

- (a) either party may terminate the Licence Agreement without notice if a petition in bankruptcy has been filed by or against the other party or the other party has made an assignment for the benefit of creditors, or a receiver has been appointed for the other party or any substantial portion of the other party’s property, or the other party takes action approving or makes an application for any of the above and any such proceeding is not dismissed within 30 days;
- (b) the Index Provider may terminate the licence for the Sub-Fund immediately in the event that the Manager does not launch and list the Sub-Fund within 1 year of the commencement date of the licence;
- (c) at any time during the term of the Licence Agreement, either party may give the other 60 days’ prior written notice of termination of the licence for the Sub-Fund, or the Licence Agreement in its entirety, if a party believes in good faith that damage or harm is occurring to the reputation or goodwill of that party by reason of its continued performance of the Licence Agreement;
- (d) the Index Provider may give the Manager 60 days’ prior written notice of termination if the Index Provider, at its sole discretion, determines that the Sub-Fund itself may damage the reputation of the Index;
- (e) in the case of breach of any of the material terms and conditions of the Licence Agreement by giving 60 days’ prior written notice of its intent to terminate, unless the breaching party corrects such breach within the notice period;
- (f) if the Manager or the Company discontinues use of the Index as a benchmark for the Sub-Fund or the Company liquidates or ceases operation, the Index licence will automatically terminate;
- (g) the Index Provider may terminate the Licence Agreement upon 60 days’ prior written notice to the Manager if (i) the Index Provider is informed of the final adoption of any legislation or regulation or the issuance of any interpretation that in the Index Provider’s reasonable judgment materially impairs the Index Provider’s ability to licence and provide the Index and the ICE Data Marks under the Licence Agreement in connection with the Sub-Fund; or (ii) any litigation or regulatory proceeding regarding the Sub-Fund is commenced and the Index Provider reasonably believes that such litigation or proceeding would have a material and adverse effect upon the ICE Data Marks or the Index or upon the ability of the Index Provider to perform under the Licence Agreement;
- (h) the Index Provider and its affiliates have the right to cease calculation and publication of the Index and, in such event, to terminate the licence for the Sub-Fund, provided that the Index Provider shall give the Manager at least 60 days’ written notice prior to such discontinuance (unless the act of a third party will cause this to occur in less than the above period, in which case with such lesser period of written notice as is reasonable under the circumstances). Where a replacement or substitute to the Index will be made available, the Manager shall have the option within 15 days after receiving such written notice from the Index Provider to notify the Index Provider in writing of its intent to use the replacement or substitute, or to terminate the licence for the Index;
- (i) to the extent the name of the Sub-Fund incorporates the name of the Index, if the Manager changes the name of the Sub-Fund in violation of the provisions in the Licence Agreement, the licence for the Sub-Fund shall automatically terminate;
- (j) in the event no Schedules remain in effect, either party may terminate the Licence Agreement, effective immediately, upon written notice to the other party.

The Offering Phases

Initial Offer Period

The Initial Offer Period in respect of the Shares has ended, and the Listing Date is 25 April 2023.

After Listing

“**After Listing**” commences on the Listing Date.

Dealings in the Shares on the SEHK commenced on the Listing Date, which is 25 April 2023.

All investors may buy and sell Shares in the secondary market on the SEHK. Participating Dealers (for themselves or for their clients) may apply for creation and redemption of Shares in the primary market in Application Share size, from 9:00 a.m. (Hong Kong time) to 11:00 a.m. (Hong Kong time) on each Dealing Day.

Exchange Listing and Trading (Secondary Market)

The Listing Committee of the SEHK has granted its approval for the listing of, and permission to deal in the Shares traded in HKD.

Shares are neither listed nor dealt on any other stock exchange and no application for such listing or permission to deal is being sought as at the date of this Prospectus. Application may be made in the future for a listing of Shares on one or more other stock exchanges. Investors' attention is drawn to the section entitled "**Exchange Listing and Trading (Secondary Market)**" in Part 1 of this Prospectus for further information.

Dealings on the SEHK in Shares traded in HKD are expected to begin on 25 April 2023.

Participating Dealers should note that they will not be able to sell or otherwise deal in the Shares on the SEHK until dealings begin on the SEHK.

Distribution Policy

The Manager has discretion as to whether or not the Sub-Fund will make any distribution, the frequency and amount of distribution. Where distribution is made, the Manager may distribute income to Shareholders having regard to the Sub-Fund's net income after fees and costs. Further, the Manager may, at its discretion, pay distributions out of capital or out of gross income while all or part of the fees and expenses are charged to capital, resulting in an increase in distributable income for the payment of distributions and therefore, distributions may be paid effectively out of capital. However, there is no guarantee of regular distribution nor the amount being distributed (if any).

Investors should note that payments of distributions out of capital amounts to a return or withdrawal of part of an investor's original investment or from any capital gains attributable to that original investment. Any distributions involving payment of distributions out of the Sub-Fund's capital may result in an immediate reduction in the Net Asset Value of the Sub-Fund and will reduce the capital available for future investment.

Details of the distribution declaration dates, distribution amounts and ex-dividend payment dates will be published on the Manager's website www.fubonetf.com.hk (this website has not been reviewed by the SFC).

The composition of the distributions (i.e. the relative amounts paid out of (i) net distributable income and (ii) capital) for the last 12 months are available by the Manager on request and also on the Manager's website www.fubonetf.com.hk (this website has not been reviewed by the SFC). All Shares will receive distributions in the base currency (USD) only.

Dealing Day, Business Day, and Valuation Point

The "**Business Day**" of the Sub-Fund means, unless the Manager otherwise determines, a day on which (a)(i) each of the Relevant Exchanges is open for normal trading; and (ii) the Northbound Trading Links under the Stock Connect are open for normal trading, and (b) the Index is compiled and published, or such other day or days as the Manager may agree from time to time provided that if on any such day, the period during which the relevant Market is open for normal trading is reduced as a result of a Number 8 Typhoon Signal or higher, Black Rainstorm warning or other similar event, such day shall not be a Business Day unless the Manager determines otherwise.

The "**Dealing Day**" of the Sub-Fund means each Business Day during the continuance of the Sub-Fund, and/or such other day or days as the Manager may from time to time determine.

The "**Valuation Point**" of the Sub-Fund means the official close of trading of the last relevant Market on which the Sub-Fund's investments are traded on each Dealing Day or as determined by the Manager from time to time provided that there shall always be a Valuation Point on each Dealing Day other than where there is a suspension of the creation and redemption of Shares.

Fees and Expenses

Management Fee

The Sub-Fund pays a Management Fee as a single flat fee, currently at 0.80% per annum of the Net Asset Value of the Sub-Fund.

The Management Fee may be increased up to the maximum rate of 1.00% per annum of the Net Asset Value of the Sub-Fund (the "**Maximum Management Fee Rate**"), on one week's notice to Shareholders.

In the event that such fee is to be increased beyond the Maximum Management Fee Rate, such increase will be subject to the SFC's approval and not less than one month's prior notice to Shareholders.

Sub-Manager Fee

The Sub-Manager will be reimbursed out of the Management Fee.

Custodian and Administration Fee

An aggregate fee of 0.09% per annum of the Net Asset Value of the Sub-Fund is payable to the Custodian and the Administrator, accrued daily and payable monthly in arrears, subject to a monthly minimum of USD3,000. In the event that the aggregate fee is to be increased beyond the aforesaid rate, such increase will be subject to the SFC's approval and not less than one month's prior notice to relevant Shareholders.

The Custodian and the Administrator are also entitled to receive various safekeeping, transaction and processing fees and other applicable fees as agreed with the Company from time to time and to be reimbursed by the relevant Sub-Fund for all out-of-pocket expenses (including sub-custody fees and expenses) properly incurred by the Custodian and/or the Administrator in the performance of their respective duties.

Transaction Fee Payable to the Custodian

The Participating Dealers pay USD500 per Application to the Custodian for the benefit of the Custodian. A Participating Dealer may pass on to the relevant investor such transaction fee payable to the Custodian.

Establishment Costs

Please refer to the sub-section "**Establishment Costs**" under the section of "**FEES AND CHARGES**" in Part 1 of this Prospectus on the establishment costs of the Sub-Fund.

Risk Factors Specific to the Sub-Fund

In addition to the risk factors presented in Part 1 of this Prospectus, the risk factors set forth below are also specific risks, in the opinion of the Manager, considered to be relevant and presently applicable specifically to the Sub-Fund.

Concentration risk

As the Index constituents concentrate in companies listed on Asian exchanges that are involved in battery and energy storage technology industry, the investment of the Sub-Fund may be similarly concentrated. The value of the Sub-Fund may be more volatile than that of a fund having a more diverse portfolio of investments. The value of the Sub-Fund may be more susceptible to adverse economic, political, policy, foreign exchange, liquidity, tax, legal or regulatory event affecting the Asian markets.

New index risk

The Index is a new index launched on 2 December 2022. The Sub-Fund may be riskier than other exchange traded funds tracking more established indices with longer operating history.

Battery and energy storage technology industry risk

The Sub-Fund invests in companies that are involved in the manufacturing of batteries and related material and chemical materials, technologies and storage equipment in the battery value chain, which may particularly be affected by the intense competition in such industry, the development of alternative sources of energy and the increasing demand for energy conservation. Specific factors which may cause the value of securities within the battery and energy storage technology sector to deteriorate include, but are not limited to:

- domestic and international competition pressures (including competition from subsidised foreign competitors with lower production costs);
- rapid obsolescence of products as a result of the fast-developing nature of the industry;
- economic performance of the customers of battery and energy storage technology companies which may in turn affect the growth and market outlook of the industry;
- capital equipment expenditures which could be substantial; and
- rapid obsolescence and potential shortages of raw materials or equipment which could result in an increase in prices of raw materials or equipment, longer delivery time of products or even production stoppage.

Companies in the battery and energy storage sector also typically rely on heavy and significant spending on research and development, and there is no guarantee that the products produced by these companies will materialise into commercially successful products.

Furthermore, the battery and energy storage sector may be subject to government intervention, sanctions and trade protectionism. Companies in the battery and energy storage sector may be highly dependent upon government subsidies and incentives (including but not limited to preferential tax treatments) and contracts with government entities, and may be negatively affected if such subsidies are reduced, such preferential tax treatments expires or are discontinued, or contracts are unavailable due to changes in government policies.

The success of companies in the battery and energy storage sector is typically dependent on the companies' ability to maintain relationships with their technology partners. If a company's relationship with a technology partner is impaired or terminated, the company may not be able to enter into a new technology alliance on a timely basis or on commercially favourable terms, which could result in significant additional cost or disruptions to its businesses.

The battery and energy storage sector is also characterised by cyclical market patterns and periodic overcapacity. Business conditions in this industry may change rapidly from periods of production shortages and strong demand to periods of weak demand. Any future downturn in the industry could harm the business and operating results of the companies in such industry.

Risk associated with small-capitalisation / mid-capitalisation companies

The Index may consist of shares of small-capitalisation / mid-capitalisation companies. The stock of such companies may have lower liquidity and their prices are more volatile to adverse economic developments than those of larger capitalisation companies in general.

Risks of investing in other exchange traded funds

Where the Manager and the Sub-Manager pursue a representative sampling strategy, the Sub-Fund may invest in a representative sample of the securities in the Index via other exchange traded funds, and the Sub-Fund may therefore be subject to the risks associated with such underlying funds. The Sub-Fund does not have control of the investments of the underlying funds and there is no assurance that the investment objective and strategy of the underlying funds will be successfully achieved which may have a negative impact to the Net Asset Value of the Sub-Fund.

The underlying funds in which the Sub-Fund may invest may not be authorised by the SFC. There may be additional costs involved when investing into these underlying funds. There is also no guarantee that the underlying funds will always have high trading volume and sufficient liquidity and the Sub-Fund may not be able to realise or liquidate its investment in such underlying funds at such time as it wants to.

Emerging market risk

The Sub-Fund invests in companies listed on the stock exchanges in Mainland China, Taiwan and Korea which are emerging markets. Investments in the Sub-Fund may therefore involve increased risks and special considerations not typically associated with investment in more developed markets. Please refer to the risk factor "**Emerging Market Risk**" under the sub-section headed "**General Investment Risks**" in the section headed "**RISK FACTORS**" in Part 1 of the Prospectus.

General risks associated with investments in Mainland China

Economic, political and social risks of Mainland China

Investing in the Mainland China market is subject to the risks of investing in emerging markets generally and the risks specific to the Mainland China market. Since 1978, the Mainland Chinese government has implemented economic reform measures which emphasise decentralisation and the utilisation of market forces in the development of the Chinese economy, moving from the previous planned economy system. However, the economy of Mainland China differs from the economies of most developed countries in many respects, including the level of government involvement, its state of development, its growth rate, control of foreign exchange, and allocation of resources. Many of the economic measures are experimental or unprecedented and may be subject to adjustment and modification. There can be no assurance that the Mainland Chinese government will continue to pursue such economic policies or, if it does, that those policies will continue to be successful. Any significant change in political, social or economic policies in Mainland China may have a negative impact on investments in the Mainland China market, as well as the underlying Securities of the Sub-Fund.

Political changes, social instability and adverse diplomatic developments in Mainland China could result in the imposition of additional government restrictions including expropriation of assets, confiscatory taxes or nationalisation of some or all of the property held by the underlying issuers of the Securities in the Sub-Fund's portfolio.

Restricted markets risk

The Sub-Fund may invest in Securities in respect of which the Mainland Chinese government imposes limitations or restrictions on foreign ownership or holdings. Such legal and regulatory restrictions or limitations may have adverse effects on the liquidity and performance of the Sub-Fund holdings as compared to the performance of the Index. This may increase the risk of tracking error and, at the worst, the Sub-Fund may not be able to achieve its investment objective.

Legal and regulatory risk

The regulatory and legal framework for capital markets and joint stock companies in Mainland China may not be as well developed as those of developed countries. Laws and regulations in Mainland China affecting securities markets are relatively new and evolving, and because of the limited volume of published cases and judicial interpretation and their non-binding nature, interpretation and enforcement of these regulations involve significant uncertainties. In addition, as the legal system in Mainland China develops, no assurance can be given that changes in such laws and regulations, their interpretation or their enforcement will not have a material adverse effect on their business operations.

Accounting and reporting standards risk

Accounting, auditing and financial reporting standards and practices applicable to Mainland China companies may be different to those standards and practices applicable to countries that have more developed financial markets. For example, there are differences in the valuation methods of properties and assets and in the requirements for disclosure of information to investors.

China A-Shares market risk

The China A-Shares market is undergoing developments. The existence of a liquid trading market for China A-Shares may depend on whether there is supply of, and demand for, such China A-Shares. The price at which securities may be purchased or sold by the Sub-Fund and the Net Asset Value of the Sub-Fund may be adversely affected if trading markets for China A-Shares are limited or absent. The China A-Shares market may be more volatile and unstable (for example, due to the risk of suspension of a particular stock or government intervention). High market volatility and potential settlement difficulties in the China A-Shares market may also result in significant fluctuations in the prices of the securities traded on such market and thereby may adversely affect the Net Asset Value of the Sub-Fund.

Securities exchanges in Mainland China typically have the right to suspend or limit trading in any security traded on the relevant exchange. The government or the regulators may also implement policies that may affect the financial markets. In particular, trading band limits are imposed by the stock exchanges in Mainland China on China A-Shares. Trading in any China A-Share security on the relevant stock exchange may be suspended if the trading price of the security has increased or decreased to the extent beyond the trading band limit. A suspension will render it impossible for the Manager to liquidate positions and can thereby expose the Sub-Fund to significant losses. Further, when the suspension is subsequently lifted, it may not be possible for the Manager to liquidate positions at a favourable price. The suspension in the China A-Shares market may also affect the dealings in the Sub-Fund and cause delay in payment of redemption proceeds to investors. All these may have a negative impact on the Sub-Fund.

Risks associated with the Stock Connect

The Sub-Fund's investments through the Stock Connect may be subject to the following risks.

Quota limitations

The Stock Connect is subject to quota limitations. In particular, the Stock Connect is subject to a daily quota which does not belong to the Sub-Fund and can only be utilised on a first-come-first-serve basis. Once the daily quota is exceeded, buy orders will be rejected (although investors will be permitted to sell their cross-boundary securities regardless of the quota balance). Therefore, quota limitations may restrict the Sub-Fund's ability to invest in Index Securities which are China A-Shares through the Stock Connect on a timely basis and as a result, the Sub-Fund's ability to access the China A-Shares market (and hence to effectively pursue its investment strategy) will be adversely affected.

Beneficial owner of the Stock Connect Securities

China A-Shares traded through Stock Connect are issued in scripless form, so the Sub-Fund will not hold any physical China A-Shares. HKSCC holds SSE Securities and SZSE Securities of all its participants through a "single nominee omnibus securities account" in its name registered with ChinaClear, the central securities depository in Mainland China. HKSCC holds the SSE Securities and SZSE Securities as a nominee holder on behalf of the Sub-Fund who is the beneficial owner of the SSE Securities and SZSE Securities. The Sub-Fund's title or interests in, and entitlements to SSE Securities and SZSE Securities (whether legal, equitable or otherwise) will therefore be subject to applicable requirements, including laws relating to any disclosure of interest requirement or foreign shareholding restriction. CCASS Rule 824 confirms that all proprietary interests in respect of China A-Shares held by HKSCC as nominee holder belong to CCASS participants or their clients (as the case may be). Also as set out in CCASS Rule 824, HKSCC is prepared to provide assistance to the beneficial owners of China A-Shares, where necessary, to provide certification to ChinaClear for the purpose of providing evidential proof of the CCASS participant's or its client's holding in China A-Shares; and to assist the CCASS participant or its client bringing the legal action in Mainland China in the manner as may be required under law in Mainland China, after having regard to its statutory duties and subject to such conditions as HKSCC may reasonably require (including payment of fees and costs upfront and indemnities to the satisfaction of HKSCC). In view of the uncertainties which may relate to such conditions, the Sub-Fund may encounter difficulties or delays in any action to enforce its rights.

Although the relevant CSRC regulations and ChinaClear rules generally provide for the concept of a "nominee holder" and recognise the Hong Kong and overseas investors (including the Sub-Fund) as the ultimate owners who would be recognised under the laws and regulations of Mainland China as having beneficial ownership in the China A-Shares traded via the Stock Connect, how an investor such as the Sub-Fund, as the beneficial owner of the China A-Shares, under the Stock Connect structure, exercises and enforces its rights over the China A-Shares in courts of Mainland China are to be tested.

Clearing and settlement risk

Trading in securities through the Stock Connect may be subject to clearing and settlement risk. HKSCC and ChinaClear have established the clearing links and each has become a participant of the other to facilitate clearing and settlement of cross-boundary trades. For cross-boundary trades initiated in a market, the clearing house of that market will on one hand clear and settle with its own clearing participants, and on the other hand undertake to fulfil the clearing and settlement obligations of its clearing participants with the counterparty clearing house.

As the national central counterparty of the Mainland Chinese securities market, ChinaClear operates a comprehensive network of clearing, settlement and stock holding infrastructure. ChinaClear has established a risk management framework and measures that are approved and supervised by the CSRC. The chances of ChinaClear default are considered to be remote. In the remote event of a ChinaClear default on its obligation to deliver securities / make payment, HKSCC's liabilities in SSE Securities and SZSE Securities under its market contracts with clearing participants will be limited to assisting clearing participants in pursuing their claims against ChinaClear. HKSCC will in good faith, seek recovery of the outstanding stocks and monies from ChinaClear through available legal channels or through ChinaClear's liquidation. In that event, the Sub-Fund may suffer delays in recovering its losses or may not be able to fully recover its losses from ChinaClear.

Suspension risk

Each of the SEHK, SSE and SZSE reserves the right to suspend trading if necessary for ensuring an orderly and fair market and that risks are managed prudently. Consent from the relevant regulator would be sought before a suspension is triggered. Where a suspension in the trading through the programme is effected, the Sub-Fund's ability to invest in China A-Shares or access the Mainland Chinese market through the programme will be adversely affected. In such event, the Sub-Fund's ability to achieve its investment objective could be negatively affected.

Differences in trading day

The Stock Connect only operates on days when both the Mainland China and Hong Kong markets are open for trading and when banks in both markets are open on the corresponding settlement days. So it is possible that there are occasions when it is a normal trading day for the Mainland China market but the Sub-Fund cannot carry out any China A-Shares trading via the Stock Connect. Due to the differences in trading days, the Sub-Fund may be subject to a risk of price fluctuations in China A-Shares on a day that the Mainland China market is open for trading but the Hong Kong market is close.

Restrictions on selling imposed by front-end monitoring

Apart from restrictions on buying (due to quota limitations), regulations in Mainland China impose certain restrictions on selling (i.e. requiring that there must be sufficient China A-Shares in the account before an investor sells any China A-Share); otherwise the SSE or SZSE will reject the sell order concerned. SEHK will carry out pre-trade checking on China A-Shares sell orders of its participants (i.e. the stock brokers) to ensure there is no over-selling.

If the Sub-Fund intends to sell certain China A-Shares it holds, it must transfer those China A-Shares to the respective accounts of its broker(s) before the market opens on the day of selling ("trading day"). If it fails to meet this deadline, it will not be able to sell those shares on the trading day. Because of this requirement, the Sub-Fund may not be able to dispose of its holdings of China A-Shares in a timely manner.

Operational risk

The Stock Connect is premised on the functioning of the operational systems of the relevant market participants and may be subject to operational risk due to these new information technology systems. Market participants are permitted to participate in this program subject to meeting certain information technology capability, risk management and other requirements as may be specified by the relevant exchange and/or clearing house.

The securities regimes and legal systems of the two markets differ significantly and market participants may need to address issues arising from the differences on an on-going basis. There is no assurance that the systems of the SEHK and market participants will function properly or will continue to be adapted to changes and developments in both markets. In the event that the relevant systems fail to function properly, trading in both markets through the program could be disrupted. The Sub-Fund's ability to access the China A-Shares market (and hence to pursue its investment strategy) may be adversely affected.

Regulatory risk

The current regulations relating to Stock Connect are untested and subject to continuous evolution, there is no certainty as to how they will be applied. In addition, the relevant regulations of the Stock Connect are subject to change which may have potential retrospective effect and there can be no assurance that the Stock Connect will not be abolished. New regulations may be issued from time to time by the regulators/stock exchanges in Mainland China and Hong Kong in connection with operations, legal enforcement and cross-border trades under the Stock Connect. The Sub-Fund may be adversely affected as a result of such changes.

Recalling of eligible stocks

A stock may be recalled from the scope of eligible stocks for trading via the Stock Connect, i.e. the stock can only be sold but restricted from being bought. This may adversely affect the investment portfolio or strategies of the Sub-Fund, for example, when the Manager wishes to purchase a stock which is recalled from the scope of eligible stocks.

No protection by China Securities Investor Protection Fund

Investment in SSE Securities and SZSE Securities via the Stock Connect is conducted through brokers, and is subject to the risks of default by such brokers in their obligations. The Sub-Fund's investments through northbound trading under the Stock Connect are not covered by the China Securities Investor Protection Fund in Mainland China since such trading is carried out through securities brokers in Hong Kong but not brokers in Mainland China. Therefore the Sub-Fund is exposed to the risks of default of the broker(s) it engages in its trading in China A-Shares through the Stock Connect.

Taxation risk

Investments in China A-Shares via the Stock Connect would fall under the tax regime in Mainland China. The STA has reaffirmed the application of normal Chinese stamp duty and a 10% withholding income tax, while the value-added tax and withholding income tax on capital gains are temporarily exempted for an unspecified period. The tax regime may change from time to time and the Sub-Fund is, thus, subject to such uncertainties in its tax liabilities in Mainland China. For further details on taxation Mainland China, please refer to sub-section "**Mainland China**" under the section headed "**TAXATION**" and the risk factor "**Mainland China tax risk**".

Risks associated with ChiNext market and/or STAR Board

Higher fluctuation on stock prices and liquidity risk

Listed companies on ChiNext market and/or STAR Board are usually of emerging nature with smaller operating scale. Listed companies on ChiNext market and STAR Board are subject to wider price fluctuation limits, and due to higher entry thresholds for investors may have limited liquidity, compared to other boards. Hence, companies listed on these boards are subject to higher fluctuation in stock prices and liquidity risks and have higher risks and turnover ratios than companies listed on the main board.

Over-valuation risk

Stocks listed on ChiNext and/or STAR Board may be overvalued and such exceptionally high valuation may not be sustainable. Stock price may be more susceptible to manipulation due to fewer circulating shares.

Differences in regulation

The rules and regulations regarding companies listed on the ChiNext market and STAR Board are less stringent in terms of profitability and share capital than those in the main boards.

Delisting risk

It may be more common and faster for companies listed on ChiNext market and/or STAR Board to delist. ChiNext market and STAR Board have stricter criteria for delisting compared to the main boards. This may have an adverse impact on the Sub-Fund if the companies that it invests in are delisted.

Concentration risk (applicable to STAR Board)

STAR Board is a newly established board and may have a limited number of listed companies during the initial stage. Investments in STAR Board may be concentrated in a small number of stocks and subject the Sub-Fund to higher concentration risk.

Investments in the ChiNext market and/or STAR Board may result in significant losses for the Sub-Fund and its Shareholders.

Mainland China tax risk

There are risks and uncertainties associated with the current tax laws, regulations and practice in Mainland China in respect of realised or unrealised capital gains, dividends or profit distributions derived by the Sub-Fund from investment via the Stock Connect on the Sub-Fund's investments in Mainland China (which may have retrospective effect). Any increase tax liabilities on the Sub-Fund may adversely affect the Sub-Fund's Net Asset Value.

Having consulted professional and independent tax advice, the Manager intends to make a provision of 10% on dividend from Mainland Chinese securities if WIT is not withheld at source at the time when such income is received (where WIT is already held at source, no further provision will be made).

Any shortfall between the provision and the actual tax liabilities, which will be debited from the Sub-Fund's assets, will adversely affect the Sub-Fund's Net Asset Value. The actual tax liabilities may be lower than the tax provision made. Depending on the timing of their subscriptions and/or redemptions, investors may be disadvantaged as a result of any shortfall of tax provision and will not have the right to claim any part of the overprovision (as the case may be).

RMB currency and conversion risks

RMB is currently not freely convertible and is subject to exchange controls and restrictions.

Non-RMB based investors are exposed to foreign exchange risk and there is no guarantee that the value of RMB against the investors' base currencies (for example HKD) will not depreciate. Any depreciation of RMB could adversely affect the value of investor's investment in the Sub-Fund.

Although offshore RMB ("CNH") and onshore RMB ("CNY") are the same currency, they trade at different rates. Any divergence between CNH and CNY may adversely impact investors.

Currency risk

Index constituents (and thus the assets of the Sub-Fund) may be denominated in currencies other than USD (the base currency of the Sub-Fund). The Sub-Fund is subject to transaction costs in the exchange of such other currencies to USD. The performance and the Net Asset Value of the Sub-Fund may therefore be affected unfavourably by movements in the exchange rate between USD and such other currencies and changes in exchange rate control policies.

USD distributions risk

Investors should note that, while the Shares will be traded in HKD, all Shares will receive distributions (if any) in USD only. In the event the relevant Shareholder has no USD account, the Shareholder may have to bear the fees and charges associated with the conversion of such distributions from USD into HKD or any other currency. Shareholders are advised to check with their brokers concerning arrangements for distributions.

Risks relating to the Index

The Sub-Fund may be subject to the following risks in relation to the Index:

1. If the Index is discontinued or the Manager's license from the Index Provider under the Licence Agreement is terminated, the Manager may seek the SFC's prior approval to replace the Index with an index that is tradable, acceptable to the SFC, and has similar objectives to the Index. Please refer to the sub-section "**Replacement of an Index**" under the section "**STATUTORY AND GENERAL INFORMATION**" in Part 1 of the Prospectus on the circumstances in which the Index may be replaced by the Manager. Such change shall be made in accordance with the provisions of the Instrument and with the prior approval of the SFC. For the avoidance of doubt, the provision of investment results that, before fees and expenses, closely correspond to the performance of an index will remain the Sub-Fund's investment objective.

The Manager has been granted a licence by the Index Provider to use the Index as a basis for determining the composition of the Sub-Fund and to use certain trade marks in the Index. The licence granted in respect of the Index and the Sub-Fund is for an initial term of 12 months commencing from 2 December 2022, and thereafter automatically renewed for successive 1 year periods until terminated pursuant to the agreement. There is no guarantee that the Licence Agreement will be perpetually renewed.

The Sub-Fund, may be terminated if the Index is discontinued and/or the Licence Agreement is terminated and the Manager is unable to identify or agree with any index provider terms for the use of a suitable replacement index, using, in the opinion of the Manager, the same or substantially similar formula for the method of calculation as used in calculating the Index and which meets the acceptability criteria under Chapter 8.6(e) of the UT Code. Any such replacement index will be subject to the prior approval of the SFC, and Shareholders will be duly notified of the same. Accordingly, investors should note that the ability of the Sub-Fund to track the Index may depend on the continuation in force of the Licence Agreement in respect of the Index or a suitable replacement.

The Manager and the Index Provider may by mutual agreement terminate or postpone the parties' obligations under the Licence Agreement upon the occurrence of a force majeure event such that the terms of the Licence Agreement can no longer be performed. There is no guarantee or assurance of exact or identical replication at any time of the performance of the relevant Index. Please refer to section "**Index Licence Agreement**" in this Appendix on the circumstances in which the Licence Agreement may be terminated.

2. There may be changes in the constituent securities of the Index from time to time. The Manager and the Sub-Manager may rebalance the composition of the portfolio of the Sub-Fund. The price of the Shares in the Sub-Fund may rise or fall as a result of these changes. Thus, an investment in Shares of the Sub-Fund will generally reflect the Index as its constituents change from time to time, and not necessarily the way it is comprised at the time of an investment in the Shares.

Reliance on the Index Provider risks

The Manager and/or the Sub-Manager will rely solely on the Index Provider for information as to the constituents of the Index. The process and the basis of computing and compiling the Index and any of its related formulae, constituent companies and factors may also be changed or altered by the Index Provider at any time without notice. There is also no warranty, representation or guarantee given to the investors as to the accuracy or completeness of the Index, its computation or any information related thereto.

Proprietary investment / seed money risk

The assets under management at any time during the life of the Sub-Fund may include proprietary money (or “seed money”) invested by one or more interested parties, such as participating dealers, and such investment may constitute a significant portion of such assets under management. Investors should be aware that such an interested party may (i) hedge any of its investments in whole or part, thereby reducing or removing its exposure to the performance of the Sub-Fund; and (ii) redeem its investment in the Sub-Fund at any time, without notice to Shareholders. Such an interested party is under no obligation to take the interests of other Shareholders into account when making its investment decisions. There is no assurance that any such monies will continue to be invested in the Sub-Fund by an interested party for any particular length of time. As many of the expenses of the Sub-Fund are fixed, a higher amount of assets under management may reduce the expenses of the Sub-Fund per Share and a lower amount of assets under management may increase the expenses of the Sub-Fund per Share. As with any other redemption representing a material portion of the Sub-Fund’s assets under management, a significant redemption of any such proprietary investment may affect the management and/or performance of the Sub-Fund and may, in certain circumstances (i) cause remaining investors’ holdings to represent a higher percentage of the Net Asset Value of the Sub-Fund, (ii) cause other investors in the Sub-Fund to redeem their investment, and/or (iii) lead the Manager, with the consultation of the Custodian, to determine that the Sub-Fund, has become unmanageable and to consider taking exceptional measures, such as terminating the Sub-Fund, in accordance with the Instrument, in which case Shareholders’ investments would be redeemed in their entirety.

Operating risk

There is no assurance that the performance of the Sub-Fund will be identical to the performance of the Index. The level of fees, taxes and expenses payable by the Sub-Fund will fluctuate in relation to the Net Asset Value. Although the amounts of certain ordinary expenses of the Sub-Fund can be estimated, the growth rate of the Sub-Fund, and hence its Net Asset Value, cannot be anticipated. Accordingly, no assurance can be given as to the performance of the Sub-Fund or the actual level of its expenses.

Under the terms of the Instrument and as summarised the sub-section “**Termination (otherwise than by winding up)**” under the section “**STATUTORY AND GENERAL INFORMATION**” in Part 1 of this Prospectus, the Manager may terminate the Sub-Fund. On the termination of the Sub-Fund, the Sub-Fund will be liquidated and investors will receive distributions of cash although the Manager has the power to decide to make distributions in specie.

Trading differences risk

Each of the Relevant Exchanges have different trading hours. Investors will not be able to purchase or sell the Sub-Fund’s Shares when the SEHK is not open for trading, even when the other Relevant Exchanges are open for trading and the value of the Securities comprised in the Index (and in turn, the value of the Index) may continue to change. Difference in trading hours between the SEHK (where the Sub-Fund’s Shares are traded) and the other Relevant Exchanges (where the underlying securities in the Index which are not listed on the SEHK are traded) may increase the level of premium/discount of the Share price to its Net Asset Value.

China A-Shares are subject to trading bands which restrict increase and decrease in the trading price. Shares listed on the SEHK are not. This difference may also increase the level of premium or discount of the Share price to its Net Asset Value.

Other risks

These include risks arising due to force majeure, such as war and natural disaster, and financial market crisis, industrial competition, agency default and other risks beyond the direct control of the Manager and the Sub-Manager.

Appendix dated 30 September 2024
